## **Sound Of Surprise 46 Pieces On Jazz:**

**The Sound of Surprise** Whitney Balliett, 1963      The sound of surprise Whitney Balliett, 1959 Most of the chapters in this book were originally published in the New Yorker between 1957 and 1959 Includes a discography of the recordings mentioned in the text      Songbooks Eric Weisbard, 2021-04-23 In Songbooks critic and scholar Eric Weisbard offers a critical guide to books on American popular music from William Billings's 1770 New England Psalm Singer to Jay Z's 2010 memoir Decoded Drawing on his background editing the Village Voice music section coediting the Journal of Popular Music Studies and organizing the Pop Conference Weisbard connects American music writing from memoirs biographies and song compilations to blues novels magazine essays and academic studies The authors of these works are as diverse as the music itself women people of color queer writers self educated scholars poets musicians and elites discarding their social norms Whether analyzing books on Louis Armstrong the Beatles and Madonna the novels of Theodore Dreiser Gayl Jones and Jennifer Egan or varying takes on blackface minstrelsy Weisbard charts an alternative history of American music as told through its writing As Weisbard demonstrates the most enduring work pursues questions that linger across time period and genre cultural studies in the form of notes on the fly on sounds that never cease to change meaning      **How to Listen to**

**Jazz** Ted Gioia, 2016-05-17 An acclaimed music scholar presents an accessible introduction to the art of listening to jazz

The ^AOxford Handbook of the Phenomenology of Music Cultures Harris M. Berger, Friedlind Riedel, David VanderHamm, 2023-12-15 The Oxford Handbook of the Phenomenology of Music Cultures brings ideas from the phenomenological tradition of Continental European philosophy into conversation with theoretical ethnographic and historical work from ethnomusicology anthropology sound studies folklore studies and allied disciplines to develop new perspectives on musical practices and auditory cultures The Handbook engages with both classical and contemporary phenomenology as well as theoretical traditions that have drawn from it providing major contributions to fundamental theory in the study of music and culture      **Jazz and the Philosophy of Art** Lee B. Brown, David Goldblatt, Theodore

Gracyk, 2018-01-31 Co authored by three prominent philosophers of art Jazz and the Philosophy of Art is the first book in English to be exclusively devoted to philosophical issues in jazz It covers such diverse topics as minstrelsy bebop Voodoo social and tap dancing parades phonography musical forgeries and jazz singing as well as Goodman's allographic autographic distinction Adorno's critique of popular music and what improvisation is and is not The book is organized into three parts Drawing on innovative strategies adopted to address challenges that arise for the project of defining art Part I shows how historical definitions of art provide a blueprint for a historical definition of jazz Part II extends the book's commitment to social historical contextualism by exploring distinctive ways that jazz has shaped and been shaped by American culture It uses the lens of jazz vocals to provide perspective on racial issues previously unaddressed in the work It then examines the broader premise that jazz was a socially progressive force in American popular culture Part III

concentrates on a topic that has entered into the arguments of each of the previous chapters what is jazz improvisation It outlines a pluralistic framework in which distinctive performance intentions distinguish distinctive kinds of jazz improvisation This book is a comprehensive and valuable resource for any reader interested in the intersections between jazz and philosophy International Jazz Bibliography Carl Gregor (Duke of Mecklenburg.),1969 **Jazzing** Thomas H. Greenland,2016-05-15 How do we speak about jazz In this provocative study based on the author s deep immersion in the New York City jazz scene Tom Greenland turns from the usual emphasis on artists and their music to focus on non performing participants describing them as active performers in their own right who witness and thus collaborate in a happening made one of a kind by improvisation mood and moment Jazzing shines a spotlight on the constituency of proprietors booking agents photographers critics publicists painters amateur musicians fans friends and tourists that makes up New York City s contemporary jazz scene Drawn from deep ethnographic research interviews and long term participant observation Jazzing charts the ways New York s distinctive physical and social cultural environment affects and is affected by jazz Throughout Greenland offers a passionate argument in favor of a radically inclusive conception of music making one in which individuals collectively improvise across social contexts to co create community and musical meaning An odyssey through the clubs and other performance spaces on and off the beaten track Jazzing is an insider s view of a vibrant urban art world *Checklist of Writings on American Music, 1640-1992* Guy A. Marco,1996 Cumulative index to all three volumes of Literature of American Music in Books and Folk Music Collections **This Is Our Music** Iain Anderson,2012-05-26 This Is Our Music declared saxophonist Ornette Coleman s 1960 album title But whose music was it At various times during the 1950s and 1960s musicians critics fans politicians and entrepreneurs claimed jazz as a national art form an Afrocentric race music an extension of modernist innovation in other genres a music of mass consciousness and the preserve of a cultural elite This original and provocative book explores who makes decisions about the value of a cultural form and on what basis taking as its example the impact of 1960s free improvisation on the changing status of jazz By examining the production presentation and reception of experimental music by Ornette Coleman Cecil Taylor John Coltrane and others Iain Anderson traces the strange unexpected and at times deeply ironic intersections between free jazz avant garde artistic movements Sixties politics and patronage networks Anderson emphasizes free improvisation s enormous impact on jazz music s institutional standing despite ongoing resistance from some of its biggest beneficiaries He concludes that attempts by African American artists and intellectuals to define a place for themselves in American life structural changes in the music industry and the rise of nonprofit sponsorship portended a significant transformation of established cultural standards At the same time free improvisation s growing prestige depended in part upon traditional highbrow criteria increasingly esoteric styles changing venues and audience behavior European sanction withdrawal from the marketplace and the professionalization of criticism Thus jazz music s performers and supporters and potentially those in other arts have both challenged and

