The Land Out There A Scottish Land Anthology:

The Land Out There George Bruce, Frank Rennie, 1991 **Scottish Literary Journal**, 1993 **Soil and Soul** Alastair McIntosh, 2004-08-26 It is easy to feel helpless in the face of the torrent of information about environmental catastrophes taking place all over the world In this powerful and provocative book Scottish writer and campaigner Alastair McIntosh shows how it is still possible for individuals and communities to take on the might of corporate power and emerge victorious As a founder of the Isle of Eigg Trust McIntosh helped the beleaguered residents of Eigg to become the first Scottish community ever to clear their laird from his own estate And plans to turn a majestic Hebridean mountain into a superquarry were overturned after McIntosh persuaded a Native American warrior chief to visit the Isle of Harris and testify at the government inquiry This extraordinary book weaves together theology mythology economics ecology history poetics and politics as the author journeys towards a radical new philosophy of community spirit and place His daring and imaginative responses to the destruction of the natural world make *Soil and Soul* an uplifting inspirational and often richly humorous read **A Hairst O' Words** Hellen Matthews, 1991 Exploring Place in the Australian Landscape David S. Jones, 2022-08-30 This book offers an original framework on how to investigate understand and translate sense of place at a regional scale The book explores contemporary sense of place theory and practice drawing upon the Western District of Victoria in Australia being the Country of the White Cockatoo It offers a unique multi temporal and thematical analytical approach towards comprehending and mapping the values that underpin and determine strengths of human relationships and nuances to this landscape Included is a deep ethno ecological and cross cultural translation that takes the reader through both the Western understanding of sense of place as well as the Australian Aboriginal understanding of Country Both are different intellectual constructions of thoughts values and ideologies but which share numerous commonalities due to their archetypal meanings feelings and values transmitted to humans **Who Owns Scotland** Andy Wightman, 1996 This is a comprehensive account and analysis of landownership in Scotland Drawing on a wide range of sources it lists the owners of Scotland and analyzes the current pattern of landownership and how it has evolved over the centuries **The Ballad in Scottish History** Edward J. Cowan, 2000 This collection aims to investigate the value of the Scottish ballads for historians of the period from the middle ages to the early 20th century The role played by collectors such as Ramsay Burns Scott and Hogg is surveyed as are such themes as contemporaneity fairy belief the Border Ballads 19th century protest ballads and the songs of the 20th century travelling fraternity *Books in Scotland*, 1996 The Routledge Drama Anthology and Sourcebook Maggie B.
