Smart Set A History Anthology:

The Smart Set Anthology Burton Rascoe, Groff Conklin, 1934 *H.L. Mencken's Smart Set Criticism* H. L.

Mencken, 2000-12-01 Welcome the long overdue re release of Mencken's continual war against conventional thinking

Re-Covering Modernism David Earle, 2016-03-03 In the first half of the twentieth century modernist works appeared not only in obscure little magazines and books published by tiny exclusive presses but also in literary reprint magazines of the 1920s tawdry pulp magazines of the 1930s and lurid paperbacks of the 1940s In his nuanced exploration of the publishing and marketing of modernist works David M Earle questions how and why modernist literature came to be viewed as the exclusive purview of a cultural elite given its availability in such popular forums As he examines sensational and popular manifestations of modernism as well as their reception by critics and readers Earle provides a methodology for reconciling formerly separate or contradictory materialist cultural visual and modernist approaches to avant garde literature Central to Earle's innovative approach is his consideration of the physical aspects of the books and magazines covers dust wrappers illustrations cost which become texts in their own right Richly illustrated and accessibly written Earle's study shows that modernism emerged in a publishing ecosystem that was both richer and more complex than has been previously documented

The Smart Set Carl R. Dolmetsch, 1966 *H.L. Mencken* Vincent Fitzpatrick, 2004 Over a career that spanned half of a century Henry Louis Mencken published more than 10 million words More than a million were written about him many of which Mencken liked to remark were highly condemnatory He was called with good reason the most powerful private citizen in America during the 1920s This lively introduction to Mencken's life and work begins with a concise biographical portrait before proceeding to a consideration of the five major periods of the renowned Baltimorean's career his literary apprenticeship the growth of his national reputation his fame and unprecedented popularity during the 1920s when college students would flash the Paris green cover of the *American Mercury* as a badge of sophistication the decline of his reputation during the Depression and his renewed popularity during the 1940s with the publication of his autobiographical trilogy the *Days* books In discussing this varied career Vincent Fitzpatrick touches upon all the roles that Mencken played journalist editor redoubtable critic of literature culture and politics philologist and autobiographer Drawing upon Mencken's extensive correspondence of more than 100 000 letters the book stresses his unflagging belief in the need for free speech up to the limits of common decency Indeed in the end Mencken proved a significant American civil libertarian Iconoclast critic satirist individualist H L Mencken offered unique insights into American life His lifelong celebration of the freedom to dissent marks his most enduring contribution to a nation that gave him such a wealth of material and so much delight *The Oxford Critical and Cultural History of Modernist Magazines* Peter Brooker, Andrew Thacker, 2009 This volume contains 44 original essays on the role of periodicals in the United States and Canada Over 120 magazines are discussed by expert contributors completely reshaping our understanding of the construction and emergence of modernism

Kenneth Burke in Greenwich Village Jack Selzer, 1996-12-01 Capturing the lively modernist milieu of Kenneth Burke's early career in Greenwich Village where Burke arrived in 1915 fresh from high school in Pittsburgh this book discovers him as an intellectual apprentice conversing with the moderns Burke found himself in the midst of an avant garde peopled by Malcolm Cowley Marianne Moore Jean Toomer Katherine Anne Porter William Carlos Williams Allen Tate Hart Crane Alfred Stieglitz and a host of other fascinating figures Burke himself who died in 1993 at the age of 96 has been hailed as America's most brilliant and suggestive critic and the most significant theorist of rhetoric since Cicero Many schools of thought have claimed him as their own but Burke has defied classification and indeed has often been considered a solitary eccentric genius immune to intellectual fashions But Burke's formative work of the 1920s when he first defined himself and his work in the context of the modernist conversation has gone relatively unexamined Here we see Burke living and working with the crowd of poets painters and dramatists affiliated with *Others* magazine Stieglitz's 291 gallery and Eugene O'Neill's Provincetown Players the leftists associated with the magazines *The Masses* and *Seven Arts* the

Dadaists and the modernist writers working on literary journals like *The Dial* where Burke in his capacity as an associate editor saw T S Eliot's *The Wasteland* into print for the first time and provided other editorial services for Thomas Mann and e cummings Ezra Pound and many other writers of note Burke also met the iconoclasts of the older generation represented by Theodore Dreiser and H L Mencken the New Humanists and the literary nationalists who founded *Contact* and *The New Republic* Jack Selzer shows how Burke's own early poems fiction and essays emerged from and contributed to the modernist conversation in Greenwich Village He draws on a wonderfully rich array of letters between Burke and his modernist friends and on the memoirs of his associates to create a vibrant portrait of the young Burke's transformation from aesthete to social critic