accommodated themselves to an ongoing process of cultural stratification      **Norman Granz** Tad Hershorn,2011-10-17 Any book on my life would start with my basic philosophy of fighting racial prejudice I loved jazz and jazz was my way of doing that Norman Granz told Tad Hershorn during the final interviews given for this book Granz who died in 2001 was iconoclastic independent immensely influential often thoroughly unpleasant and one of jazz s true giants Granz played an essential part in bringing jazz to audiences around the world defying racial and social prejudice as he did so and demanding that African American performers be treated equally everywhere they toured In this definitive biography Hershorn recounts Granz s story creator of the legendary jam session concerts known as Jazz at the Philharmonic founder of the Verve record label pioneer of live recordings and worldwide jazz concert tours manager and recording producer for numerous stars including Ella Fitzgerald and Oscar Peterson      **Brass Music of Black Composers** Aaron Horne,1996-05-16 Aaron Horne provides the most comprehensive guide to brass music written by black composers He covers composers from around the world in the 19th and 20th centuries Included in the book is biographical information commission duration instrumentation date of publication premiere publisher discography for each piece bibliographical sources and an index which groups the music by numbers medium and ensemble This is the fourth volume in Aaron Horne s monumental effort to provide the most comprehensive guide to music composed by black composers In this volume he covers composers from around the world in the 19th and 20th centuries including William Grant Still Ulysses Kay Anthony Davis John Coltrane and other major figures from the world of classical jazz and popular music The main body of the book is divided into sections devoted to African African American Afro European and Afro Latino composers Within each section composers are arranged alphabetically each entry provides biographical information as well as commission duration instrumentation date of publication premiere publisher discography for each composition Backmatter includes a Brass Music Index which groups the music by numbers medium and ensembles a title index discography and bibliography As with the earlier volumes this is an essential reference tool for anyone with an interest in researching and or performing the music of black composers      **Freedom Is, Freedom Ain't** Scott Saul,2009-06-30 In the long decade between the mid fifties and the late sixties jazz was changing more than its sound The age of Max Roach s Freedom Now Suite John Coltrane s A Love Supreme and Charles Mingus s The Black Saint and the Sinner Lady was a time when jazz became both newly militant and newly seductive its example powerfully shaping the social dramas of the Civil Rights movement the Black Power movement and the counterculture Freedom Is Freedom Ain t is the first book to tell the broader story of this period in jazz and American history      *The Vinyl Countdown* Travis Elborough,2009-03-31 VINYL MAY BE FINAL NAIL IN CD S COFFIN ran the headline in a Wired magazine article in October 2007 Ever since the arrival of the long playing record in 1948 the album has acted as the soundtrack to our lives Record collections even on a CD or iPod are personal treasures revealing our loves errors in judgment and lapses in taste In The Vinyl Countdown Travis Elborough explores the way in which particular albums are deeply embedded in cultural history or so

ubiquitous as to be almost invisible While music itself has experienced several different movements over the past sixty years the album has remained a constant But the way we listen to music has changed in the last ten years In the age of the iPod when we can download an infinite number of single tracks instantaneously does the concept of the album mean anything Elborough moves chronologically through relevant periods letting the story of the LP certain genres youth cults and topics like sleeve designs shops drugs and education unfurl as he goes along The Vinyl Countdown is a brilliant piece of popular history an idiosyncratic tribute to a much loved part of our shared consciousness and a celebration of the joy of records

**Music Is My Life** Daniel Stein,2012-05-03 A groundbreaking study of Louis Armstrong s autobiographical practices

**Steppin' on the Blues** Jacqui Malone,1996 Former dancer Jacqui Malone throws a fresh spotlight on the cultural history of black dance the Africanisms that have influenced it and the significant role that vocal harmony groups black college and university marching bands and black sorority and fraternity stepping teams have played in the evolution of dance in African American life

**Uncharted** Bill Bruford,2018-01-17 What do expert drummers do Why do they do it Is there anything creative about it If so how might that creativity inform their practice and that of others in related artistic spheres Applying ideas from cultural psychology to findings from research into the creative behaviors of a specific subset of popular music instrumentalists Bill Bruford demonstrates the ways in which expert drummers experience creativity in performance and offers fresh insights into in the moment interactional processes in music An expert practitioner himself Dr Bruford draws on a cohort of internationally renowned peak career professionals and his own experience to guide the reader through the many dimensions of creativity in drummer performance

**The Aesthetics of Japanese Fascism** Alan Tansman,2009-08-12 In this wide ranging study of Japanese cultural expression Alan Tansman reveals how a particular often seemingly innocent aesthetic sensibility present in novels essays popular songs film and political writings helped create an aesthetic of fascism in the years leading up to World War II Evoking beautiful moments of violence both real and imagined these works did not lead to fascism in any instrumental sense Yet Tansman suggests they expressed and inspired spiritual longings quenchable only through acts in the real world Tansman traces this lineage of aesthetic fascism from its beginnings in the 1920s through its flowering in the 1930s to its afterlife in postwar Japan

**Catalogue** May and May (Firm),1994 *A Companion to the Modern American Novel, 1900 - 1950* John T. Matthews,2013-03-25 This cutting edge Companion is a comprehensive resource for the study of the modern American novel Published at a time when literary modernism is being thoroughly reassessed it reflects current investigations into the origins and character of the movement as a whole Brings together 28 original essays from leading scholars Allows readers to orient individual works and authors in their principal cultural and social contexts Contributes to efforts to recover minority voices such as those of African American novelists and popular subgenres such as detective fiction Directs students to major relevant scholarship for further inquiry Suggests the many ways that modern American and fiction carry new meanings in the twenty first century
