Small States In And Outside The European Union Interests And Policies:

Small States Inside and Outside the European Union Laurent Goetschel, 2013-04-17 Small States in and outside the European Union offers a broad overview of the small states problematic in Europe It touches upon definition issues history security policy neutrality EU institutional aspects and also includes contributors from Central and Eastern European countries It presents a thorough analysis of different scenarios for EU institutional reform and their repercussions on the influence of small member states The comparative results are visualized in tables The work contains several contributions from practitioners who give insight into policy games and issues of national sensitivity not usually covered by purely scholarly publications The European environment has changed dramatically through the processes of regional integration and rising interdependence Relations between European states both inside and outside the EU are governed as never before by rules norms and fixed procedures The book investigates the consequences of these developments on the foreign and security policy of small states Academics and professionals from Austria Denmark Finland Ireland Lithuania Luxembourg Slovenia Sweden and Switzerland as well as from the European Commission and the Council of Ministers elaborate on these issues Institutional regulations and traditional power politics as well as the foreign and security policy traditions of the states concerned including the question of neutrality are investigated In addition the book identifies the main interests of small states in today s Europe and offers an overview of different strategies these states apply in the realm of foreign and security policy The book is interesting for the case studies it offers as well as for the reflections it contains regarding fundamental questions of the essence of statehood in today s Europe

Small States and EU Governance S. Bunse, 2009-03-26 Small States and EU Governance shows that the EU s rotating Council presidency and small states capacity to make use of it have been underestimated It examines the political objectives the presidency serves and presents a systematic and comparative assessment of its nature and influence in internal market and foreign policy issues

Small States of the European Union and Brexit Laura C. Ferreira-Pereira, 2024-06-28 This book seeks to offer a better understanding of the strategic responses to Brexit from ten small European Union EU member states Croatia Czech Republic Estonia Finland Ireland Latvia Lithuania Malta Portugal and Slovakia Inspired in an intersection of different streams of research it examines the extent and the ways Brexit has impacted these countries analysing their coping strategies to deal with the challenges raised by such a disruptive development as well as considering the implications of their reactions to Brexit for patterns of national foreign policy Europeanization In so doing this volume enhances the comprehension of smaller EU member states foreign and security policies offering a systematic and comparative analysis of how political and diplomatic elites in ten countries positioned themselves domestically and within the EU vis vis the Brexit process A combination of conceptual insights valuable empirical accounts and updated knowledge on contemporary issues from such interesting set of case studies provides room for debate on the comparability of the way s in which different small countries have approached their Brexit

strategies All these aspects are explored with respect to states that have been relatively neglected and underexplored in the small states literature This edited volume will be of great value to upper level students academics and researchers interested in European politics foreign policy and international relations The chapters in this book were originally published as a special issue of Journal of Contemporary European Studies *How Do Small States Affect the Future Development of the E.U.*

Moosung Lee,2006 The beginning of the 21st century witnessed an unprecedented expansion of the EU Since the majority of new member countries are small there is a conventional wisdom that the accession of these states has the potential to create challenges to the development of the enlarged EU This book attempts to argue that this view may not be the case

Military Neutrality of Small States in the Twenty-First Century Jelena Radoman,2021-08-28 This book explores the factors that account for military neutrality as a security strategy for small states Through comparing the cases of Serbia and Sweden who have both come to define their security policies in identical terms of military neutrality non alignment the book introduces a novel conceptual framework that is built against existing knowledge found in the small states and military neutrality literature Drawing on different theoretical frameworks the model explains why certain small states choose to stay outside of military alliances in the twenty first century The author then applies the new model to the two selected case studies **The Diplomacies of New Small States** Milan Jazbec,2017-05-15 Characterized by new research this much

needed investigation into the undeveloped field of the sociology of diplomacy offers important new conclusions and suggestions as well as many new ideas gained from practical diplomatic experience The book examines the establishment of diplomacies of the new small states that emerged in Europe after the fall of the Iron Curtain The sociological and organizational application is combined with concepts from the fields of international relations diplomatic studies security studies and international public law A systematic stringent approach to the subject matter makes this book a substantial contribution to the field suited to scholars diplomats students civil servants and journalists alike *Small States in*

