Tg Prehistoric Creatures Then Now:

Prehistoric Hunter-Gatherers of the Baikal Region, Siberia Andrzej W. Weber, M. Anne Katzenberg, Theodore G. Schurr, 2011-05-26 Siberia's Lake Baikal region is an archaeologically unique and emerging area of hunter-gatherer research offering insights into the complexity, variability and dynamics of long-term culture change. The exceptional quality of archaeological materials recovered there facilitates interdisciplinary studies whose relevance extends far beyond the region. The Baikal Archaeology Project, one of the most comprehensive studies ever conducted in the history of subarctic archaeology, is conducted by an international multidisciplinary team studying Middle Holocene about 9 000 to 3 000 years B.P. hunter-gatherers of the region. Funded by the Social Sciences and Humanities Research Council of Canada, the project includes scholars in archaeology, physical anthropology, ethnography, molecular biology, geophysics, geochemistry and paleoenvironmental studies. This book presents the current team's research findings on questions about long-term patterns of hunter-gatherer adaptive strategies. Grounded in interdisciplinary approaches to primary research questions of cultural change and continuity over 6 000 years, the project utilizes advanced research methods and integrates diverse lines of evidence in making fundamental and lasting contributions to hunter-gatherer archaeology. Hendrix, 1961 **The Encyclopedia Americana**, 1998 *Irishmen in the Great War* Tom Burnell, 2015-10-05 In a quest to discover the forgotten Irishmen in twenty-seven Irish newspapers, many of which are now obsolete, the author uncovered unbelievable and forgotten newspaper articles cast aside since the 1920s until now. Following the success of the first book in the series, *1914 Irishmen in the Great War: Reports from the Front*, 1915 is a labour of love from author Tom Burnell containing over 150 hand-picked news stories taken from a selection of twenty-seven Irish newspapers throughout the course of the year. These rare and untapped stories, many of which have not seen the light of day since the 1920s, give a unique insight into life on the front line and on the home front during the First World War. These are the accounts of local men at the front, letters sent home from soldiers in the trenches at Flanders, graphic narratives from allied gun turrets, Irish nuns at Ypres, Irish POWs held in Germany, troops coming under fire on Christmas morning and many more. We are presented with articles explaining the logistical side of supporting the army, from how the men at the front were fed to combating ailments brought about by living in the trenches. A letter from a surgeon of the King's Country Infirmary explains the graphic experiences of everyday life on the front line, and the newspapers present feature articles on the use of torpedos, hand grenades, warplanes and more. Translated German letters pay tribute to the courage, stamina and shooting skill shown by the British, and letters from British troops remark on the deadly accuracy of the German snipers. We also hear of a Kilkennyman who survived the sinking of the *Lusitania* and how the attack strengthened the resolve of Irish soldiers on the front. We see letters from lieutenants in the Leinsters, privates in the Munsters at Egypt, the Connaughts at Turkey, a fifteen-year-old soldier

of the 18th London Irish Rifles a Kilmoganny soldier writing to the Kilkenny People during a lull in the fighting letters explaining how the 2nd Royal Irish Rifles fought at Neuve Chapelle and an officer's harrowing description of a gas attack at Hill 60 Following the success of the first book in the series covering 1914 Irishmen in the Great War Reports from the Front 1915 is a labour of love from author Tom Burnell containing over 150 hand picked news stories taken from a selection of twenty seven Irish newspapers throughout the course of the year These rare and untapped stories many of which have not seen the light of day since the 1920s give a unique insight into life on the front line and on the home front during the First World War Geological Survey Guidebook Indiana.
