Devotional and Guide to Praising God in the Midst of Spiritual Battle Michael Winkelman, 2020-01-08 Life is a struggle Most people understand this but most don t understand the true nature of this struggle The struggles of life are due to a spiritual conflict that is being waged between God and his enemy At the foundation of this struggle is the heart of man We feel this fight being waged inside of us every day but for many the fight is lost because they do not understand its true nature For the disciples of Jesus Christ the nature of the conflict has been exposed and they can see what drives the fight that is inside of all of us But for many Christians understanding how to conquer the forces that relentlessly siege their hearts in day to day life seems like a losing battle Sing Your Warsong Christian serves as a spiritual handbook that outlines strategies and tactics that will enable Christians to overcome the forces that seek to destroy them Along with the handbook is a sixty day devotional that will help equip the reader each day for the fight At the core of this guide and devotional is the warsong concept praising God in the midst of battle Are you struggling Does it seem the spiritual forces of darkness have pressed in on all sides Take heart Read Sing Your Warsong Christian and learn how to fulfill your purpose and live under the covering of Christ s victory Sing your warsong A Forgotten Migration Crystal R. Sanders, 2024-10-15 A Forgotten Migration tells the little known story of segregation scholarships awarded by states in the US South to Black students seeking graduate education in the pre Brown v Board of Education era Under the Plessy v Ferguson decision decades earlier

southern states could provide graduate opportunities for African Americans by creating separate but equal graduate programs at tax supported Black colleges or by admitting Black students to historically white institutions Most did neither and instead paid to send Black students out of state for graduate education Crystal R Sanders examines Black graduate students who relocated to the North Midwest and West to continue their education with segregation scholarships revealing the many challenges they faced along the way Students that entered out of state programs endured long and tedious travel financial hardship racial discrimination isolation and homesickness With the passage of Brown in 1954 segregation scholarships began to wane but the integration of graduate programs at southern public universities was slow In telling this story Sanders demonstrates how white efforts to preserve segregation led to the underfunding of public Black colleges furthering racial inequality in American higher education
