**The Last Destroyer** Barry J. Foster,2002      Surface Warfare ,1984      **The United States at War** John C. Super,2005  
This two volume set offers compact surveys of the most important military conflicts in which the United States has been involved from the Revolutionary War through the Iraq War of 2003      **Countdown 1945** Chris Wallace,Mitch Weiss,2021-05-11 A behind the scenes account of the 116 days leading up to the Americans attack on Hiroshima Dust jacket flap      **All Hands** ,1984      **Kamikaze** Peter C. Smith,2014-11-28 In this brand new publication from eminent historian Peter C Smith we are regaled with the engaging and often incredibly disturbing history of the Kamikaze tradition in Japanese culture Tracing its history right back to the original Divine Wind major natural typhoons that saved Japan from invaders in ancient history Smith explores the subsequent resurrection of the cult of the warrior in the late nineteenth century He then follows this tradition through into the Second World War describing the many Kamikaze suicide attacks carried out by the Emperor s pilots against Allied naval vessels in the closing stages of the Pacific campaign These pilots were at the mercy of an overriding cultural tradition that demanded death over defeat capture or perceived shame Despite often being under trained and ill prepared psychologically for the sacrifices they were about to make they were nonetheless expected to make them The dedication of sacrifice for the Emperor and the Nation is explored by dissecting the traces left behind by these pilots Smith provides a detailed look at the heartbreak of the pilot s families and the men themselves the notes they left and the effects on those who did not share their philosophy The views of individuals under attack are also included in this balanced history Countless attacks carried out over the Philippine Islands including the sinking of the St Lo are analyzed and the Okinawa campaign is afforded particularly strong coverage with the sinking of HMAS Australia explored in detail The collective sacrifice is then summed up with reflections from survivors on both sides appraising events in a humane historical context A detailed appendices then follows featuring units formed sorties mounted ships sunk and damages inflicted

**Army, Navy, Air Force Journal & Register** ,1945      *At War With The Wind*: David Sears,2012-03-01 Drawing from hundreds of interviews with WWII veterans who survived Japan s terrifying kamikaze strikes acclaimed author and former U S Navy Officer David Sears vividly portrays what it was like to experience this tactic capturing the real life dramas behind America s first confrontation with the psychology and devastating impact of suicide warfare In the last days of World War II a new and baffling weapon terrorized the United States Navy in the Pacific To the sailors who learned to fear them the body crashing warriors of Japan were known as suiciders among the Japanese they were named for a divine wind that once saved the home islands from invasion Told from the perspective of the men who endured this horrifying tactic *At War with the Wind* is the first book to recount in nail biting detail what it was like to experience an attack by Japanese kamikazes Acclaimed author David Sears draws on personal interviews and unprecedented research to create a narrative of war that is stunning in its vividness and unforgettable in its revelations This is the candid story of a war within a war a relentless series of furious

and violent engagements pitting men determined to die against men determined to live Its echoes resonate hauntingly at a time of global conflict especially when suicide as a weapon remains a perplexing and terrifying reality Main Selection of the Military Book Club Featured Alternate of the History Book Club Running Past Fifty Gail Waesche Kislevitz,2018-10-09 Running brings joy and health benefits to all participants especially those of the baby boomer generation But when legs get sore joints feel achy and old age creeps up sometimes senior runners need a little extra motivation to get out of the door and on the road In Running Past Fifty lifelong runner Gail Waesche Kislevitz provides helpful tips and motivation from thirty six runners aged fifty or older Presenting time tested recommendations Kislevitz interviews some of the nation s greatest senior runners Included here are exclusive interviews with greats such as Ed Whitlock who at the age of eighty five set an age division world record of 3 56 in the marathon Bill Rodgers winner of four Boston Marathons and four New York City Marathons George Hirsch chairman of New York Road Runners Olympian and author Jeff Galloway world record holder Sid Howard and runner and women s pioneer runner and advocate Kathrine Switzer And legendary runners aren t the only ones running well into seniority Kislevitz also offers motivational stories from average runners who hit the pavement frequently and refuse to let their age stop them from competing regularly Baby boomer runners may be slower than they once were but they show no signs of slowing down Inspiring and insightful Running Past Fifty is the perfect read for every one of them

Army and Navy Journal ,1945 Who's who in Naval History Alastair Wilson,Joseph F. Callo,2004 This A Z guide covers the life and careers of over 600 key figures in naval history from the sixteenth century to the present day Featuring influential figures from the UK US and around the world from the great admirals such as Nelson to minesweepers designers and administrators it is an invaluable guide to those who have shaped naval history **Hell from the Heavens** John Wukovits,2015-04-07 From acclaimed historian John Wukovits the untold story of the USS Laffey and her crew who heroically withstood twenty two kamikaze attacks at Okinawa which the US Navy describes as one of the great sea epics of the war

**Blazing Star, Setting Sun** Jeffrey Cox,2020-06-25 From popular Pacific Theatre expert Jeffrey R Cox comes this insightful new history of the critical Guadalcanal and Solomons campaign at the height of World War II Cox s previous book Morning Star Rising Sun had found the US Navy at its absolute nadir and the fate of the Enterprise the last operational US aircraft carrier at this point in the war unknown This second volume completes the history of this crucial campaign combining detailed research with a novelist s flair for the dramatic to reveal exactly how despite missteps and misfortunes the tide of war finally turned By the end of February 1944 thanks to hard fought and costly American victories in the first and second naval battles of Guadalcanal the battle of Empress Augusta Bay and the battle of Cape St George the Japanese would no longer hold the materiel or skilled manpower advantage From this point on although the war was still a long way from being won the American star was unquestionably on the ascendant slowly but surely edging Japanese imperialism towards its sunset Jeffrey Cox s analysis and attention to detail of even the smallest events are second to none But what truly sets this

book apart is how he combines this microscopic attention to detail often unearthing new facts along the way with an engaging style that transports the reader to the heart of the story bringing the events on the deep blue of the Pacific vividly to life

Naval History ,2012      **USS Missouri** ,1998-06-01 A short history and many stories from veterans including photos      The Log ,1943-07      **Warship Boneyards** ,2001      **Linebackers of the Sea** Ray Lubeski,2010 Author Ray Lubeski served aboard the destroyer USS Harlan R Dickson DD 708 from 1955 to 1958 This history entitled Linebackers of the Sea covers American destroyers that fought in WWII and their heroic crewmen including many who died in battle The ships covered in this book generally duplicate those included in Robert Sinclair Parkin s 1995 history entitled Blood on the Sea American Destroyers Lost in World War II However Lubeski does not clarify the exact scope of his book since some destroyers lost in WWII e g Hull DD 350 Brownson DD 518 do not get included and other destroyers that fought but did not sink e g Hazelwood DD 531 Murphy DD 603 are included Most of the 75 destroyers and three other ships in this book have a separate chapter that covers each ship s history The first half of the book has ships that saw action in the Atlantic and the last half tells stories of ships in the Pacific The author writes that he obtained most destroyer histories from Wikipedia with supplements for some ships based on interviews of survivors or their relatives These firsthand accounts greatly enhance the histories but only about a third of the destroyers included in the book have personal stories and a few of these are quite short such as the following one from a survivor of USS Pringle DD 477 which sank after being hit by a kamikaze aircraft carrying a bomb on April 16 1945 p 151 World Wide Web      **Our Navy** ,1956      *The Jewish Veteran* ,1940