International Relations Christine Ingebritsen,Iver Neumann,Sieglinde Gstöhl,2012-09-01 Smaller nations have a special place in the international system with a striking capacity to defy the expectations of most observers and many prominent theories of international relations This volume of classic essays highlights the ability of small states to counter power with superior commitment to rely on tightly knit domestic institutions with a shared ideology of social partnership and to set agendas as norm entrepreneurs The volume is organized around themes such as how and why small states defy expectations of realist approaches to the study of power the agenda setting capacity of smaller powers in international society and in regional governance structures such as the European Union and how small states and representatives from these societies play the role of norm entrepreneurs in world politics from the promotion of sustainable solutions to innovative humanitarian programs and policies **Small States in Europe** Robert Steinmetz,2016-04-01 The effects of recent institutional change within the

European Union on small states have often been overlooked This book offers an accessible coherent and informative analysis

of contemporary and future foreign policy challenges facing small states in Europe. Leading experts analyze the experiences of a number of small states including the Netherlands, the Czech Republic, Slovakia, Luxembourg, Cyprus, Iceland, Austria, and Switzerland. Each account, written to a common template, explores the challenges and opportunities faced by each state as a consequence of EU integration and how their behaviour regarding EU integration has been characterized. In particular, the contributors emphasize the importance of power politics, institutional dynamics, and lessons of the past. Innovative and sophisticated, the study draws on the relational understanding of small states to emphasize the implications of institutional change at the European level for the smaller states and to explain how the foreign and European policies of small states in the region are affected by the European Union.

Small States in the International System Neal G. Jesse, John R. Dreyer, 2016-06-16. This book addresses the little understood foreign policy choices of small states. It outlines a theoretical perspective of small states that starts from the assumption that small states are not just large states writ small. In essence, small states behave differently from larger and more powerful states. As such, this book compares three theories of foreign policy choice: realism and its emphasis on structural factors, domestic factors, and social constructivism emphasizing norms and identity across seven focused case studies from around the world in the 20th Century. Through an examination of the foreign policy choices of Switzerland, Ireland, Finland, Norway, the Netherlands, Belgium, Ethiopia, Somalia, Vietnam, Bolivia, and Paraguay, this book concludes that realist theories built on great power politics cannot adequately explain small state behavior in most instances. When small states are threatened by larger belligerent states, the small state behaves along the predictions of social constructivist theory; when small states threaten each other, they behave along realist predictions.

Small States, Russia and the West Eduard Abrahamyan, 2025-05-15. This book offers an in-depth investigation of the contemporary geopolitics of the Caucasus through a multi-level analysis of regional political transformations. It delves into the contrasting foreign policies of small states in the Caucasus in response to the Russian interventions in Georgia in 2008 and Ukraine in 2014 and 2022, which marked Russia's return as an order-forming power challenging the agenda of Euro-Atlantic integration. The author expands and adapts Constellation Theory to examine emerging non-Western regional orders using a relational polarity framework to argue that the choices of Armenia, Azerbaijan, and Georgia are not merely products of Russian or Western influence but are shaped by each state's unique geocultural propensities, distinct asymmetric relationships with divergent power poles, and differing perceptions of reality. This book enriches the emerging discourse on the regional complexities of the multipolar world order with multifaceted interpretations of politics and decision-making through its nuanced regional focus and innovative theoretical grounding. It contributes significantly to International Relations theory, geopolitics, small states, and area studies, offering invaluable insights into small state foreign policy dynamics in the age of rising global multipolarity.

