Texts Under Negotiation The Bible And Postmodern Imagination:

Texts Under Negotiation Walter Brueggemann, 1993 Old assumptions rational objectivist absolutist have for the most part given way to new outlooks which can be grouped under the term postmodern What does this new situation imply for the church and for Christian proclamation Can one find in this new situation opportunity as well as dilemma How can central biblical themes self world and community be interpreted and imagined creatively and concretely in this new context Our task Brueggemann contends is not to construct a full alternative world but rather to fund to provide the pieces materials and resources out of which a new world can be imagined The place of liturgy and proclamation is a place where people come to receive new materials or old materials freshly voiced which will fund feed nurture nourish legitimate and authorize a counterimagination of the world Six exegetical examples of such a new approach to the biblical text are included The Bible and Postmodern Imagination Walter Brueggemann, 1993 It is widely affirmed that we now live in a new situation a pluralistic postmodern world This situation is seen by many as a threat to traditional churches and their long established practices and patterns of belief not least their interpretation of the Bible Walter Brueggemann argues that this approach is far too pessimistic Far from being a threat our new situation offers new opportunities not least a chance to move beyond the negativities of historical criticism In support of this argument Professor Brueggemann first outlines in more detail the present context as he sees it Then he does the same for the themes of the Bible seeing them as the picture of a world which is to be correlated with and set over against the modern world providing a viable alternative infrastructure The third and last chapter turns to specific texts with a focus on memory covenant and hope By moving from context to theme to text Professor Brueggemann argues the text can be given liberating power to transform working in congregations who seek modes of practice faithful to the gospel *The Torah's Vision of Worship* Samuel E. Balentine, 1999-07-30 A complement to the author's earlier *Overtures to Biblical Theology* study on prayer this volume addresses the topic of worship as articulated in the first five books of the Bible Rather than a history of Israelite religion Balentine's volume examines the vision of worship expounded in the Torah in relation to priesthood creation liturgy and covenant He concludes by discussing the contemporary situation of experiencing God's hiddenness and a world caught in despair Balentine proposes that a fresh look at the Torah offers possibilities of counter imagination and hope Who Needs the Old Testament? Katharine Dell, 2017-06-30 Who needs the Old Testament It might be a literary classic but what relevance does it have today How much of it can we believe anyway Katharine Dell invites you to rediscover the appeal of the Old Testament for the twenty first century In doing so she deftly refutes hard line attacks by writers such as Richard Dawkins she firmly critiques the atheistic agenda of those scholars who seek to undermine the Old Testament's historical grounding and she helpfully reassures those within the church who express doubts about its usefulness as a resource for Christian life and thought Written by a world expert this book will help many both inside and outside the church to gain a more informed appreciation of the different kinds of literature contained in

the Old Testament and a more nuanced understanding of the developing vision of God to which they witness

Iconographic Exegesis and Third Isaiah Izaak Joias Hulster, 2009 Although scholars employ pictorial material in biblical exegesis the question of how images from the Ancient Near East can contribute to a better understanding of the Bible has been left unanswered This is the first monograph to outline a historical method for iconographic exegesis The methodological study includes both responses to important theoretical questions such as What is an image and What is culture and an interdisciplinary exploration of issues of history art history archaeology and cultural anthropology The three stage method proposed is embedded in hermeneutical and exegetical reflections The application of iconographical exegesis to the interpretation of metaphors is also considered In demonstrating the method and its application Izaak J de Hulster focuses on Third Isaiah and develops three iconographical exegetical studies on yad in Isaiah 56 5 light in Isaiah 60 and grape processing in Isaiah 63

