Smugglers Road:

A Guide to East Santa Cruz Island Don Morris, 2003 Channel Islands National Park immediately adjacent to millions of southern Californians sees relatively few visitors because of the logistical and physical challenges involved in visiting any of the islands This guidebook provides detailed advice on planning a trip what essential items to bring expected weather conditions sketches of the natural and cultural history of the island and detailed descriptions of possible walks on the island ranging from strolls of a few minutes to overnight backpack trips The author describes several routes that are not listed among the official maintained trails on the island Routes are rated by relative difficulty and safety measures and skill levels are described for the prospective visitor

Nottingham Harbor Jack Lorenz, 2015-05-04 When I started to write the novel NOTTINGHAM HARBOR it was to just be a fictional crime novel set in northern New England After working on the story and reading about the DNA analysis stories I realized the novel had a very significant purpose It was and is the story of how to catch serial rapist after law enforcement has the results from the DNA analysis The story is about a task force attempting to identify a number of rapist DNA does not identify the criminal The FBI maintains a database called CODIS This is a database of DNA of persons convicted of crimes Unless a person has been convicted of a crime their DNA is NOT in CODIS The Author Jack Lorenz of NOTTINGHAM HARBOR fully agrees with this legal restriction When the DNA from the rape kits is determined very few of the results match the DNA in CODIS Rape is a unique type of crime Most criminals do NOT rape in addition to other crimes So very few rapist are in the CODIS database So in a number of jurisdictions where several hundred to a thousand rape kits have been analyzed only two or three rapist are identified The secondary problem is that the serial rapists move from jurisdiction to jurisdiction and only rape once in each jurisdiction It is very difficult to identify the rapist with the information from only one case Use of the physical characteristics of the criminal and the DNA must be used to tie cases together This is what the team of Mattie Greene the mathematics teacher and Sergeant Bill Simpson do in NOTTINGHAM HARBOR They find a common denominator between the cases with regard to the identity of the rapist Since rapists like other people must reside work eat and drink at physical places these types of information can be used to identify the specific person The techniques in the fictional story are the methods required in the real world to catch these dangerous criminals DNA will not catch but a few rapists There may be as many as 2000 rapists running around North America They rape randomly on the streets of this country and Canada The police and district attorneys in United States must work across jurisdictional lines as in NOTTINGHAM HARBOR Beside a good story the novel has a higher purpose It explains how to identify and catch these violent criminals The other fact about these criminals is some of them are murders in addition to being rapists If you are victim of a rape then you need to urge the local police to work with other jurisdictions and using technique similar those in NOTTINGHAM HARBOR identify and catch the rapist This is the purpose of the novel in addition to being a good story Enjoy the novel

The Smugglers Charles George Harper, 1909 Opinions have ever been divided on

the question of the morality or the immorality of smuggling This is not in itself remarkable since that subject on which all men think alike has not yet been discovered but whatever the views held upon the question of the rights and wrongs of the free traders craft they have long since died down into abstract academic discussion Smuggling is indeed not dead but it is not the potent factor it once was and to what extent Governments are justified in taxing or restricting in any way the export or the import of goods will not again become a living question in this country until the impending Tariff Reform becomes law There have been those who reading the proofs of this book have variously found in it arguments for and others arguments against Protection but as a sheer matter of fact there are in these pages no studied arguments either way and facts are here presented just as they are retrieved from half forgotten records with no other ulterior object than that of entertainment But if these pages also serve to show with what little wisdom p viwe are and generally have been governed they may not be without their uses England it may surely be gathered here and elsewhere is what she is by sheer force of dogged middle class character and in spite of her statesmen and lawgivers **Scenic Routes & Byways New England** Stewart M.

David Fitz-Enz, USA (Ret.),2008-11-30 What if on September 11 1814 the United States had lost the close run battle that Winston Churchill called the most decisive of the War of 1812 With a victory at Plattsburgh would the British have eventually been able to regain control of their former colonies Only one fleeting moment on Lake Champlain might have been needed to forever alter the young country s history and return it to the grip of King George III Redcoats Revenge brings the most successful field commander in history the Duke of Wellington to North America in 1814 A coalition of eight European countries has recently defeated Napoleon With the emperor s threat to England eradicated Wellington releases the most powerful military juggernaut for service in the Western Hemisphere His audacious plan sends him and his avenging veteran redcoats plunging straight south from Lake Champlain toward New York City In Washington the streets crackle with tension at the news of British ships on the Chesapeake The White House is promptly evacuated and the capital left undefended when a diversionary force approaches the city and chokes off Baltimore President James Madison must now decide which of his generals is capable of successfully facing off with the Iron Duke No friend of the tyrannical Maj Gen Andrew Jackson Madison finally agrees that he may be the only commander with any hope of matching Wellington Redcoats Revenge is a vivid montage of the personalities and battles real and quite possible of the War of 1812 With its clever and compelling premise this exciting alternate history will enthrall readers and reveal just how close the United States was to becoming a British colony once again Scottish Mountaineering Club Journal Scottish Mountaineering Club,1920 Includes section Mountaineering literature **The Vermont Historical Gazetteer** Abby Maria Hemenway,1882 *Transactions* Stirling Natural History and Archæological Society, Stirling, Scot,1925 Neil Urie, Smuggler and Student David Cuthbertson,1925 **Drug smuggler nation** Stephen Snelders,2021-02-09 Why did the international drug regulatory regime of the twentieth century fail to stop an explosive increase in trade and consumption of illegal drugs This study investigates the histories of smugglers and criminal entrepreneurs in the Netherlands who succeeded in turning the country into the so called Colombia of Europe or the international drug supermarket Increasing state regulations and interventions led to the proliferation of a hydra of small anarchic groups and networks ideally suited to circumvent the enforcement of regulation Networks of smugglers and suppliers of heroin cocaine cannabis XTC and other drugs were organized without a strict formal hierarchy and based on personal relations and cultural affinities rather than on institutional arrangements These networks created a thriving underground industry of illegal synthetic drug laboratories and indoor cannabis cultivation in the Netherlands itself Their operations were made possible and developed because of the deep historical social and cultural embeddedness of criminal anarchy in Dutch society Using examples from the rich history of drug smuggling Drug smuggler nation investigates the deeper and hidden grounds of the illegal drug trade and its effects on our drug policies **Lloyd's Register of Yachts 1954** Lloyd's Register Foundation,1954-01-01 The Lloyd s Register of

Blood Ties Claudio Antonelli,Gianluigi Nuzzi,2012-08-02 A massive bestseller in its native Italy and a book that can justly be compared with Roberto Saviano s Gomorrah Blood Ties is a terrifying account of the ndrangheta s criminal activities over the last four decades Originally from Calabria this sinister organization has like the Mafia in Sicily and the Camorra in Naples a vicious hold over northern Italy and much of the rest of the country too a stranglehold that is growing every day Told to the authors by an insider Pippo di Bella a pentito a former member of the gang now turned state s evidence it reveals many hitherto unknown operations as well as throwing new light on well known cases from the past It

shows an organization which retains and strengthens its position through corruption drug smuggling gun running violence extortion and kidnapping Visceral compelling and terrifyingly readable it paints a brutally vivid picture of the most dangerous and powerful of the Italian mafias one which demands to be read
