The Kings Sister A Novel Of Arthurian Britain:

Historic Figures of the Arthurian Era Frank D. Reno, 2015-07-11 The author has determined in an earlier McFarland book *The Historic King Arthur* 1996 paperback 2007 that there was not a historic King Arthur during the sixth century. However as listed in *The Historia Brittonum* there was a great king of all the kings of Britain named Ambrosius Aurelianus who was conflated with a heroic Arthur of the second century and hence with the legendary King Arthur. To further authenticate the Celtic Romano King Arthur that is Ambrosius the author here examines seven major historical figures of the period A D 383 500 based upon the Genealogical Preface of *The Anglo Saxon Chronicle* and the emendation of dates in that chronicle. Those seven allies and adversaries are Vortigern Vortimer Vitalinus Cunedda Cerdic Octha and Mordred. Through an extensive analysis of Arthur's 12 battles listed in the *Historia Brittonum* this work explores both the influences of the High King's allies and the shifting allegiances of his enemies. A battle list provides possible geographic locations for each of the battles including a new site for Arthur's fateful battle at Camlann. *The New Arthurian Encyclopedia* Norris J. Lacy, Geoffrey Ashe, Sandra Ness Ihle, Marianne E. Kalinke, Raymond H. Thompson, 2013-09-05 First published in 1996. Now updated with a new information packed 40 page Supplement covering the years 1990 1995 this unique Encyclopedia highlights the World of King Arthur from its origins in Dark Age Britain to the present day when Arthurian novels films and music continue to appear around the world at an astonishing rate. The Supplement which provides five full years of coverage not available anywhere else enhances the usefulness of more than 1 300 entries on all aspects of the Arthurian legend in literature history folklore archaeology art and music. Written by an international team of over 130 authorities no other work approaches this A Z guide to the legends of King Arthur and his knights of the Round Table for breadth and depth of coverage. This is the ultimate source for reliable information on topics as diverse as the Grail Tristan and Isolde Lancelot and Guenevere Arthurian operas the historicity of Arthur and more. *The King Arthur Mysteries* Timothy Venning, 2021-06-09 An up to date and comprehensive guide to the history of the Arthurian phenomenon the imaginary and historical world of the great British warlord and one of the huge historical mysteries of early and medieval Britain. The Arthurian story based on fact and fiction is central to Britain's creation myth and the concept of Britain's heroic past. This is a deeply researched and scholarly but essentially accessible history and analysis for general readers and specialists and based on an impressive array of sources including Romano British Anglo Saxon rare medieval English French and German sources and archaeology essential for modern historical research in early history. Modern and contemporary historiography is covered including debunking treatments. The study surveys King Arthur in fact and fiction his family knights and the legends that have grown up around them and developed to the enduring interest from history literature to TV and film. **Arthurian Figures of History and Legend** Frank D. Reno, 2014-01-10 This biographical dictionary separates myth from history by differentiating and defining figures associated with Arthuriana. Entries cover more than 400 legendary and historic figures and include

extensive cross referencing maps illustrations and photographs An appendix provides a comprehensive character index of Sir Thomas Malory's *Le Morte D Arthur* The Mammoth Book of King Arthur Mike Ashley, 2011-09-01 The most complete guide ever to the real Arthurian world and the legends that surround it He defeated the Saxons so decisively at the Battle of Badon that he held the Saxon invasion of Britain at bay for at least a generation He has inspired more stories books and films than any other historical or legendary figure But who was the real King Arthur Here is the most comprehensive guide to the real Arthurian world and the legends that surround and often obscure it Sifting fact from fancy Mike Ashley reveals the originals not only of King Arthur but also of Merlin Guinevere Lancelot and the knights of the Round Table as well as all the major Arthurian sites He traces each of the legends as they developed and brilliantly shows how they were later used to inspire major works of art poetry fiction and film There is clear evidence that The Arthurian legends arose from the exploits of not just one man but at least three originating in Wales Scotland and Brittany The true historical Arthur really existed and is distantly related to the present royal family The real Arthur and the real Merlin never knew each other The real Lancelot was not British but was closer to a sixth century asylum seeker The Holy Grail legend probably grew out of a cosmic catastrophe that could have destroyed most of civilization Munsey's Magazine ,1920 **Munsey's Magazine for ...** ,1920 The Cambridge Companion to Medieval Romance Roberta L. Krueger, 2000-06-22 This Companion presents fifteen original and engaging essays by leading scholars on one of the most influential genres of Western literature Chapters describe the origins of early verse romance in twelfth century French and Anglo Norman courts and analyze the evolution of verse and prose romance in France Germany England Italy and Spain throughout the Middle Ages The volume introduces a rich array of traditions and texts and offers fresh perspectives on the manuscript context of romance the relationship of romance to other genres popular romance in urban contexts romance as mirror of familiar and social tensions and the representation of courtly love chivalry other worlds and gender roles Together the essays demonstrate that European romances not only helped to promulgate the ideals of elite societies in formation but also held those values up for questioning An introduction a chronology and a bibliography of texts and translations complete this lively useful overview **The Arthurian Name Dictionary** Christopher W. Bruce, 1999 A comprehensive encyclopedia of characters places objects and themes found in the legends of King Arthur and the Knights of the Round table Draws from all significant source between Gildas De Excidio Britanniae written about 540 AD and Tennyson's 19th century Idylls of the King including versions from throughout Europe The entries range from a short identifying sentence to nearly ten pages for the king himself Each is referenced to a source which are presented in a endtable showing author and title date form and language description keywords from the entries and recent editions a vital bit of information such references usually neglect The cross referencing is fairly good often done as a full entry identifying a name as a variant of another so the lack of an index is not a problem Distributed in the US by Taylor and Francis Annotation copyrighted by Book News Inc Portland OR The Book of Awesome Women
