Sorolla Y La Hispanic Society Una Vision De Espana De Entresiglos:

Sorolla y la Hispanic Society Joaquín Sorolla y Bastida, Hispanic Society of America, Joaquín Sorolla, 1998 La muestra presenta obras relacionadas con el encargo que Sorolla recibió de llevar a cabo una serie de cuadros para el edificio de la Hispanic Society of America fundada por Archer Milton Huntington Las obras deben reflejar por un lado la diversidad de las regiones españolas y por otro lado retratar a los intelectuales y artistas de la época **Vistas de España** Mary Elizabeth Boone, 2007-01-01 In the decades following the American Civil War and leading up to the First World War a definitive shift in power took place between Spain and the United States This original book explores American artists' perceptions of Spain during this period of turmoil and demonstrates how their responses to Spanish art helped to answer emerging complex questions about American national identity M Elizabeth Boone focuses on works by Thomas Eakins Mary Cassatt William Merritt Chase John Singer Sargent Robert Henri and other American artists who traveled to Spain to study the achievements of such great masters as Murillo Velázquez and Goya The resulting American paintings some well known and others now largely forgotten provide intriguing insights not only into the 19th century American struggle to define itself as an imperial power but also into the relations between the United States and the Spanish speaking world today *Joaquín Sorolla Portraits 2* Cristina Berna, Eric Thomsen, 2024-08-02 Joaquín Sorolla born in Valencia 1863 died in Cercedilla 1923 is one of the most successful Spanish painters ever He was a genius in capturing the essence of the scene he was painting In Joaquín Sorolla Portraits 2 1900-1910 Sorolla becomes a celebrated portrait painter Following the success of his one man exhibitions in France 1906 to a lesser degree Germany 1907 England 1908 but especially the USA 1909 portrait commissions flooded in But even before Paris Sorolla produced a large number of portraits Many of his most important sitters were male but Sorolla did exquisite female portraits as well Among his most successful portraits were those of female sitters whom he invariably imbued with an elegance and beauty that rank them alongside the portraits of his contemporaries Giovanni Boldini Anders Zorn and John Singer Sargent **Las fuentes de la historia del arte en la época contemporánea** Laura Arias Serrano, 2012-10-17 Aunque no cabe duda de que la obra de arte es la fuente originaria y primordial de todo el proceso creador este no puede entenderse ni contextualizarse sin la consulta de otras fuentes contemporáneas al artista que a modo de eslabones de una cadena dan sentido a la obra ayudan a desentrañar las circunstancias que rodearon su creación y actúan como espejo crítico donde se hace balance de todo el proceso Las fuentes se convierten así en herramientas o instrumentos de trabajo a veces difícilmente clasificables sobre todo en la época contemporánea que aportan al investigador información orientada a descubrir resolver o dar forma y sentido al tema que le ocupa Las fuentes de la historia del arte en la época contemporánea además de paliar el vacío bibliográfico que actualmente existe en este campo surge con el propósito de servir de apoyo a la investigación y a la docencia A la investigación porque las fuentes son los instrumentos de los que se sirven el estudioso para dar forma a la historia y en este caso a la historia del arte No importa el tema pues este repertorio de 540

fuentes ordenadas por tipologías y cronología lo que le brinda son pistas para empezar sus búsquedas y en definitiva una metodología de trabajo y una estructura básica sobre la que ir montando todo el aparato documental de la investigación. Apoya a la docencia porque este libro se convierte por un lado en insustituible material de consulta y estudio para el alumno y por otro en un útilísimo repertorio documental para el profesor a la hora de preparar sus clases, hacer un comentario de texto en el aula o asesorar al estudiante en sus trabajos. Un libro que además consigue ir más allá pues no sólo aporta referencias a textos teóricos, técnicos o legales sino que ofrece amenos comentarios relativos a novelas, poemas, libros de viajes, biografías, repertorios iconográficos, entrevistas, películas que contextualizan y documentan al artista y a su obra. **Travelling Across**

Cultures Spanish Association for American Studies. Congreso, 2000. *La dispersión de objetos de arte fuera de España en los siglos XIX y XX* Fernando Pérez Mulet, Immaculada Socias Batet, 2011. Archer M. Huntington Patricia Fernández Lorenzo, 2024-12-20. At the turn of the twentieth century New York City philanthropist, arts patron and scholar Archer M. Huntington became the foremost collector and face of Spanish art in the United States with the founding of the Hispanic Society of America. This organization which served as a bridge between artists in Spain and wealthy patrons in the States was the culmination of a lifetime of scholarship and passion for Spanish culture. For Huntington one he would grapple with throughout his public and intellectual life. In *Archer M. Huntington: Founder of the Hispanic Society of America* Patricia Fernández Lorenzo offers for the first time in English a complete biography of Huntington tracing his enthusiasm for Spain and the arts from his childhood to his marriage to sculptor Anna Hyatt and his crisis of conscience in the wake of the violence of the Spanish Civil War. Drawing heavily from Archer's correspondence and from Anna Hyatt Huntington's papers housed at Syracuse University, Fernández Lorenzo offers a full, deeply human portrait of one of the great patrons of Spanish art, giving a comprehensive look at Huntington's role in defining Hispanicism in the United States. *Joaquín Sorolla. Técnica artística* María Luisa Menéndez Robles, Fabiola Almaraz Lorente-Sorolla, Marisa Gómez, Roberto Díaz Peña, Livio Ferrara, María Dolores Fuster Sabater, David Juanes, Pedro Pablo Pérez, Enrique Parra Crego, Clodoaldo Roldán, Benoit de Tapol, 2016-02-04. La obra de Joaquín Sorolla y Bastida 1863-1923 supone una amplísima repercusión de la mejor pintura española del último tercio del siglo XIX y las dos primeras décadas del siglo XX. A través de 2200 obras, el artista valenciano supo plasmar en sus lienzos momentos de luz y vida de las gentes y los paisajes de España en general y muy particularmente del Mediterráneo valenciano. Este libro recoge la aportación de varios reputados especialistas en su obra que analizan en las 400 páginas repletas de imágenes y detalles a todo color los cuadros más representativos del maestro. Visualizing Spanish Modernity Susan Larson, Eva María Woods, 2020-08-25. While the simultaneously creative and destructive forces of modernity in Western Europe have been well studied, the case of Spain has often been overlooked. *Visualizing Spanish Modernity* concentrates on the time period 1868-1939 which marks not only the beginning of the formation of a modern economy and the consolidation of the liberal state but also the growth of urban centers and spaces made possible by electricity, transportation, mass

production and the emergence of an entertainment industry The authors examine how mass print culture early cinema popular drama photography fashion painting museums and urban planning played a role in the way that Spanish society saw itself and was in turn seen by the rest of the world Assessing how new cultural forms were instrumental in shaping Spaniards into citizens of the modern world the authors consider such subjects as the spectacle of the body notions of race and gender the changing meanings of time space and motion the relationship between technology and everyday life and popular culture
