Universalism and other contemplative traditions James Ishmael Ford invites us into a journey through life s mysteries and the
stages of spiritual development Lightly structured by the archetypal Buddhist oxherding images Ford s exploration is rooted
in the Zen way while being deeply enriched by various strains of world mysticism The book sprinkled with insights and
quotes from Buddhist Daoist and Christian traditions serves as a map and a companion to spiritual seekers or pilgrims
whether within one religious tradition or cobbling together a way of one s own Here is the most natural of all natural

generations and national boundaries First Days of the Year is a celebration of beginnings and future possibilities based on
necessity and hope constantly mediating writing and living life and death Like all of Cixous s profoundly original works it
seductively leads the reader into a new way of thinking by disrupting fixed ideas of psychic identity subjectivity and language
