The Best Part of The Day Sarah Ban Breathnach, 2014-08-26 In her international bestseller *Simple Abundance* Sarah Ban Breathnach inspired millions of women to find happiness in each day of their lives Now Breathnach is back with her first children's book *The Best Part of the Day* Beautifully illustrated and lyrically written this good night story encourages children to find at least one moment in each day that is worthy of celebration *The Best Part of the Day* is the perfect addition to any family's nighttime routine **The Masses are the Ruling Classes** William Epstein, 2017-03-07 *The Masses are the Ruling Classes* proposes the radical yet seemingly innocuous view that social policy in the United States is determined by mass consent Contemporary explanations of decision making in the US typically attribute power over policy making to a variety of hidden forces and illegitimate elites holding the masses innocent of their own problems Yet the enormous openness of the society and near universal suffrage sustain democratic consent as more plausible than the alternatives conspiracy propaganda usurpation autonomous government and imperfect pluralism Contrary to prevailing explanations government is not either autonomous or out of control business and wealthy individuals have not usurped control of the nation large segments of the population are not dispossessed of the vote or of a voice in public affairs and the media has not formed a conspiracy with Hollywood and liberals to deny Americans their God given freedoms Despite the multitude of problems that the nation faces its citizens are not oppressed In this pithy yet provocative book Epstein argues that Democracy in the United States is not progressive but is instead populist and that the core of the populist ideology is romantic rather than pragmatic

Authenticity in Culture, Self, and Society J. Patrick Williams,2016-12-05 Across sociology and cultural studies in particular the concept of authenticity has begun to occupy a central role yet in spite of its popularity as an ideal and philosophical value authenticity notably suffers from a certain vagueness with work in this area tending to borrow ideas from outside of sociology whilst failing to present empirical studies which centre on the concept itself *Authenticity in Culture Self and Society* addresses the problems surrounding this concept offering a sociological analysis of it for the first time in order to provide readers in the social and cultural sciences with a clear conceptualization of authenticity and with a survey of original empirical studies focused on its experience negotiation and social relevance at the levels of self culture and specific social settings
