That Woman I Married Melvin R. Miller, 1986-01-01

Marry Me in Africa E. Kofi Agorsah, 2012-09-17

Marry Me in Africa is an invitation to discuss approaches and processes in African marriage ritual. As one crucial institution in African culture, marriage in its traditional African definition has helped many of the continent's cultures maintain a sense of community and identity. This book invites especially students and researchers into exchanges on some African marriage traditions and their roles in African societies. It concerns those aspects that fascinate me and many other Africans that we believe will interest people in the New World, particularly the Caribbean. Researchers of the African Diaspora might want to use some of the marriage practices for reconstructing models for analysis and interpretation of the formation and transformation of the African heritage in the Diaspora. **Marry Me in Africa** is particularly useful for scholars not familiar with the different cultural practices among African societies, their sources of identity and diversity, and the implications of these for understanding African social systems. This book will be a useful companion for other scholars who know about some of the cultural practices but are unable to identify exactly their relationship to specific ethnic groups, traditional concepts, social, political, economic, technological, and other practices that have constituted the patterns of cultural behavior among African societies through marriage. Individual or local cultural traditions and practices are presented within the context of the general African cultural heritage, leading to cross-cultural comparison and generalizations. The convergence of traditional marriage patterns and continuities in specific aspects of traditional values and behavior of various societies are examined over the common ground sense of community among Africans that may not be the same today as in the past. For this reason, this book takes the liberty to discuss present manifestations of a transformed past in the present. *Female Identity*

Formation and Response to Intimate Violence Anne Kiome Gatobu, 2013-02-19. This book is a vital resource for intervention programs, educators, social workers, counselors, psychotherapists, pastoral counselors, and survivors of intimate violence and their families. It gives the reader access to the inner emotions and psychological mechanisms of survivors of intimate violence in collective cultures that work to hold them captive in violent relationships. The author integrates the psychological developmental theories of Heinz Kohut and Erik Erikson with social, cultural, and religious aspects to demonstrate the collusive power of what she calls the orienting system, psychosocial and religious cultural force in the formation of a female sense of self. To investigate the peculiar range of responses of females to intimate violence, using theoretical and empirical research, the author claims that the demeanor and functionality of the female survivor of intimate violence is an adaptation that enables her to retain her socially prescribed roles, which she appropriates as a social identity and sense of self. A surprising aspect of this work is the transformative power of religion, also resourced in the orienting system, in transforming the psychic hold of survivors to cathected self-objects to self-images that approximate a self in healthy relationship with God. Consequently, the energies and investment released can be redirected to cohere in self-identities that can optimize drive.

thrive and relationality **Families and Estates** International Academy of Estate and Trust Law. Annual Conference, 2005-01-01 This book focuses upon two themes the definition of family and the impact of the expansion of the concept of family in law and family fights over wills and estates what recourse family members may have in challenging an estate The first part The challenge of the new family for Law considers the challenge both in the inter vivos and the postmortem contexts in the United States Canada France the United Kingdom Australia and New Zealand A particular focus is upon the dramatic expansion of the definition of family from the traditional nuclear family consisting of a husband wife and their mutual children to a definition that includes unmarried heterosexual and same sex couples living together and in some jurisdictions to new kinds of companionate partnerships that are not based on a sexual relationship In some jurisdictions such developments are simply an expression of sharing responsibility by allocating it in the private domain as opposed to the public potentially through social welfare in others particularly in the United States it is a defence of fundamental institutions and with it a defence of society itself The second part Family fights over wills and estates examines the law in Australia Switzerland France Mexico and the United Kingdom Its comparison of civil and common law approaches shows how the law expresses the same principle objects protection of family and obligations towards key family members but does so from entirely different perspectives and where the common law which enshrined the notion of testamentary freedom is being qualified through the expanding domain of family provision legislation the civil law which is based on codified shares and allocated responsibilities expressed through proportionate entitlements in estates is being qualified through a range of disqualifying and varying mechanisms **Land of the Unconquerable** Jennifer Heath, Ashraf Zahedi, 2011-03-23 Reaching beyond sensational headlines this book offers a three dimensional portrait of Afghan women In a series of wide ranging deeply reflective essays this book examines the realities of life for women in both urban and rural settings **The Parliamentary Debates, Official Report** Great Britain. Parliament. House of Commons, 1924 Contains the 4th session of the 28th Parliament through the 1st session of the 48th Parliament *International Perspectives on Family Violence and Abuse* Kathleen Malley-Morrison, 2012-12-06 In this book in which definitions and examples of abuse from men and women from every continent and a very diverse set of backgrounds are considered The volume provides information on the extent to which family violence is a recognized problem in each country research findings available on different forms of family violence and information on governmental responses to family violence Finally the value of an international human rights approach to abuse and violence in families is considered The book presents an unparalleled international coverage addressing all forms of family violence in Australia and at least two countries from every other continent Each chapter begins by describing the cultural context in which family violence and abuse take place These sections emphasize the role of women and children in the country Providing a multitude of voices each chapter includes fascinating and often dramatic definitions and examples of abuse from ordinary citizens of the country The concluding chapter elaborates on the appropriateness of a

human rights approach in addressing family violence cross nationally and cross culturally and provides an excellent integration of much of the material from the previous chapters The book is intended for advanced undergraduates and graduate students in psychology and sociology as well as pre professionals and professionals in medicine law and social services It has strong relevance and value to individuals training in counseling counselor education and clinical psychology Because of its readable style and extensive use of quotations from citizens of the countries studied for the book it may also appeal to a much broader audience including a lay audience

General Code of Tribal Custom in the Shahpur District of the Punjab James

Wilson,1896 **Money Makes Us Relatives** Jenny B. White,2004-08-02 In the rural immigrant community of Istanbul poor women spend up to fifty hours a week producing goods for export yet deny that they actually work Money Makes Us Relatives asks why Turkish society devalues women s work concealing its existence while creating a vast pool of cheap labor for the world market Drawing on two years of ethnographic fieldwork among family producers and pieceworkers and using fascinating case studies throughout Jenny B White shows how women s paid work is viewed in terms of kinship relations of reciprocity and obligation an extension of domestic work for the family which is culturally valued but poorly compensated Whilst offering the benefits of social identity and long term security women s work also reflects global capitalism s ability to capture local cultural norms and to use these to lower production costs and create exploitative conditions This fully revised

second edition includes a new introduction and conclusion updated references comparative material on women s labor elsewhere in the world and brand new material on Islam globalization gender and Turkish family life It is an important contribution to debates about women s participation in late global capitalism