Qatar's World Cup Goals Danyel Reiche, 2025-04-25. This book examines the goals and impact of Qatar's hosting of the FIFA men's World Cup 2022 in the context of the existing

literature on Qatar small states in international politics and the use of sports in development and soft power strategies The ten chapters in this book explore the multifaceted implications of Qatar hosting the FIFA World Cup 2022 positioning it within the context of the country's domestic development and global influence This book highlights Qatar's rise to global prominence despite its small size emphasizing its strategic investments in LNG and its successful bid for the FIFA World Cup 2022 and draws attention to the way in which the 2022 World Cup challenged European dominance of the sport The ten chapters are grouped into three thematic rubrics all relating directly or indirectly to the 2022 World Cup Qatar's foreign policy including the impact of the 2017-2021 Gulf crisis and Qatar's resilience in the face of challenges the theme of Qatar's soft power and branding efforts and Qatar's domestic politics and culture including discussions on football fandom among citizens and migrant communities and Qatar's alcohol policies during the World Cup This volume will be an invaluable resource for scholars researchers and policymakers engaged in the fields of Middle East studies sport policy and politics sociology of sports and cultural studies It was originally published as a special issue of the Journal of Arabian Studies

The Digital Environment and Small States in Europe Viktorija Car, Marta Zorko, 2025-07-25 The Digital Environment and Small States in Europe delves into how the digital revolution intersects with global security dynamics and reshapes the geopolitical landscape It sheds light on the geopolitical complexities inherent in the border regions of the European continent and proposes frameworks to better understand and engage with small state dynamics in international affairs At the heart of this book is an examination of the transformative power of digitalization and virtualization particularly pronounced in the context of small states Traditionally power was synonymous with territorial control but in today's world influence extends into the virtual realm Small states despite their physical limitations can leverage this virtual extension of territory to their advantage However realizing and strategically utilizing these advantages are essential for capitalizing on the opportunities presented Conversely small states lacking digital capabilities find themselves increasingly vulnerable in the virtual sphere facing heightened security threats and challenges Through a series of theoretical and case study based chapters this book offers insights into the strategies employed by small states to navigate these complexities and assert their influence on the global stage Key themes explored include the impact of digitalization on geopolitical dynamics the role of cybersecurity in safeguarding national interests and the emergence of digital diplomacy as a tool for statecraft The Digital Environment and Small States in Europe will be of great interest to scholars and students of international relations geopolitics and political science as well as security media and communication studies Additionally policymakers and analysts involved in foreign policy and security affairs may find valuable insights in the book's exploration of small state strategies and vulnerabilities

The New Member States and the European Union Michael Baun, Dan Marek, 2013-03-05 This book examines the impact of EU membership on the foreign policies of the 12 new member states that joined the EU in 2004 and 2007 Among scholars of European politics there is a general consensus that membership in the European Union changes the countries that join Yet

considerable debate remains over what exactly changes to what extent how or why these changes happen and why some countries policies and institutions change more than others Expert contributors examine the impact of EU integration and membership with chapters on the 12 new EU entrants since 2004 Poland Czech Republic Hungary Slovakia Slovenia Estonia Latvia Lithuania Cyprus Malta Bulgaria and Romania Utilizing a common analytical framework each of the country case studies examines the impact of EU membership on the foreign policies of the new member states in three key areas foreign policy making institutions and procedures interests and preferences and strategies and actions The New Member States and the European Union will be of interest to students and scholars of European Studies and European Union Politics

Small states in world politics Matthias Maass,2017-11-01 What is the story behind the paradoxical survival of small and weak states in a world of great powers and crude power politics And what explains the dramatic rise and fall in the number of states overtime following no consistent trend and not showing an immediately obvious direction or pattern The answers lie at the system level Small states survival is shaped by the international states system Small state survival and proliferation is determined first and foremost by features of and dynamics created at the states system As the states system changes and evolves the chances for small states to survive or proliferate change as well In fact a quantitative investigation confirms this showing that over the course of more than 31 2 centuries the number of small states did fluctuate widely and at times dramatically

Unequal Actors in Equalising Institutions D. Panke,2013-10-24 This book explores the interplay between formal rules and real world differences questioning to what extent size related capacities between states matters for the dynamics and outcomes of negotiations taking place in the United Nations General Assembly an institution that strongly reflects the one state one vote principle