A Theological Introduction to the Old Testament Prof. Walter Brueggemann, Prof. Bruce C. Birch, Prof. Terence E. Fretheim, David L. Petersen, 2011-12-01 This book has become a standard text in seminary and university classrooms The purpose of this second edition is to help readers come to a critically informed understanding of the Old Testament as the church's scripture This book introduces the Old Testament both as a witness of ancient Israel and as a witness to the church and synagogue through the generations of those who have passed these texts on as scripture The authors of this volume share a commitment to the interpretation of the Old Testament as a central resource for the life of the church today At the same time they introduce the Old Testament witness in a manner that honors the importance of biblical scholarship in helping students engage the variety of theological voices within the Old Testament This second edition gives special attention to deepening and broadening theological interpretations by including for example issues related to gender race and class It also includes more detailed maps and charts for student use

In Quest of a Vital Protestant Center George Demetrian, 2014-10-06 In Quest of a Vital Protestant Center probes the relationship between Scripture and culture in twentieth century US theology and biblical studies It points to the necessity of turning to what Karl Barth has referred to as the strange new world within the Bible for any revitalization of mainline Protestantism in the tradition of the Protestant Reformers in critical dialogue with serious evangelical theology The study includes a historical overview underlying what Demetrian refers to as the fundamentalist modernist great divide which continues to resonate powerfully in contemporary US Protestant thought and culture Demetrian offers an in depth exploration of four representative twentieth century Protestant theologians and biblical scholars spanning from the conservative evangelical theology of J I Packer to the postliberal dialectical theology of Walter Brueggemann The book includes a chapter on the neo orthodox legacy as a mediating resource in bringing evangelical and postliberal theology into dialogue with the core issues of theology biblical hermeneutics and religious culture Demetrian concludes with a critically empathetic review of the postliberal dialectical theology of Douglas J Hall and the evangelical narrative theology of Richard Lints In linking evangelical postliberal and neo

orthodox theology to a common search for a vital Protestant center this book will facilitate fruitful dialogue among divergent schools of Protestant thought and culture The Gagging of God D. A. Carson, 2009-09-01 The Gold Medallion Award winning book that presents a persuasive case for Christ as the only way to God in light of contemporary religious pluralism A great majority of social commentators attempting to define modern Western culture land on a common characteristic pluralism This isn't unique to secular culture Many modern approaches to Christian hermeneutics or biblical interpretation have given credence to contemporary pluralism What began as a refreshing restraint and humility in modern theology has fallen more and more into irresoluteness It's no secret that the contemporary challenges to Christianity are complex and serious Yet far from simple fear mongering or cultural warmongering The Gagging of God takes a hard look at the background and intricacy of pluralism postmodernity and hermeneutics and equips thoughtful Christians to have intelligent culturally sensitive and passionate fidelity to the gospel of Jesus Christ In his contemplative even handed approach Carson provides a structure of Christian thought capable of facing the philosophies of today and piercing their surface It invites Christians to grapple responsibly with urgent questions of biblically grounded theology spirituality and the defining lines of Christianity along with its range of challenges from without and within The Gagging of God offers an in depth look at the big picture shows how the many ramifications of pluralism are all parts of a whole and provides a systematic Christian response

Divine Presence amid Violence Walter Brueggemann, 2009-02-11 To pursue the matter of revelation in context I will address an exceedingly difficult text in the Old Testament Joshua 11 The reason for taking up this text is to deal with the often asked and troublesome question What shall we do with all the violence and bloody war that is done in the Old Testament in the name of Yahweh The question reflects a sense that these texts of violence are at least an embarrassment are morally repulsive and are theologically problematic in the Bible not because they are violent but because this is violence either in the name of or at the hand of Yahweh from chapter 2 *Vain Rhetoric* Gary D. Salyer, 2001-06-01 The Book of Ecclesiastes like many ancient and modern first person discourses generates ambivalent responses in its readers The book's rhetorical strategy produces both acceptance of and suspicion towards the major positions argued by the author *Vain rhetoric* aptly describes the persuasive and dissuasive properties of the narrator's peculiar characterization It also describes how the Book of Ecclesiastes with its abundant use of rhetorical questions constant gapping techniques and other strategies from the arsenal of ambiguity is a stunning testimony to the power of the various strategies of indirection to communicate to the reader something of his or her own rhetorical liabilities and limitations as well as those of the religious community in general
