The Growth Of Responsible Government From James The First To Victoria

Arthur Herbert Dodd

The Growth Of Responsible Government From James The First To Victoria:

The Growth of Responsible Government Arthur Herbert Dodd, 1956 **The Growth of Responsible Government** A. H. Dodd, 2026-01-30 First published in 1956 this book examines Britain's unique contribution to political practice tracing its evolution from Stuart parliaments struggle against monarchy to constitutional developments of 18th century It highlights key features like Prime Minister Cabinet party organisation and the alternation of Government and Opposition Responsible Government and the Australian Constitution Benjamin B Saunders, 2023-06-15 This book looks at responsible government under the Australian Constitution It undertakes a detailed examination of the history leading to the incorporation of responsible government into the Constitution examining the political history and constitutional ideas which informed the framers views It draws on this history to develop a theory of responsible government and explore its implications for the interpretation of the Constitution and the structure of modern government in Australia The book fills a major gap in our knowledge of the intellectual background of the Australian Constitution by explaining the constitutional ideas that have shaped the text and structure of the Australian Constitution It contributes to worldwide debates about constitutional interpretation by showing how rigorous use of history can lead to novel interpretations of constitutions without being tied to the dead hands of the founders **The Growth of Responsible Government in Stuart England** Clayton Roberts, 1966 Professor Clayton Roberts opens his book with the assertion that the responsibilities assumed by Sir Robert Walpole as the leading minister of George I differed markedly from those borne by Lord Burghley as the most trusted servant of Queen Elizabeth Walpole assumed responsibility for the advice upon which the King acted and answered to Parliament for the wisdom as well as the legality of that advice Lord Burghley has claimed no such responsibility for the counsels upon which the Queen acted If necessary Lord Burghley could plead the Queen's commands to justify his actions Walpole knew he could not plead the King's commands to justify his conduct He had to answer for his conduct to Parliament where he was liable to criticism censure and impeachment to gain office and to remain in office Walpole needed the confidence of Parliament as well as of the King The purpose of Professor Clayton Roberts's study is to explain how and why these changes in the responsibilities of ministers of state occurred Drawing on a wide knowledge of secondary material Professor Roberts develops his argument coherently and lucidly and illuminates the whole area of 17th century political and constitutional history Publisher **Restoration England 1660-1689** William Lewis Sachse, 1971-07-02 **Religion, Secularism, and Political Belonging** Leerom Medovoi, Elizabeth Bentley, 2021-03-08 Working in four scholarly teams focused on different global regions North America the European Union the Middle East and China the contributors to Religion Secularism and Political Belonging examine how new political worlds intersect with locally specific articulations of religion and secularism The chapters address many topics including the changing relationship between Islam and politics in Tunisia after the 2010 revolution the influence of religion on the sharp turn to the political right in Western Europe understandings of Confucianism

as a form of secularism and the alliance between evangelical Christians and neoliberal business elites in the United States since the 1970s This volume also provides a methodological template for how humanities scholars around the world can collaboratively engage with sweeping issues of global significance Contributors Markus Balkenhol Elizabeth Bentley Kambiz GhaneaBassiri David N Gibbs Ori Goldberg Marcia Klotz Zeynep Kurtulus Korkman Leerom Medovoi Eva Midden Mohanad Mustafa Mu chou Poo Shaul Setter John Vignaux Smith Pooyan Tamimi Arab Ernst van den Hemel Albert Welter Francis Ching Wah Yip Raef Zreik

Canadian History: Beginnings to Confederation Martin Brook Taylor,Doug Owram,1994-01-01 In these two volumes which replace the Reader s Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover

Writing a Small Nation's Past Neil Evans,2016-02-17 This is the first volume to examine how the history of Wales was written in a period that saw the emergence of professional historiography largely focused on the nation across Europe and in the United States It thus sets Wales in the context of recent work on national history writing in the nineteenth and twentieth centuries and more particularly offers a Welsh perspective on the ways in which history was written in small mainly stateless nations The comparative dimension is fundamental to the volume s aim highlighting what was distinctive about Welsh historical writing and showing how the Welsh experience mirrors and illuminates broader historiographical developments The book begins with an introduction that uses the concept of historical culture as a way of exploring the different strands of historiography covered in the collection providing orientation to the chapters that follow These are divided into four sections Contexts and Backgrounds Amateurs and Popularizers Creating Academic Disciplines and Comparative Perspectives All these themes are then drawn together in the conclusion to examine how far Welsh historians exemplify widespread trends in the writing of national history and thereby point up common themes that emerge from the volume and clarify its broader significance for students of historiography

Power Play James P. Pfiffner,2009-09-01 The framers of the U S Constitution divided the federal government s powers among three branches the executive the legislative and the judiciary Their goal was to prevent tyranny by ensuring that none of the branches could govern alone While numerous presidents have sought to escape these constitutional constraints the administration of George W Bush went farther than most It denied the writ of habeas corpus to individuals deemed to be enemy combatants It suspended the Geneva Convention and allowed or encouraged the use of harsh interrogation methods amounting to torture It ordered the surveillance of Americans without obtaining warrants as required by law And it issued signing statements declaring that the president does not have the duty to faithfully execute hundreds of provisions in the laws he has signed Power Play analyzes the Bush presidency s efforts to expand executive power in these four domains and puts them into constitutional and historical perspective Pfiffner explores the evolution of Anglo American thinking about executive power and individual rights He highlights the lessons the Constitution s framers drew from such philosophers as Locke and Montesquieu as well as

English constitutional history He documents the ways in which the Bush administration's policies have undermined the separation of powers and he shows how these practices have imperiled the rule of law Following 9 11 the Bush presidency engaged in a two front offensive In Afghanistan and Iraq the administration aggressively prosecuted the war on terror At home it targeted constraints on the power of the executive Power Play lays bare the extent of this second campaign and explains why it will continue to threaten the future of republican government if the other two branches do not assert their own constitutional prerogatives

The New Bath Guide Christopher Anstey, Annick Cossic, 2010 This illustrated edition of The New Bath Guide by Christopher Anstey is based on the Second Issue of the First Edition which was published in 1766 It includes two major additions made by the author the Epilogue and A Charge to the Poets It aims at widening the perspective on the eighteenth century by examining the work of a minor poet and challenges conventional assumptions about the scope of minor poetry This series of satirical letters in verse written by the members of a provincial family staying in Georgian Bath provides an inexhaustible source of fun and has great sociological interest Thanks to the individual and varied voices which are heard in this epistolary poem a whole society in the making comes alive through the distorting mirror of satire The introduction notes and appendices throw new light on a once famous and provocative text and make extensive use of little known material such as significant parts of the author's correspondence They situate Anstey's work in its literary and historical contexts by locating it at the junction of fiction and documentation at a time of emergence when new social codes were defined for a new society
