Solzhenitsyn At Harvard The Address Twelve Early Responses And Six Later Reflections:

Solzhenitsyn at Harvard Ronald Berman, 1980 By any measure Solzhenitsyn's commencement address at Harvard was a historic statement and it was so treated by the American press But much of the comment in the media was confused and superficial This study is an effort to place Solzhenitsyn's ideas in historical political and philosophical perspective The speech itself makes up Part One of the book Part two offers a sampling of the comments that appeared in major newspapers and magazines including those of George F Will Arthur Schlesinger Jr Archibald MacLeish James Reston and Mary McGrory Part three consists of six reflective essays from various perspectives on Solzhenitsyn's ideas and judgements Ronald Berman a literary scholar relates Solzhenitsyn to other modern writers Sidney Hook provides a philosophical perspective on the speech Harold J Berman a legal expert analyzes Solzhenitsyn's conception of Western Law Russian specialist Richard Pipes places the speech in the context of Russian intellectual and political history Historian William H McNeill challenges Solzhenitsyn's understanding of the West And theologian Michael Novak deals with his religious ideas **Aleksandr Solzhenitsyn** Daniel J. Mahoney, 2001-08-07 In Aleksandr Solzhenitsyn Daniel Mahoney presents a philosophical perspective on the political condition of modern man through an exegesis and analysis of Solzhenitsyn's work Mahoney demonstrates the tremendous yet often unappreciated impact of Solzhenitsyn's writing on twentieth century thinking through an examination of the writer's profoundly important critique of communist totalitarianism in a judicious and original mix of western and Russian Christian and classical wisdom **The Apocalyptic Premise** Ernest W. Lefever (red.), E. Stephen Hunt, 1982 This document contains 31 position papers that reflect a wide range of views on nuclear arms policy held by political leaders religious authorities scholars policy experts journalists and political activists Since no judgments are made the reader is left to decide which arguments are most compelling Each position paper is arranged into one of five sections Arms Control Issues The Peace Movement The Apocalyptic Premise The Churches and Nuclear Arms and Official Views Each essay is preceded by a brief introduction pointing out main themes and relating both complementary and opposing contributors to one another Also included is a chart showing the comparative strengths of NATO and Warsaw Pact forces in Europe a five part bibliography corresponding to the five divisions of the text and an index of names APG **At the Limits of Political Philosophy** James V. Schall, 2010-04 James V Schall presents in a convincing and articulate manner the revelational contribution to political philosophy particularly that which comes out of the Roman Catholic tradition **Person-Centered Politics** Eamonn O'Higgins, 2024-04-09 What accounts for the widespread disillusionment with politics Person centered Politics suggests that politics today through its structures processes and institutions tends to presuppose and to impose a certain caricature of the human person that inhibits and frustrates a real sense of personal participation in an authentic common good of politics and society In 12 chapters that touch on fundamental themes of political philosophy Person centered Politics proposes the social and transcendent dimensions of personal existence and their application to the renewal of politics today The themes explore

the commonly accepted assumptions of politics today and how a renewed understanding of the person can invigorate political discourse and action In Person centered Politics the author is in continuous dialogue with some of the major contemporary philosophers and thinkers such as Eric Voegelin David Walsh Robert Sokolowski Vaclav Havel Pierre Manent Peter Simpson and Joseph Ratzinger Benedict XVI Detailed footnotes in each chapter provide reference to further sources of enlightenment and research Person centered Politics proposes an outline for a renewed vision of politics that is centered on the truth of human existence and not a politics that distorts and suffocates the human spirit because in the words of E Voegelin the right order of the soul through philosophy furnishes the standard for the right order of society and not the other way round

Will it Liberate ? Michael Novak,1991-06-19 Michael Novak s work is challenging We often disagree sharply in out interpretations and assessments of liberation theology but he raises important issues which call for clarification and response

