Cryptohistories Alicja Bemben, Rafał Boryśławski, 2015-02-27 Cryptohistories is a collection of essays which provides a meeting ground for historians and cultural scholars analysing discussions of cryptic discourses in history and in historical narratives with roots in the mysterious. The focus here is on history as a subjective narrative as a conscious construct and as manipulation. Equally important for all the contributors brought together in this book is the mechanics of the rise, popularity and apparent necessity of such narrative strategies. The essays address a variety of issues revolving around the study of cryptic aspects of discourses ranging from theoretical approaches to secretive narratives of history, cultural encoding and decoding of cryptohistories, microhistories focusing on historical mysteries and mythicised pasts and processes of mythicization of the past as well as histories and theories of chance and manipulation. Among its specific subjects Cryptohistories features discussions on the reasons why certain quasi historical narratives do not reach the status of history on conspiracy theories analysed from the perspective of contemporary video games on the paradoxes of truth and falsehood in history on parasitology as a cryptohistorical discourse on the codes of Victorian floriography on cases of cross dressing and sartorial camouflage on the Vietnam War MIAs on manipulations lying at the core of contemporary Bulgarian identity on the search for a racial utopia in the American South and on the fiction of Beryl Bainbridge as a form of cryptohistorical literature.

Not Quite True Lyla Payne, 2015-04-17 With Mayor Beau accused of abuse of power and facing federal indictment a relentless curse after her unborn nephew and a moody uncommunicative spirit in her room reluctant ghost helper Graciela Harper figures she's got enough on her plate. The universe as usual figures otherwise. On a girls trip to Charleston that's meant to give Beau some space and cheer up her cousin Amelia a second ghost follows Gracie back to Heron Creek. As she digs into the mystery behind the Whistling Doctor of Dueller's Alley things at home go from bad to worse. Leo's not talking to her. Amelia's depression is putting her health at risk and Beau well maybe he's not as innocent as Gracie always believed. All that takes a back seat when Gracie's run off the road on her way back from a research trip forcing her to face the possibility that her ghost's secrets might not be about harmless lost love after all. In fact he's been the only person aware of certain documents for over two hundred years and if Gracie helps unearth them she might find herself trapped underground permanently.
