Blind Devotion Sharlene Prinsen, 2012-09-13 One woman's startling firsthand account of her struggle to protect her children while facing the man she married: a combat veteran plagued by addiction, rage, and depression born from PTSD. Sharlene peered out the window into the blackness that enveloped her yard. She couldn't see them, but she knew they were out there: police officers and a SWAT team holding their positions in the wood line out her front door, their weapons trained with deadly precision pointing at her home. Don't let them shoot at my kids, she shouted into the phone to the dispatcher as her drunk, enraged, and armed husband picked up the other line. Go on, get the hell out of here, then. When she first met Sean seven years earlier, Sharlene never imagined that he'd someday be the catalyst to this terrifying scene. Sean was handsome in his camouflage fatigues, looking proud and just a little cocky. Unlike any other man she had ever met, he was an easy, charming conversationalist, and his sincerity was unmistakable. The two married and started a family. But Sean's drinking soon took over, and signs of depression and his raging outbursts amplified. Something was seriously wrong. He never talked about his tours overseas, including his seven-month peacekeeping mission in the aftermath of Slobodan Milosevic's ethnic cleansing campaign, but there were signs that what he experienced in Bosnia left him reeling at his core. As Sean's behavior grew increasingly worse, Sharlene's obsessive worry for his well-being trumped her basic needs. She knew that her husband was suffering from tremendous inner turmoil, which she later learned was PTSD, and she hoped more than anything to nurse him back to the loving partner and father she knew he could be. A powerful story of pain and forgiveness, horror and hope, *Blind Devotion* gives voice to the thousands of families who are struggling to heal and to achieve a sense of normalcy stolen by the trauma in their lives.

Parent-Adolescent Conflict Arthur L. Robin, Sharon L. Foster, 2002-12-18 Parent adolescent discord is often handled from a unitary perspective whether the focus is on enhancing parenting skills resolving conflicts in family relationships or working to improve the behavior of the individual child This important work shows the clinician how to incorporate all of these crucial elements into a single research based treatment program Presented is the authors influential integration of cognitive behavioral constructs and family systems theory grounded in consideration of adolescent developmental concerns The book describes effective ways to conceptualize and assess the problems of embattled parents and teens use assessment data in treatment planning overcome resistance and other therapeutic hurdles and implement carefully sequenced skills training cognitive restructuring and functional structural interventions The theoretical and empirical bases of the treatment approach are also discussed in depth **Memories Time Allow** Yoseph T. Banks, 2006-02-15 Almost every short ditty confined within this book has arrived to me through my dreaming stages All of the people are simply figments of my dreaming imagination They are indeed fiction yet while dreaming through them they took on an almost non fiction realm Cold sweats and at times racing heart beats were my companions throughout my awakening Some left me with a sense of actually knowing who they were On all occasions I dreamt of them only once then they returned to wherever it was they emanated from What controlled my dreaming I may never understand Only a few times did the dream stop one morning only to continue the following night while I slept It was a kind of a too be continued later type scenario While I began to dream at the exact same spot I left the previous night I became a little confused It was if their story simply was not over until they thought it was I understand that probably sounds a little psychotic but that's how it came down I virtually had no control over it so I reasoned out nothing and simply dreamt Many stories have a haunting underlying sequence of death I know not why except for that all the people seemed to be coming back from somewhere A sense came to me of a graveyard of which is now their permanent residence None of them argued on my death assumption as they never really talked to me anyway They showed me what they had to say As with all dreams I was merely observing Few life forms within my dreams were angry but many seemed frustrated They would consult among themselves and at times look at me It's very difficult to say they were looking at me for I was in the dream as my own sight It's not hard to imagine seeing through a dream because we've all done it Seeing is what we do in

dreams and on rare occasions some people say that they have actually seen themselves I have never seen myself in any dream yet I exist within the dream as merely sight Kind of like life without a mirror to reflect myself upon Anyway other short pages are simply word interpretations and fragments of assumptions I simply picked then dissected words for my own personal amusement However at times other people within my dreams would offer their opinions relative to what I was writing Some of these folks in my dreams didn't stick around that long only a few seconds A hit and run deal best describes them These people would blatantly talk out loud for no apparent reason yet what they said made me discover some writing perspectives I never understood before Most times what was said conveyed nicely onto the page I was writing Again I did not argue with the flow of what we accomplished I have to mention them for without their help I wouldn't have had much to write about A few of the pages are dedicated to soldiers Unfortunately the world still needs required army's Actually the world would do rather nicely without them for it is we who not the world in need of battle Three mentioned stories are about soldiers and unfortunately they are not stories on a female soldier The soldiers are men within the book One came from a very seemingly long dream and two came from partial dreaming I'll let you decide which is which Soldiers and death are long acquaintances that only time can control Actually timing and a soldier's death are one in the same For whatever reason the death undertones arrived on my pages it became written equally as easy I shall never understand death as I feel we never really die anyway We're just simply removed Many other pages reflect upon our human condition We all go through the same feelings or emotions so I figured I would collect some basic categories and dissect the word I feel it broke up the pages as to inflict conclusions yet keep my personal feelings at bay This is by no means a self help book We as a species have possibly uncountable help books at our disposal Fine by me but little knowledge can be obtained if Social Development as Preference Management Rachel Karniol, 2010-04-12 Karniol engagingly presents social development in children through the language of preference management Conversational excerpts garnered from around the world trace how parents talk about preferences how infants and children's emergent language conveys their preferences how children themselves are impacted by others preferences and how they in turn influence the preferences of adults and peers The language of preferences is used to crack into altruism aggression and morality which are ways of coming to terms with other people's preferences Behind the scenes is a cognitive engine that uses transformational thought conducting temporal imaginal and mental transformations to figure out other people's preferences and to find more sophisticated means of outmanoeuvring others by persuading them and playing with one's own mind and other people's minds when preferences are blocked This book is a unique and sometimes amusing must read for anyone interested in child development language acquisition socialisation and communication *Scars of a Chef* Rick Tramonto, 2011-03-01 Rick Tramonto started as a high school dropout working at Wendy's he became one of the hottest celebrity chefs in the world Yet his rise to culinary success was marked with tragedy loss and abandonment As a teenager Rick worked to support the family when his father who had Mob ties went to prison As a

young adult he struggled with a learning disability and drug addiction Yet as a chef he rose rapidly to culinary stardom earning rave reviews and eventually opening the famous four star establishment Tru From the outside it looked like he had everything he ever wanted his lifelong hunger for meaning should have been more than met But on the inside his life and his marriage were falling apart And then one night a voice on the radio changed everything Containing recipes and photos Scars of a Chef is the mesmerizing rags to riches memoir of one chef s journey through the highest heights and the lowest lows of the culinary world and his search for something that would finally heal his wounds and sustain him through even the darkest times
