BOOK JACKET The Lute in the Netherlands in the Seventeenth Century Jan W.J. Burgers, Tim Crawford, Matthew Spring, 2016-08-17 The lute played a central role in the rich musical culture of the seventeenth century Golden Age of the Dutch Republic Like the piano in the nineteenth century the lute was not just a popular instrument for solo music making but was also used widely in ensembles and to accompany singers Though mainly an instrument of the social elite and the aristocracy it was also played by the numerous and prosperous burgher class The first part of the book deals with psalm settings for the lute the way professional lutenists coped with the harsh rules of the free market Leiden as a veritable international lute centre and the different types of lutes that can be reconstructed on the basis of the Dutch paintings of the period The second part of the book is dedicated to Constantijn Huygens 1596 1687 the well known poet and statesman and avid player of and composer for the lute The third and final section deals with Dutch sources of lute music printed as well as those in manuscript Taken together this volume provides a broad and many layered overview of the lute in the seventeenth century Collectively the articles will further the reader's understanding of the lute in its social and cultural context not only in the Netherlands but also on the wider European canvas

Victorian Songhunters E. David Gregory, 2006-04-13 Victorian Songhunters is a pioneering history of the rediscovery of vernacular song street songs that have entered oral tradition and have been passed from generation to generation in England during the late Georgian and Victorian eras In the nineteenth century there were four main types of vernacular song ballads folk lyrics occupational songs and national songs The discovery collecting editing and publishing of all four varieties are examined in the book and over seventy five selected examples are given for illustrative purposes Key concepts such as traditional balladry broadside balladry folksong and national song are analyzed as well as the complicated relationship between print and oral tradition and the different methodological approaches to ballad and song editing Organized chronologically Victorian Songhunters sketches the history of English song collecting from its beginnings in the mid seventeenth century focuses on the work of important individual collectors and editors such as William Chappell Francis J Child and John Broadwood examines the growth of regional collecting in various counties throughout England and demonstrates the considerable efforts of two important Victorian institutions the Percy Society and its successor the Ballad Society The appendixes contain discussions on interpreting songs an assessment of relevant secondary sources and a bibliography and alphabetical song list
