## **The Land Unknown:**

THE LAND UNKNOWN László Görög, William N. Robson, 1957      The Land Unknown Gary Panter, 2011-01-01      Keep Watching the Skies! Bill Warren, 2017-01-12 Bill Warren's *Keep Watching the Skies* was originally published in two volumes in 1982 and 1986. It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film. In addition to a detailed plot synopsis, full cast and credit listings, and an overview of the critical reception of each film, Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making. The book contains 273 photographs, many rare, 35 in color, has seven useful appendices, and concludes with an enormous index. This book is also available in hardcover format. ISBN 978 0 7864 4230 0      *Blake and Tradition* Kathleen Raine, 2002 *Blake and Tradition* is an investigation of the sources of Blake's knowledge of the Neoplatonic and Hermetic tradition and allied currents of thought. The volumes contain what was then new information on Blake's vast fund of exact knowledge in these fields, and Kathleen Raine interprets his works in the light of the ideas that originally inspired and informed them. The core of this important work of scholarship formed the A. W. Mellon Lectures in the Fine Arts in 1962 at the National Gallery of Art in Washington. The expanded two-volume work was originally published by Routledge. Kegan Paul in 1969      **The Dinosaur Filmography** Mark F. Berry, 2015-08-31 From classics like *King Kong* to beloved B movies like *The Beast from 20,000 Fathoms* to blockbusters like *Jurassic Park*, it's easy to see that filmmakers and audiences alike love to see dinosaurs on the screen. This comprehensive filmography, arranged alphabetically by title, contains entries that include basic facts, year of release, country of origin, studio, and running time, followed by a concise plot summary, the author's critical commentary, information on the production, and the people behind it, and secrets of the often ingenious special effects. Three useful appendices feature films with minor dinosaur content, planned but unfinished dinosaur movies, and the quasi-dinosaurs of Toho Studios. To be included, a movie must depict one or more representations of a prehistoric reptile. Inaccurate portrayals are included as long as the intent is to represent a real or fictional dinosaur. Not eligible are films featuring prehistoric mammals, prehistoric humans or humanoids, and beasts of mythology, unless of course the movie also has a dinosaur      **Return of the B Science Fiction and Horror Heroes** Tom Weaver, 2000 The people who directed, produced, and starred in the scary and fantastic movies of the genre's heyday over thirty years ago created memorable experiences as well as memorable movies. This McFarland Classic brings together over fifty interviews with the directors, producers, actors, and make-up artists of science fiction and horror films of the 1940s, 1950s, and 1960s. From B movies to classics, Samuel Z. Arkoff to Acquanetta, these veteran vampire, swamp monster, and flying saucer attackees share their memories. This classic volume represents the union of two previous volumes, *Interviews with B Science Fiction and Horror Movie Makers*, more fun than the lovably cheap movies that inspired it. Booklist, RBB, and Science Fiction Stars and Horror Heroes candidly a must. ARBA Together at last, this combined collection of interviews offers a candid and delightful perspective.