No Place for Truth David F. Wells,1994-12-20 Has something indeed happened to evangelical theology and to evangelical churches According to David Wells the evidence indicates that evangelical pastors have abandoned their traditional role as ministers of the Word to become therapists and managers of the small enterprises we call churches Along with their parishioners they have abandoned genuine Christianity and biblical truth in favor of the sort of inner directed experiential religion that now pervades Western society Specifically Wells explores the wholesale disappearance of theology in the church the academy and modern culture Western culture as a whole argues Wells has been transformed by modernity and the church has simply gone with the flow The new environment in which we live with its huge cities triumphant capitalism invasive technology and pervasive amusements has vanquished and homogenized the entire world While the modern world has produced astonishing abundance it has also taken a toll on the human spirit emptying it of enduring meaning and morality Seeking respite from the acids of modernity people today have increasingly turned to religions and therapies centered on the self And whether consciously or not evangelicals have taken the same path refashioning their faith into a religion of the self They have been coopted by modernity have sold their soul for a mess of pottage According to Wells they have lost the truth that God stands outside all human experience that he still summons sinners to repentance and belief regardless of their self image and that he calls his church to stand fast in his truth against the blandishments of a godless world The first of three volumes meant to encourage renewal in evangelical theology the other two to be written by Cornelius Plantinga Jr and Mark Noll No Place for Truth is a contemporary jeremiad a clarion call to all evangelicals to note well what a pass they have come to in capitulating to modernity what a risk they are running by abandoning historic orthodoxy It is provocative reading for scholars ministers seminary students and all theologically concerned individuals *Saving Can-Do* Philip K. Howard,2025-09-23 Frustration with government is widespread but neither party has a vision for making things work sensibly In Saving Can Do Philip K Howard shows how to revive our freedom to roll up our sleeves and act like Americans again All societies periodically undergo a major shift in the social order America is at one of those moments of

change but neither political party is offering a vision for overhaul President Trump's approach to government is to swing a wrecking ball at the status quo But how will Washington work better the day after DOGE Democrats are in denial waiting their turn to run a bloated government that Americans increasingly loathe In this brief bold book Philip K Howard the civic philosopher who advises leaders of both sides offers a dramatically simpler governing vision Replace red tape with responsibility Let Americans use their judgment Let other Americans hold them accountable for their results and their values In *Saving Can Do* best selling author Philip K Howard unlocks the quandary of populist resentment and also of broken government Nothing works as it should because red tape has strangled common sense Of course people don't get along we're not allowed to be ourselves The geniuses in the 1960s tried to create a government better than people Just follow the rules Or prove that your judgment about someone is fair But how do you prove who is selfish or doesn't try hard Bureaucracy makes people go brain dead so focused on mindless compliance that they can't solve the problem before them America is flailing in legal quicksand The solution is a new governing framework that allows Americans to roll up their sleeves and take responsibility We must scrap the red tape state What's required is a multi-year effort to replace these massive failed bureaucracies with simpler codes that are activated by people using their judgment The idea is not radical but traditional it's the operating philosophy of the Constitution As America approaches the 250th anniversary of the revolution it's time to reclaim the magic of America's unique can-do culture

Political Violence Panu-Matti Pöykkö, Pamela Slotte Russo, Viljami Salo, 2024-11-18 This volume brings together scholars from intellectual history social sciences philosophy and theology to evaluate central questions concerning political violence and aggression This multidisciplinary collection of essays critically investigates forms and modes of justification of political violence from historical and contemporary perspectives especially within the context of the development of the idea of Europe and modern European identity What is meant by political violence and aggression When and under which conditions is it justified Who has the right to exercise it and against whom Answers differ depending on various factors such as pre-established ends available resources and possibilities of action historical and socio-economic context the ideological political and religious theological background of the actors The volume pays special attention to a how the above questions have been addressed and answered political philosophical and theological thought and b what kind of ideological currents and historical events lay at the background of such considerations
