Qandeel lays out in an honest straightforward style the hard headed go getter mindset you need to develop and the pragmatic steps you can take to put that street smart mindset to work in your life today Being street smart means being always ready to learn new skills and ideas in order to be exceptional not ordinary a winner not a loser It s about never taking no for an answer picking yourself up and trying again when you fall short and learning to use your hard earned street smarts and problem solving skills to make things work for you rather than accept what others are willing to give you If you have these qualities people will see you as a leader You ll be able to go as far as you want Most people live their whole lives unable to achieve their dreams But using the street smart mindset taught in this book the sky will truly be your limit **Smart**
