

# Definition of nutritional status

**Nutritional status** is the current body status, of a person or a population group, related to their state of nourishment (the consumption and utilization of nutrients).

The nutritional status is determined by a complex interaction between internal/constitutional factors and external environmental factors:

- **Internal or constitutional factors like:** age, sex, nutrition, behavior, physical activity and diseases.
- **External environmental factors like:** food safety, cultural, social and economic circumstances.
