

The Criterion Collection, a continuing series
of important classic and contemporary films, presents

the 400 blows

François Truffaut's first feature is also his most personal. Told from the point of view of Truffaut's cinematic counterpart, Antoine Doinel (Jean-Pierre L  aud), *The 400 Blows* (*Les quatre cents coups*) sensitively re-creates the trials of Truffaut's own childhood, unsentimentally portraying aloof parents, oppressive teachers, and petty crime. The film marked Truffaut's passage from leading critic to trailblazing auteur of the French New Wave.

The 400 Blows Criterion Collection:

A Companion to François Truffaut Dudley Andrew, Anne Gillain, 2013-02-11 A Companion to François Truffaut An unprecedented critical tribute to the director who in France wound up becoming the most controversial figure of the New Wave he helped found Raymond Bellour Centre National de la Recherche Scientifique This exciting collection breaks through the widely held critical view that Truffaut abandoned the iconoclasm of his early work for an academicism he had consistently railed against in his own film criticism Indeed if fever and fire were Truffaut's most consistent motifs the essays in this collection live up to his lifelong burning passion for the cinema Written by world famous scholars the essays exhaustively explore the themes and styles of the films as well as Truffaut's relationships to André Bazin Alfred Hitchcock and the directors of the New Wave his ground breaking and controversial film criticism and his position in the complex politics of French cultural life from the Popular Front to 1968 and after Angelo Restivo Georgia State University Although the New Wave one of the most influential aesthetic revolutions in the history of cinema might not have existed without him François Truffaut has largely been ignored by film scholars since his death almost thirty years ago As an innovative theoretician an influential critic and a celebrated filmmaker Truffaut formulated disseminated and illustrated the ideals of the New Wave with exceptional energy and distinction Yet no book in recent years has focused on Truffaut's value and his overall contribution to cinema deserves to be redefined not only to reinstate him in his proper place but to let us rethink how cinema developed during his lifetime In this new Companion thirty four original essays by leading film scholars offer new readings of individual films and original perspectives on the filmmaker's background influences and consequence Hugely influential around the globe Truffaut is assessed by international contributors who delve into the unique quality of his narratives and establish the depth of his distinctively styled work An extended interview with French filmmaker Arnaud Desplechin tracks Truffaut's controversial stature within French cinema and vividly identifies how he thinks and works as a director adding an irreplaceable perspective to this essential volume Focus On: 100 Most Popular French-language Films Wikipedia contributors,

Brown v. Board and the Transformation of American Culture Ben Keppel, 2016-01-11 Brown v Board of Education which ended legally sanctioned segregation in American public schools brought issues of racial equality to the forefront of the nation's attention Beyond its repercussions for the educational system the decision also heralded broad changes to concepts of justice and national identity Brown v Board and the Transformation of American Culture examines the prominent cultural figures who taught the country how to embrace new values and ideas of citizenship in the aftermath of this groundbreaking decision Through the lens of three cultural first responders Ben Keppel tracks the creation of an American culture in which race class and ethnicity could cease to imply an inferior form of citizenship Psychiatrist and social critic Robert Coles in his Pulitzer Prize winning studies of children and schools in desegregating regions of the country helped citizens understand the value of the project of racial equality in the lives of regular families both white and black

Comedian Bill Cosby leveraged his success with gentle family centric humor to create televised spaces that challenged the idea of whiteness as the cultural default Public television producer Joan Ganz Cooney designed programs like Sesame Street that extended educational opportunities to impoverished children while offering a new vision of urban life in which diverse populations coexisted in an atmosphere of harmony and mutual support Together the work of these pioneering figures provided new codes of conduct and guided America through the growing pains of becoming a truly pluralistic nation In this cultural history of the impact of Brown v Board Keppel paints a vivid picture of a society at once eager for and resistant to the changes ushered in by this pivotal decision Vivre Ici Alison J. Murray Levine,2018-03-19 Vivre Ici analyzes a diverse selection of contemporary French documentaries about spaces and places in France Integrating film theory eco criticism and cultural history Levine investigates documentary cinema as experience The book reveals a collage like fragmented vision of France as seen through documentary cameras and explores the social and political consequences of these films that matter
