Ostroff, John W. Wright, 2023-05-31 This textbook describes the field of radio and television in the United States presents the material in a manner the reader can grasp and enjoy and makes the book useful for the classroom teacher Written for adaptation to individual teaching situations the book is divided by subject matter into logical chapter divisions that can be assigned in the order appropriate for specific course students Each chapter stands by itself but the book is also an integrated whole It is easy to understand at first reading by beginning radio television majors or nonmajor elective students alike To give readers a complete picture of the field subjects such as ethics careers and rivals to U S commercial radio and television are included

Media and Literacy Dennis Adams, Dennis M. Adams, Mary Hamm, 2006 *The President's Report to the Board of Regents for the Academic Year ... Financial Statement for the Fiscal Year* University of Michigan, 1974 Many Voices, One World International Commission for the Study of Communication Problems, 2004 Originally published in 1980 and now back in print Many Voices One World came out of hundreds of international studies and proposed reforms for global communication media to ensure a free flow of information Prepared by the distinguished MacBride Commission and frequently referred to as the MacBride Report it criticized corporate control of media flows and suggested ways to make media production accessible in poorer countries Beginning with the right of individuals and nations to communicate this report tackled problems related to government controls censorship one way flows of information cultural dominance and commercialization of the mass media It called for more voices more freedom of expression and the protection of journalists rights Still widely taught and cited the MacBride Report is a key work in the history of communication that continues to be relevant today Film and Video Intermediality Janna Houwen, 2017-07-13 In *Film and Video Intermediality* Janna Houwen innovatively rewrites the concept of medium specificity in order to answer the questions what is meant by video and what is meant by film How are these two media to be understood How can film and video be defined as distinct specific media In this era of mixed moving media it is vital to ask these questions precisely and especially on the media of video and film Mapping the specificity of film and video is indispensable in analyzing and understanding the many contemporary intermedial objects in which film and video are mixed or combined **Small Format Television Production** Ronald J. Compesi, Ronald E. Sherriffs, 1985-01-01 *Understanding the Global TV Format* Albert Moran, Justin Malbon, 2006-01-01 Recent years have seen an astonishing growth in the adaptation of program formats in television systems across the world Under the new market conditions of the multi channel cluster brought about by new technologies and increased privatization of service the adaptation of successful and popular TV formats from one place to another is occurring on an increasingly regular basis Hence the remaking of different national versions of Big Brother and Pop Idol are only part of what is going on In fact from

Chinese versions of Coronation Street and Sex and the City Indian and Indonesian remakes of Who Wants To Be A Millionaire program clones of Ground Force and other make over and renovation shows across Europe and the UK the present is the era of the global TV format But what exactly is a format After all programs have been copied and imitated since the beginnings of broadcasting In this the first book in the English language to systematically deal with the subject Albert Moran and Justin Malbon provide a valuable guide to the institutional cultural and legal dimensions of the format Now widely referred to although equally often misunderstood the TV format is a commodity of production finance distribution broadcasting and marketing knowledges that is facilitating the international reconfiguration of program making Understanding the Global TV Format thus addresses the different stages and issues of the business It tracks the steps whereby formats are devised developed and distributed Major companies are profiled as are the international markets and festivals at which trade occurs However there is also a great deal of piracy taking place so that the book is concerned with the control and regulation of format remaking Legal protection is often both the first and last recourse of parties and the authors examine the relevance of laws relating to such matters as copyright and contract
