Love, in Theory Ellen J. Levy, 2012-09-15 In this funny brainy thoroughly engaging debut collection an award winning writer looks at romance through the lens of scholarly theories to illuminate love in the information age In ten captivating and tender stories E J Levy takes readers through the surprisingly erotic terrain of the intellect offering a smart and modern take on the age old theme of love whether between a man and woman a man and a man a woman and a woman or a mother and a child drawing readers into tales of passion adultery and heartbreak A disheartened English professor's life changes when she goes rock climbing and falls for an outdoorsman A gay oncologist attending his sister's second wedding ponders dark matter in the universe and the ties that bind us Three psychiatric patients each convinced that he is Christ give rise to a love affair in a small Minnesota town A Brooklyn woman is thrown out of an ashram for choosing earthly love over enlightenment A lesbian student of film learns theories of dramatic action the hard way by falling for a married male professor Incorporating theories from physics to film to philosophy from Rational Choice to Thorstein Veblen's Theory of the Leisure Class these stories movingly explore the heart and mind shooting cupid's arrow toward a target that may never be reached *Bright Shards of Someplace Else* Monica McFawn, 2014-09-15 In the eleven kaleidoscopic stories that make up Bright Shards of Someplace Else Monica McFawn traces the combustive hilarious and profound effects that occur when people misread the

minds of others The characters an array of artists scientists songwriters nannies horse trainers and poets often try to pin down another s point of view only to find that their own worldview is far from fixed The characters in McFawn s stories long for and fear the encroachment of others A young boy reduces his nanny s phone bill with a call then convinces her he can solve her other problems A man who works at a butterfly release business becomes dangerously obsessed with solving a famous mathematical proof A poetry professor finds himself entangled in the investigation of a murdered student In the final story an aging lyricist reconnects with a renowned singer to write an album in the Appalachian Mountains only to be interrupted by the appearance of his drug addicted son and a mythical story of recovery By turns exuberant and philosophically adroit Bright Shards of Someplace Else reminds us of both the limits of empathy and its absolute necessity Our misreadings of others may be unavoidable but they themselves can be things of beauty charm and connection

Hurricanes and Carnivals Lee Gutkind,2007 In Mexico writes Ilan Stavans in the introduction to this provocative new collection on Mexican culture and politics the essay is embraced as passionately as a sport While the American essay may be personal and confessional or erudite and academic it is presumed to be truthful By contrast the Mexican essay pushes the boundaries between fact and fiction as writers seek to make their opinions heard in literary journals in newspapers and even on cereal boxes What is real and what isn t in a Mexican essay only God knows concludes Stavans In Hurricanes and Carnivals Lee Gutkind a pioneer in the teaching of creative nonfiction brings together fifteen essays by Mexican Mexican American and Latin American writers that push the boundaries of style and form showing that navigating truth is anything but clear cut Although creative nonfiction is widely thought to be an American art form this collection proves otherwise By blending fact and fiction story and fantasy history and mythology these writers and others push the bounds of the essay to present a vision of Mexico rarely seen from this side of the border Addressing topics that include immigration politics ecology violence family and sexuality they take literary license on a whirlwind adventure C M Mayo shows us Mexico City as seen through the eyes of her pug Picadou Juan Villoro examines modern Mexico through the lens of demography Homero Aridjis uses the plight of nesting sea turtles to document a slowly changing Mexican attitude toward natural resources and Sam Quinones documents the decline of beauty queen addiction in Mazatlán and tells us about the flower festivals where according to lore only two things matter hurricanes and carnivals For readers interested in a literary view of contemporary Mexico as well as students of the creative nonfiction genre this volume is essential *Fodor's Mexico 2009* Fodor's,2008 Provides information on Mexican history and culture and shares advice on sightseeing shopping and entertainment *A Desert between Two Seas* A. novel is Baja California itself a stark land of cactus and creosote of russet canyons and splintered wastes of rock where people living in the shadow of ruined missions seek redemption on an inhospitable peninsula forsaken even by its priests

Super America Anne Panning, 2010-11 In settings as different as Honolulu Hawaii small town Minnesota and Taxco Mexico these nine stories and a novella show blue collar characters struggling to achieve the American Dream and sometimes alienating friends and family as they try to upgrade their working class pedigree Anne Panning's people despite their mixed record of success make us root for them on their sometimes heartbreaking journeys of entrepreneurship love and loss In Tidal Wave Wedding a tsunami in Honolulu yields surprising results for a couple on their honeymoon In All U Can Eat a woman tries to stave off the investment of her inheritance into a restaurant specializing in frog legs In the novella Freeze a teenage son's future is forever complicated after a life altering accident confines his father to a wheelchair and accelerates the disintegration of his parents marriage An eerie clinical replay of another accident this one on a bicycle in Hawaii is at the center of What Happened and in the title story a college theater major gets caught up in his father's exotic pets scheme Panning's stories show an acute awareness of place and whether it be a seventeenth century former monastery in Mexico a suburban housing development in Minnesota or a hard luck laundromat on the Oregon coast each setting often tells us something about the characters who occupy them Sometimes sad and often funny Super America takes risks with our notions about the American Dream through characters caught between their working class roots and grandiose visions *The Last Prince of the Mexican Empire* C. M. Mayo, 2010-05-01 The Last Prince of the Mexican Empire is a sweeping historical novel of Mexico during the short tragic at times surreal reign of Emperor Maximilian and his court Even as the American Civil War raged north of the border a clique of Mexican conservative exiles and clergy convinced Louis Napoleon to invade Mexico and install the Archduke of Austria Maximilian von Habsburg as Emperor A year later the childless Maximilian took custody of the two year old half American Prince Agustín de Iturbide y Green making the toddler the Heir Presumptive Maximilian's reluctance to return the child to his distraught parents even as his empire began to fall and the Empress Carlota descended

into madness ignited an international scandal This lush grand read is based on the true story and illuminates both the cultural roots of Mexico and the political development of the Americas But it is made all the more captivating by the depth of Mayo s writing and her understanding of the pressures and influences on these all too human players
