Pediatric Intensive Care Donald H. Shaffner, John J. McCloskey, Elizabeth A. Hunt, Robert C. Tasker, 2023-08-14 Long recognized as the leading text in this dynamic field Rogers Textbook of Pediatric Intensive Care provides comprehensive clear explanations of both the principles underlying pediatric critical care disease and trauma as well as how these principles are applied Led by Drs Donald H Shaffner John J McCloskey Elizabeth A Hunt and Robert C Tasker along with a team of 27 section editors as well as more than 250 expert global contributors the fully revised Sixth Edition brings you completely up to date on today's understanding treatments technologies and outcomes regarding critical illness in children Sweet Sleep La Leche League International, Diane Wiessinger, Diana West, Linda J. Smith, Teresa Pitman, 2014-07-29 Sweet Sleep is the first and most complete book on nights and naps for breastfeeding families It's mother wisdom reassurance and a how to guide for making sane and safe decisions on how and where your family sleeps backed by the latest research It's 4 A M You've nursed your baby five times throughout the night You're beyond exhausted But where can you breastfeed safely when you

might fall asleep You've heard that your bed is dangerous for babies Or is it Is there a way to reduce the risk Does life really have to be this hard No it doesn't Sweet Sleep is within reach This invaluable resource will help you sleep better tonight in under ten minutes with the Quick Start guide and sleep safer every night with the Safe Sleep Seven checklist sort out the facts and fictions of bedsharing and SIDS learn about normal sleep at every age and stage from newborn to new parent direct your baby toward longer sleep when he's ready tailor your approach to your baby's temperament uncover the hidden costs of sleep training and cry it out techniques navigate naps at home and daycare handle concerns from family friends and physicians enjoy stories and tips from mothers like you make the soundest sleep decisions for your family and your life Advance praise for Sweet Sleep Chock full of advice and information The editors smartly break the information into digestible bits organized by topics and age ranges And for any parent desperate for an uninterrupted few hours of sleep the advice is worth the read Sweet Sleep includes extensive information on creating a safe sleep space helping children learn to sleep on their own and defusing criticism of your family's choices This book is nothing but supportive of whatever your choices are about nursing and sleeping BookPage An essential guide for parents detailed practical advice on bed sharing and breast feeding with basic guidelines for safe bed sharing outlined in seven steps Publishers Weekly [Awakening and Sleep/Wake Cycle Across Development](#) Piero Salzarulo, Gianluca Ficca, 2002-05-29 Sleep and wakefulness undergo important changes with age Awakening a crucial event in the sleep wake rhythm is a transition implying complex physiological mechanisms Its involvement in sleep disturbances is also well known This collective volume is the first attempt to systematically approach awakening across development A methodological section considers criteria to define awakening in a developmental perspective Theoretical considerations on development of wakefulness and on its relation to consciousness are included and provide a vigorous impulse to go beyond present criteria and classifications Age changes are the core of studies on development a section of the book examines old and new data from preterm to infants up to children underscoring the main turning points along this developmental path As for other aspects of development awakening and the sleep wake cycle are also influenced by external factors both physical and human Several contributions deal with this topic in particular focusing on the parent infant interaction and the influences of culture Clinical contexts offer an opportunity to show both quantitative and qualitative changes of awakening and arousals in different pathological conditions Either partial changes of one physiological variable or global and massive changes can be observed Series B **The Origins, Prevention and Treatment of Infant Crying and Sleeping Problems** Ian St James-Roberts, 2013-07-03 Babies who cry a lot or are unsettled in the night are common sources of concern for parents and consequently costly problems for health services In this book Ian St James Roberts summarises the evidence concerning infant crying and sleeping problems to provide a new evidence based approach to these common challenges for parents and health services The book begins by distinguishing between infant and parental parts of the problems and provides guidelines for assessing each issue Topics covered include

the pros and cons of infant demand versus limit setting forms of parenting causes of infant colicky crying and night waking effects of night time separations on infant attachments interventions such as swaddling herbal remedies and controlled crying Since there is now firm evidence that parents vulnerabilities and cultural backgrounds affect how problems are defined and guidance is acted upon and that parents who wish to do so can reduce infant crying and unsettled night waking social factors are considered alongside medical issues Translating research evidence into practical tools and guidance The Origins Prevention and Treatment of Infant Crying and Sleeping Problems will be essential reading for a wide range of healthcare professionals including mental health staff social workers midwives health visitors community physicians and paediatricians

Sleep and Development Mona El-Sheikh,2011-02-22 Recent estimates indicate that 13% to 27% of children have sleep problems as reported by their parents Considering the profound impact that disrupted sleep can have on family functioning and processes it is critical that researchers and clinicians understand how to identify sources and contexts related to sleep disruptions and their consequences This book is the first to integrate knowledge and approaches from numerous disciplines to focus on the sleep and development of children across adjustment and cognitive domains

Rogers' Textbook of Pediatric Intensive Care Donald H. Shaffner,David G. Nichols,2015-07-29 Now in vibrant full color throughout Rogers Textbook of Pediatric Intensive Care 5th Edition continues its tradition of excellence as the gold standard in the field For more than 25 years readers have turned to this comprehensive resource for clear explanations of both the principles underlying pediatric critical care disease and trauma as well as how these principles are applied in clinical practice In the 5th Edition more than 250 global contributors bring you completely up to date on today s understanding treatments technologies and outcomes regarding critical illness in children

The Art of Conscious Parenting Jeffrey L. Fine,2009-09-28 A new approach to creating rediscovering and renewing the intimate bonds between parents and children Explains the importance of bonding with your child in utero and the physical and mental preparation needed even before conception Shows how green parenting breast feeding contact with nature and low tech creativity can enhance your child s life The Art of Conscious Parenting won the 2010 Gold Nautilus Award for the best Parenting Childcare book The Nautilus Awards recognize books that promote spiritual growth conscious living and positive social change while at the same time stimulating the imagination and offer the reader new possibilities for a better life and a better world Our first days and months of life are critical in forming the attitudes we bring into adulthood and in structuring the very roots of our personality Simple bonding techniques long forgotten in our modern world but stemming from the age old customs of indigenous peoples are at the core of a new model of conscious parenting that can produce happy and well adjusted children These practices also help parents experience an increased joy and intimacy both with their child and with each other Based on obstetric and psychological evidence Jeffrey and Dalit Fine reveal how bonding begins in utero and that the physical and mental preparation of both the father and mother even before conception sets the tone for the future well being of the child They

show how sustained physical contact and simple ways of consciously interacting with your infant eye contact with the newborn baby wearing instead of stroller use and co sleeping have an observable positive effect They also show that the green parenting practices of breast feeding contact with nature and simple low tech creative play not only provide a more hands on and intimate approach to parenting but also are more economical and environmentally sustainable From in utero bonding through the challenges and joys of consciously interacting with your growing child this book will help parents rediscover and apply the natural art of conscious parenting
