works with their tendency toward whimsy and spontaneity are genuinely reflective of the period Arranged chronologically the discussed works function as a lens for viewing the period as a whole providing a more rounded sense of the hippie Zeitgeist that shaped and inspired the period Among the 15 works represented are One Flew Over the Cuckoo s Nest The Crying of Lot 49 Trout Fishing in America Siddhartha Stranger in a Strange Land Slaughterhouse Five and The Fan Man **Acid Christ** Mark Christensen,2010 From the literary wonder boy to the countercultural guru whose cross country bus trip inspired The Electric Kool Aid Acid Test this candid biography chronicles the life and times of cultural icon Ken Kesey from the 1960s through the 1980s Presenting an incisive analysis of the author who described himself as too young to be a beatnik and too old to be a hippie this account conducts a mesmerizing journey from the perspective of Mark Christensen an eventual member of the Kesey flock Featuring interviews with those within his inner circle this exploration reveals the bestselling author of One Flew Over the Cuckoo s Nest in his many forms placing him within the framework of his time his generation and the zeitgeist of the psychedelic era **The Far Corner** John Daniel,2009-03-02 John Daniel writes from the ground he walks on and the landscape he inhabits in the northwest corner of America spinning narratives that seek to discover how he belongs to the land and to the wholeness of life itself He takes his readers to beaches old growth forests sagebrush steppe lands and deep river canyons wild places and places scarred by human exploitation and leads us too through inner terrains where he explores mortality creativity and spirituality Both lyrical and informative these essays are diverse in focus various in length and inventive in form one is constructed as a journal two as linear montages By turns playful awed cantankerous and tender in tone they deliver themselves in a style of high informality welcoming readers to join the author as he journeys through some of the puzzlements sadnesses and small glories of living This collection extends John Daniel s earlier work The Trail Home in the personal essay form
