Nobe, 2019-09-10 Eminent economists and development experts focus on a number of concerns that are currently the major preoccupation of development economists policymakers and practitioners The issues addressed in this collection center on strategies to eradicate poverty reduce inequality and deal effectively with problems of management and the utilization of land and water resources The contributors analyze the issues in the context of past experience the present international setting and possible alternative strategies for the future and consider as well theoretical and methodological concerns

Review of Industrial Organization , 1996 **Inequality, Polarization and Poverty** Satya R. Chakravarty, 2010-07-25 This book provides a synthesis of some recent issues and an up to date treatment of some of the major important issues in distributional analysis that I have covered in my previous book *Ethical Social Index Numbers* which was widely accepted by students teachers researchers and practitioners in the area Wide coverage of on going and advanced topics and their analytical articulate and authoritative presentation make the book theoretically and methodologically quite contemporary and inclusive and highly responsive to the practical problems of recent concern Since many countries of the world are still characterized by high levels of income inequality Chap 1 analyzes the problems of income inequality measurement in detail Poverty alleviation is an overriding goal of development and social policy To formulate antipoverty policies research on poverty has mostly focused on income based indices In view of this a substantive analysis of income based poverty has been presented in Chap 2 The subject of Chap 3 is people's perception about income inequality in terms of deprivation Since polarization is of current concern to analysts and social decision makers a discussion on polarization is presented in Chap 4

Forty Years of Normative Portfolio Theory George M. Frankfurter, Herbert E. Phillips, 1995 *Handbook of Research on Economic and Social Well-Being* Conchita D'Ambrosio, 2018-03-30 The past decade has been characterized by a burgeoning interest in new concepts of individual and social well being The impetus for this new research has stemmed from increased demand from policy makers and civil society for measures of progress that go beyond the traditional measures of GDP as well as improved datasets allowing individuals and households to be tracked over their life course The aim of this Handbook is to chart these developments and provide extensive surveys of many of the recent themes that have emerged in the research literature Some of the topics addressed include poverty relative deprivation and satisfaction economic insecurity social exclusion and inequality income and social polarization and social fractionalization and diversity Each topic is first analyzed from a theoretical perspective followed by detailed empirical discussion Exploitation and Economic Justice in the Liberal Capitalist State Mark R. Reiff, 2013-02-28 Develops a new liberal theory of economic justice presenting a liberal egalitarian non Marxist theory of exploitation using a reconceived notion of the ancient doctrine of the just price and a concept of

intolerable unfairness **Poverty and Wealth** E. Wayne Nafziger, 1994 **Economic Development in the GCC** Hossein Askari, Vahid Nowshirvani, Mohamed Jaber, 1997 This discussion of economic development in the GCC examines the blessing and the curse of oil It looks at economic policies for depletable resource based economies the role of the state the private sector population resources and the environment and regional economic integration
