Thardcoverreskia Traditions Of The Greek Mysteries:

Threskia Evangelos Rigakis,2000-05 None but the Gods I hear call my name beckoning beseeching me to free them from the aeons of their perpetual silence Not but my blood drives me to the well of my roots in this incarnation I come to know Oh the delight the ecstasy of Daemona raising my head to the call of my fore fathers Oh but the pain of the burden placed upon my mortal shoulders a delight few have enjoyed and I am Atlas rising Hear me for I am Pan dancing in the luscious green forest of Arcadia laughing and playing my syrinx for the world to hear Accept this gemmed elixir as my gift for I am Bacchus the little horned child god Join us in our mystery with sacred orgy the delights and raptures of the Gods are once again upon us We sing the mysteries plain into the day of brilliant light and into the night of delight I am Hermes and with my message I resurrect the dead of ancient times and clear the sands of Chronos from the ruins and the crypt appear in full view I am nothing more than an Ancient Greek living in your modern day answering to the call for the day of silence is over and the time of joyous laughter upon us Hail my Brethren come join this dance and partake in the delights of Ancient Greece *The Eleusinian Mysteries* Charles River Editors,2017-01-15 Includes pictures Includes ancient accounts describing the Mysteries Includes online resources and a bibliography for further reading Ancient Greece and its mythology has fascinated people for thousands of years and few elements have intrigued people quite like the Eleusinian Mysteries which the Greeks believed transformed the initiates and gave them knowledge that eased both the living of life on earth and allayed fears of death allowing an acceptance of their ultimate fate The influence of the Eleusinian Mysteries was also far reaching for example the Telesterion is reminiscent of the labyrinthine symbolic structures that can be found all over pre historic Europe ranging from those in Ireland to Malta and Crete to the Shetlands The larger precinct of Eleusis combining as it did caves terraces and buildings carved into the rock again all echo that ancient past The external journey of the initiate is mirrored in his internal journey and what can be seen is that the spiritual torch of classical Greece as exemplified in these rites hides the much older worship of deities It was the spirit of those older gods and goddesses that ultimately pervaded Eleusis However it would be unwise to see the Eleusinian Mysteries as something separate from the other aspects of the Greek belief system or even worse seeing them as somehow more spiritual than the others The fact that a considerable element of the Eleusinian Mysteries suggests a tendency towards spiritual monotheism has led to many false conclusions about their nature They were not a unique phenomenon in Greek religious tradition and the concepts of secrecy and revelation of mysteries only to initiates had parallels in the cults of Dionysius and Cybele Similarly the mystical dimensions of the rites with their emphasis on a personal encounter with the deity can be found in other cultic activities Nonetheless for the ancient Greeks the vital issue was that only through the Mysteries could they escape the miserable eternal fate ascribed for them if they were not initiated Sophocles summed it up neatly declaring Oh thrice blessed the mortals who having completed the Mysteries have descended to the underworld for those only will there be a future life of happiness for the others there will find nothing but

suffering The rites comprising the Eleusinian Mysteries formed a Panhellenic event that attracted visitors from all over the Greek world including Sicily and Cyrene Ultimately anyone who spoke Greek male female free or slave could present themselves as a candidate for initiation provided that they were free of any sacrilege or untainted by a heinous crime such as murder The Mysteries became the most sacred of the mystical celebrations that took place in Greece and today the rites and rituals that made up what was a huge event are still the subject of academic controversy and religious debate What makes the Eleusinian Mysteries so important for people studying ancient Greece is that they survived for hundreds of years well into the Christian era They celebrated Demeter a hugely important figure in Greece particularly in both Athenian and Roman worship and the whole Festival was celebrated by the state with pomp Most of all however the aura of mystery that has surrounded the famous rites and the lack of absolutely incontrovertible information about what exactly went on in some of the most secret parts of the rites has ensured that they have remained enigmatic and have thus continued to be intriguing throughout history The Eleusinian Mysteries The History of Ancient Greece s Most Famous Religious Rites looks at some of the ancient Greeks most important religious practices Along with pictures depicting important people places and events you will learn about the Eleusinian Mysteries like never before [The Road to Eleusis](#) Robert Gordon Wasson,Albert Hofmann,Carl A. P. Ruck,1978 Presented here is an astonishing solution to the Mysteries of Eleusis the secret religious rites of ancient Greece that have remained a riddle for the Western World for close to 4 000 years Acting on an insight into the true nature of the rites R Gordon Wasson sought the collaboration of Albert Hoffman the renowned chemist who discovered LSD and Carl A P Ruck a classical scholar specializing in Greek ethnobotany Wasson the author of three books on the role of hallucinogenic mushrooms in human societies has already uncovered the mushroom cult of Mesoamerica and identified the elusive Soma of the Vedic hymns Closely coordinating their research the three scholar scientists first offered documentation on the religious rites at an International Conference on Hallucinogenic Mushrooms in late 1977 These sensational findings given here in a much expanded version leave little doubt that the ancient secret of Eleusis has at last been unveiled Pg 4 of cover [The Lesser and Greater Mysteries of Greece](#) C.
