Walker Bynum, 2023-09-01 From the Introduction by Caroline Walker Bynum The opportunity to rethink and republish several of my early articles in combination with a new essay on the thirteenth century has led me to consider the continuity both of argument and of approach that underlies them In one sense their interrelationship is obvious The first two address a question that was more in the forefront of scholarship a dozen years ago than it is today the question of differences among religious orders These two essays set out a method of reading texts for imagery and borrowings as well as for spiritual teaching in order to determine whether individuals who live in different institutional settings hold differing assumptions about the significance of their lives The essays apply the method to the broader question of differences between regular canons and monks and the narrower question of differences between one kind of monk the Cistercians and other religious groups monastic and nonmonastic of the twelfth century The third essay draws on some of the themes of the first two particularly the discussion of canonical and Cistercian conceptions of the individual brother as example to suggest an interpretation of twelfth century religious life as concerned with the nature of groups as well as with affective expression The fourth essay again on Cistercian monks elaborates themes of the first three Its subsidiary goals are to provide further evidence on distinctively Cistercian attitudes and to elaborate the Cistercian ambivalence about vocation that I delineate in the essay on conceptions of community It also raises questions that have now become popular in nonacademic as well as academic circles what significance should we give to the increase of feminine imagery in twelfth century religious writing by males Can we learn anything about distinctively male or female spiritualities from this feminization of language The fifth essay differs from the others in turning to the thirteenth century rather than the twelfth to women rather than men to detailed analysis of many themes in a few thinkers rather than one theme in many writers it is nonetheless based on the conclusions of the earlier studies The sense of monastic vocation and of the priesthood of the authority of God and self and of the significance of gender that I find in the three great mystics of late thirteenth century Helfta can be understood only against the background of the growing twelfth and thirteenth century concern for evangelism and for an approachable God which are the basic themes of the first four essays Such connections between the essays will be clear to anyone who reads them There are however deeper methodological and interpretive continuities among them that I wish to underline here For these studies constitute a plea for an approach to medieval spirituality that is not now and perhaps has never been dominant in medieval scholarship They also provide an interpretation of the religious life of the high Middle Ages that runs against the grain of recent emphases on the emergence of lay spirituality I therefore propose to give as introduction both a discussion of recent approaches to medieval piety and a short sketch of the religious history of the twelfth and thirteenth centuries emphasizing those themes that are the context for my specific investigations I do not want to be misunderstood In providing here a discussion of approaches to and trends in medieval religion I am not claiming that the studies that follow constitute a general history nor that my method should replace that of social institutional and intellectual historians A handful of

Cistercians does not typify the twelfth century nor three nuns the thirteenth Religious imagery on which I concentrate does not tell us how people lived But because these essays approach texts in a way others have not done focus on imagery others have not found important and insist as others have not insisted on comparing groups to other groups e g comparing what is peculiarly male to what is female as well as vice versa I want to call attention to my approach to and my interpretation of the high Middle Ages in the hope of encouraging others to ask similar questions From the Introduction by Caroline Walker Bynum The opportunity to rethink and republish several of my early articles in combination with a new essay on the thirteenth century has led me to consider the continuity both of argument and of approach that un DK Eyewitness Travel Guide Paris DK Travel,2016-10-18 DK Eyewitness Travel Guide Paris is your in depth guide to the very best of Paris The Eiffel Tower and the Louvre are among the many must see sights in Paris but DK Eyewitness Travel Guide Paris will show you so much more Walk along the banks and bridges of the River Seine the tree lined Champs lys es and the intricate back streets of the Montmartre neighborhood with your guide in hand to really embrace the culture of the most glamorous and romantic city in Europe Discover DK Eyewitness Travel Guide Paris Detailed itineraries and don t miss destination highlights at a glance Illustrated cutaway 3 D drawings of important sights Floor plans and guided visitor information for major museums Guided walking tours local drink and dining specialties to try things to do and places to eat drink and shop by area Area maps marked with sights and restaurants Detailed city maps include street finder index for easy navigation Insights into history and culture to help you understand the stories behind the sights Suggested day trips and itineraries to explore beyond the city Hotel and restaurant listings highlight DK Choice special recommendations With hundreds of full color photographs hand drawn illustrations and custom maps that illuminate every page DK Eyewitness Travel Guide Paris truly shows you what others only tell you Publishers' circular and booksellers' record ,1885 *A Picasso Portfolio* Deborah Wye,2010 Published on the occasion of the exhibition Picasso Themes and Variations held at the Museum of Modern Art New York N Y Mar 24 Sept 6 2010 **Tragedies** William Shakespeare,1860 **Polyamory in Paris - 9 erotic romance stories** Lisa Vild,2021-12-02 James and Andrea are bored with their predictable sex life Both of them dream about excitement and pleasure but they have never talked about their fantasies with each other When they go to Paris they agree to be in an open relationship and for the first time in their life they get to live out their sexual fantasies with strangers Soon it becomes clear that what they thought they knew about each other might not be entirely true How well do you know someone after thirteen years together This compilation of short stories includes the following Workout buddies Always Faithful Lone Wolf Show Girl Sugar Girl Polyamory in Paris A passionate commute Camgirl The Christmas Calendar Lisa Vild is a pseudonym for a Swedish author of erotic short stories Her stories also have traits of romance Her stories are always centred around strong women and focused on their lust and pleasure as well as their personal development In her stories Lisa explores sensitive but tantalizing subjects to normalise sex and female desire *Farm Journal and Country Gentleman* ,1927 *Paris* Lisa
