Small Hands Big Ideas:

Cheiro's Guide to the Hand ... Cheiro,1900 **Recipes for Play: Creative Activities for Small Hands and Big Imaginations** Ruth Mitchener,Rachel Sumner,2014-09-02 More than 35 activities and ideas that inspire children to explore the world around them An important part of childhood is being curious and trying out new experiences What do things taste feel smell sound like What happens when you add red to blue mix earth with water or drop a blob of paint from a great height These childhood experiments are vital for development and provide hours of entertainment Recipes for Play contains easy and inexpensive ideas for engaging your child s senses Many wonderful hours can be spent playing with natural ingredients found in your kitchen cupboard or backyard garden Make your own face paint in minutes whip up a batch of oozy slime create clouds of color with rainbow rice and so much more Sisters Rachel Sumner and Ruth Mitchener have created Recipes for Play for parents and teachers or anyone with a child in their life who want to encourage tactile learning but don t want their lives to be controlled by chaos Each recipe has easy to follow instructions for setting up activities and simple steps for cleaning up once the fun is finished **Harrington on Cash Games** Dan Harrington,Bill Robertie,2008 The first years of the poker boom were fueled by the interest in no limit hold em tournaments Recently however players have been gravitating to another even more complex form of hold em no limit cash games In Harrington on Cash Games Volume I Dan Harrington teaches you the key concepts that drive deep stack cash game play You ll learn how to tailor your selection of starting hands to your stack size how to recognize the increasing deception value of supposedly weaker hands as the stack sizes increase and how to use the concept of pot commitment to your advantage as the size of the pot grows After laying out the general concepts behind deep stack cash game play Harrington shows you a complete strategy for post flop play and then teaches you the difference between post flop play against a single opponent and post flop play against multiple opponents If you play no limit hold em cash games you need to read this book Dan Harrington won the gold bracelet and the World Champion title at the 10 000 buy in No Limit Hold em Championship at the 1995 World Series of Poker And he was the only player to make the final table in 2003 field of 839 and 2004 field of 2 576 considered by cognoscenti to be the greatest accomplishment in WSOP history In Harrington on Cash Games Harrington and two time World Backgammon Champion Bill Robertie have written the definitive books on no limit cash games These books will teach you what you need to know to be a winner in the cash game world **Your Destiny and Scientific Hand Analysis** Yaschpaule,1996 This book is designed to convince the healthy and scientific minded sceptic that hand analysis is a science worthy of serious consideration The laws of scientific hand analysis are presented here in a very simple manner and are amply illustrated by diagrams This book is also intended for those who do not have the faintest concept of what hand analysis or astrology is all about so that no previous knowledge is required for its understanding At the same time the subject of hand analysis has been comprehensively emphasized As such this book will be of interest to professional astrologers In many Eastern countries leading astrologers have a good

knowledge of hand analysis Where the horoscope does not give clear guidance on a particular aspect they consult the palms in order to obtain clarification The ideas put forward in this book are based on the Indian Western and Egyptian schools of hand analysis although the Indian system has been used the most The scientific rationale behind the wearing of particular gems in order to ward off evil planetary influences is also succinctly described Above all this is meant to be an eminently straightforward and practical work The sceptic has only to study his own palms to be pleasantly surprised at how accurately hand analysis reveals his own particular case

Big Ideas for Little Kids Thomas E. Wartenberg, 2014-05-01 Big Ideas for Little Kids includes everything a teacher a parent or a college student needs to teach philosophy to elementary school children from picture books Written in a clear and accessible style the book explains why it is important to allow young children access to philosophy during primary school education Wartenberg also gives advice on how to construct a learner centered classroom in which children discuss philosophical issues with one another as they respond to open ended questions by saying whether they agree or disagree with what others have said
