Faustine instinctively knew her fight was over She was trapped between the Valencian mob and the charging Spanish army She dropped to her knees out of sheer exhaustion acutely aware of the Spaniard on the black mustang as he raised his gleaming jewel handled sword preparing to strike She closed her eyes tight feeling the warmth of the sun one last time against her tearstained face silently praying for the strength to remain brave through to the bitter end She felt a deep ache in her chest as her thoughts turned to her father He had given her the choice to tagalong on his military campaign bringing the two of them to Madrid She had been looking forward to spending the summer amid the city's romantic flare but the mood of the capital was far from friendly as the natives teetered on the verge of a momentous rebellion due to the French army's bold march across Spain turning the streets into a bloody arena At the first sign of trouble her father did not hesitate to send her out of harm's way that's how she ended up at the home of her great aunt who was a prominent resident of Valencia It was for that reason she feared her father would blame himself when he learned hundreds of French civilians had been massacred at the hands of the Valencian mob Yet there was no way he could have known that the Spanish Uprising would spread like wildfire across every region of Spain or bring about her premature demise as she stared into the face of death **The Last Hero** Linden A. Lewis, 2022-11-08 The flame of rebellion burns across the solar system in this dazzling conclusion to Linden A Lewis's stunning First Sister trilogy perfect for fans of *Red Rising* *The Handmaid's Tale* and *The Expanse* Astrid is finally free of the Sisterhood yet her name carries on She's called the Unchained by those she's inspired and the Heretic by those who

want her voiceless once more Now Astrid uses knowledge of the Sisterhood's inner workings against them aiding the moonborn in raids against abbeys and Cathedrals all the while exploring the mysteries of her forgotten past However the Sisterhood thrives under the newly appointed Mother Lilian I who's engaged in high stakes politics among the Warlords and the Aunts to rebuild the Sisterhood in her own image But the evil of the Sisterhood can't be purged with anything less than fire Meanwhile Hiro val Akira is a rebel without an army a Dagger without a Rapier As protests rock the streets of Cytherea Hiro moves in the shadows driven by grief and vengeance as they hunt the man responsible for all their pain their father Transformed by the Genekey virus Luce navigates the growing schism within the Asters on Ceres Hurting in her new body she works to bridge two worlds seemingly intent on mutual destruction All while mourning her fallen brother though Lito sol Lucius's memory may yet live on Yet Souji val Akira stands in judgment on them all plotting the future for all of humanity and running out of time before war erupts between the Icarii and Geans But can even the greatest human intellect outwit the Synthetics This sprawling queer space opera NPR trilogy comes to a sensational climax in this final installment and is a must read for science fiction fans everywhere      **The Local Preachers' Magazine and Christian Family Record** ,1863
