The Last Day:

The Events Of The Last Day Dr. Gordon Allen Stamper, 2023-05-03 Like the picture of the little sparrow you see here God is watching over you and cares for you He has plans for you Taken nearby Caesarea Phillippi at the foot of Mt Hermon in the Golan Heights Remember not to worry His eye is on you as on the Sparrow Yet not one of them is forgotten in God s sight Luke 12 6 The purpose of this book is to assist and help the reader strengthen his her faith and trust in Jesus Christ the author and finisher of all who have a simple and enduring love of God My hope is from your testing of the spirits you will see that God s organizational plan is perfect and is given for our edification and instruction His timeline to the end of days is right on track Like the sparrow God has a special plan for you as it is written For I know the plans I have for you declares the Lord plans to prosper you and not to harm you plans to give you hope and a future Jeremiah 29 11 If you know about Jeremiah it would seem as if our Lord had left him and had forsaken him But God was hidden in the background watching him like He watches the sparrow The reader is about to embark on an adventure with no doubt bumps along the road Please whenever a spot in this book hits hard against your traditions education or social surrounding just keep on reading to the end Trust in God As it is written In God I have put my trust I will not fear What can flesh do to me Psalm 56 4 Please enjoy your journey 2 **The Last Day, The Last Hour** Robert J. future with clear parallels to today's headlines in which the future of humanity lies in the hands of one woman a scientist who has stumbled upon a secret that the government will go to any lengths to keep hidden A world half in darkness A secret she must bring to light It is 2059 and the world has crashed Forty years ago a solar catastrophe began to slow the planet's rotation to a stop Now one half of the globe is permanently sunlit the other half trapped in an endless night The United States has colonized the southern half of Great Britain lucky enough to find itself in the narrow habitable region left between frozen darkness and scorching sunlight where both nations have managed to survive the ensuing chaos by isolating themselves from the rest of the world Ellen Hopper is a scientist living on a frostbitten rig in the cold Atlantic She wants nothing more to do with her country after its slide into casual violence and brutal authoritarianism Yet when two government officials arrive demanding she return to London to see her dying college mentor she accepts and begins to unravel a secret that threatens not only the nation's fragile balance but the future of the whole human race A tantalizing suspenseful odyssey of frustration deceit treachery torture hope despair and ingenious sleuthing Murray has so thoroughly thought through the ramifications of his conceit and conjured up such a dramatic plot and stellar cast of characters that he might have set a new standard for such tales The Washington Post
