Live Dangerously! And Have Fun!](#) Catherine Khoo, So what's life after 50 anyway I've gone through my wild days at 14 married at 24 had all my three girls by 31 changed careers at 30 had a break at 36 saw my life turn topsy turvy at 44 found it again at 48 at 53 preparing to launch my creative education license to the world What more could I ask for So go on live life with a passion Don't give up on it Give it all you have Because you have only this life to live And I discovered this truth when I tried to end it Read this book and tell me after this if you'll give your life one more shot To Love Live dangerously And yes have Fun [The Mother Code](#) Ruthie Ackerman,2025-05-06 In this propulsive memoir an award winning journalist blends history science and cultural criticism to uncover whether motherhood outside of society's rigid rules and expectations is possible and whether she fits the mold for what a mother should be This tender generous book does the hard work of redefining motherhood and family so that they honor all aspects of a woman's life Christie Tate author of the New York Times bestseller *Group* Ruthie Ackerman had long believed that the decision to not have children was a radical act She'd grown up being told that she came from a long line of women who had abandoned their kids and feared she would pass on her half brother's rare genetic disorder So when she marries a man who doesn't want children she hopes she can be happy without any But a voice in her head keeps returning to the question What if mothering can be a radical act too When her marriage veers off course she goes searching through the twists and turns of her DNA to decide once and for all whether she should become a mother By the time Ruthie finally determines that she desperately wants a child she learns that motherhood won't happen the way she thought it would Now she must enter the hall of mirrors where biology genetics and philosophy collide as she wonders what it means to both create and nurture a life What does inheritance really entail What does it mean to be a good mother When it comes down to it how important is nature versus nurture And where are the models for what a good life can look like for women both with and without children Synthesizing reportage and memoir *The Mother Code* unravels how we've come to understand the institution of motherhood What emerges is a groundbreaking new vision for what it means to parent a mother code that goes beyond our bloodlines and genetics and instead urges us to embrace inheritance as the legacy we want to leave behind for those we love [Beyond Ivy Walls](#) Rachel Fordham,2024-08-13 Reminiscent of *Beauty and the Beast* a recluse and a young woman discover that the scars of life are no match against an act of love Iowa 1903 All of Monticello believes Otis Taylor has been away fostering his
