Hilder, Sara L. Pearson, Laura N. Van Dyke, 2020-11-24 How did five twentieth century British authors C S Lewis J R R Tolkien Charles Williams Owen Barfield and Dorothy L Sayers along with their mentors George MacDonald and G K Chesterton come to contribute more to the intellect and imagination of millions than many of their literary contemporaries put together How do their achievements continue to inform and potentially transform us in the twenty first century In this first collection of its kind addressing the entire famous group of seven authors the twenty seven chapters in *The Inklings and Culture* explore the legacy of their diverse literary art inspired by the Christian faith art that continues to speak hope into a hurting and deeply divided world **Acts: Courageous Witness in a Hostile World** Howard Brant, 2013-01-24 Most commentaries on Acts are written by Western scholars for a Western audience This book comes out of more than forty years of teaching in the Majority World It is aimed at the new breed of emerging missionaries from Asia Africa and Latin America The apostles in Acts faced a hostile world Yet in that context the Holy Spirit gave them incredible courage The scenes of Peter Stephen and Paul facing angry mobs and the fury of the Jewish Sanhedrin are being played out in India China and Eritrea today Acts teaches us how to have a courageous witness in a hostile world Further this work addresses the powerful forces that assault the worldwide church particularly the racism that splits the church all over the world *Acts Courageous Witness in a Hostile World* will thrill you as you see how God's Spirit overcomes every obstacle and keeps the church on track even when we think all is lost Read this book for yourself and become courageous **A New Antiquity** Alessandra Russo, 2024-02-27 We tend to think of sixteenth century European artistic theory as separate from the artworks displayed in the non European sections of museums Alessandra Russo argues otherwise Instead of considering the European experience of New World artifacts and materials through the lenses of curiosity and exoticism Russo asks a different question What impact have these works had on the way we currently think about and theorize the arts Centering her study on a vast corpus of early modern textual and visual sources Russo contends that the subtlety and inventiveness of the myriad of American Asian and African creations that were pillaged exchanged and often eventually destroyed in the context of Iberian colonization including sculpture painting metalwork mosaic carving architecture and masonry actually challenged and revolutionized sixteenth century European definitions of what art is and what it means to be human In this way artifacts coming from outside Europe between 1400 and 1600 played a definitive role in what are considered distinctively European transformations the redefinition of the frontier between the mechanical and the liberal arts and a new conception of the figure of the artist Original and convincing *A New Antiquity* is a pathbreaking study that disrupts existing conceptions of

Reforming a Theology of Gender Daniel R. Patterson, 2022-08-11 Judith Butler and conservative Christian theology are often perceived to be antithetical on questions of gender In *Reforming a Theology of Gender* they are shown to be strange bedfellows By engaging in dialogue with Butler on her terms desire violence and life this book absorbs the heart of Butler's critique revealing a righteous law and a seductive image in conservative theologies of gender The law of Adam and Eve manifests in the unjust administration of guilt grief and death By confronting this law which in fact condemns all in their bodies further reflection on Butler's thought leads to thinking about where one finds life in one's body of death The seductive image of Adam and Eve is revealed to be a false hope and a site that induces slave morality or body works based righteousness Butler's voice is strangely prophetic because it calls the church to offer hope and life by reorienting its gaze from the beautiful yet lifeless bodies of Adam and Eve to the bloodied and scarred risen body of Jesus Christ Gender in the end is shown to be a vocation of becoming what one is not