EU Foreign Policy and the Europeanization of Neutral States Nicole Alecu de Flers,2012-03-12 This book examines the effects of the Common Foreign and Security Policy CFSP of the European Union EU on the national foreign policies of Ireland and Austria Small and neutral EU member states provide a fascinating case study as the CFSP entails a dilemma for them Their size may create assumptions that they are more likely to adopt EU policy yet the traditional position of neutrality may act contrary to Europeanization By concentrating on this side of the reciprocal relationship between EU and national foreign policy the book takes a new and innovative approach to investigate prospects for a common European foreign policy and goes beyond an examination of changes in the national foreign policies of Ireland and Austria to provide an engaging explanation and understanding of Europeanization Based on a comprehensive conceptual framework this text investigates three dimensions of national foreign policy the Europeanization of foreign policy making the Europeanization of foreign policy substance and effects on neutrality to create an accessible and informed insight into the evolution of European cooperation in the field of foreign policy and the impact on national foreign policy EU Foreign Policy and the Europeanization of Neutral States will be of interest to students and scholars of European Studies International Relations and Foreign Policy

Switzerland and the European Union Clive H. Church,2007-01-24 Despite its geographical

centrality and its considerable economic involvement in Europe Switzerland remains unusual in that it is neither a member of the European Union or the European Economic Area At a time when the Union is both expanding and seeking to develop its integration the country constitutes a real anomaly amongst west European states This book demonstrates the range depth and complexity of Switzerland s developing relations with Europe and provides detailed and up to date information on Switzerland itself Considering a variety of dimensions of the country and its ambiguous relations with the EU the contributors all of whom are leading specialists on Swiss EU relations explore the classical political obstacles to entry federalism direct democracy neutrality and the growing strength of anti European populism policy barriers to integration in trade and economics generally in financial matters and in social provisions relating to the movement of people the negotiation of the two sets of bilateral accords which presently structure Swiss relations with the Union the EU response and the prospects for future Swiss EU relations Switzerland and the European Union will appeal to specialists on Switzerland academics and students in politics and international relations and practitioners in European integration and Swiss politics

Small States and the Changing Global Order Anne-Marie Brady, 2019-07-22 This book provides a critical examination of the foreign policy choices of one typical small state New Zealand as it faces the changing global balance of power New Zealand s foreign policy challenges are similar with those faced by many other small states in the world today and are ideally suited to help inform theoretical debates on the role of small states in the changing international system The book analyses how a small state such as New Zealand is adjusting to the changing geopolitical geo economic environment The book includes perspectives from some of New Zealand s leading as well as emerging commentators on New Zealand foreign policy

A Small State's Guide to Influence in World Politics Tom Long, Thomas Stephen Long, 2022 A complete guide for how small states can be strikingly successful and influential if they assess their situations and adapt their strategies Small states are crucial actors in world politics Yet they have been relegated to a second tier of International Relations scholarship In A Small State s Guide to Influence in World Politics Tom Long shows how small states can identify opportunities and shape effective strategies to achieve their foreign policy goals To do so Long puts small states relationships at the center of his approach Although small states are defined by their position as materially weaker actors vis a vis large states Long argues that this condition does not condemn them to impotence or irrelevance Drawing on typological theory Long builds an explanation of when and how small states might achieve their goals The book assesses a global range of cases both successes and failures and offers a set of tools for scholars and policymakers to understand how varying international conditions shape small states opportunities for influence

Small States in EU Policy-Making Anna-Lena Högenauer, Matúš Mišík, 2024-04-30 Small States in EU Policy Making analyses how small states try to impact European Union policy making through a range of strategies With the last rounds of enlargement and Brexit the number and weight of small states in the European Union have steadily increased At the same time small states face distinct challenges in different institutions which

may impact their strategies Nonetheless the existing literature primarily focuses on the Council of the European Union and the European Council and offers few insights into how small states navigate the other institutions The contributions to this volume examine how small states can wield influence in different institutions arguing that they do indeed pursue different strategies depending on institutional context The policy case studies on the EU's foreign and security policies confirm these findings small states can have influence in EU policy making and can create situations where their needs are met They are most likely to succeed when they build foreign policy coalitions when they anticipate major economic developments and when they manage to acquire a high level of expertise in a policy area However the case studies also show that there is a risk of small states becoming policy takers in cases where they cannot provide leadership in terms of ideas and expertise and or fail to build political weight through coalitions This book will be of interest to academics and practitioners of European politics and the EU in particular as well as policy makers and practitioners working on small states The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
