Slavery in the Twentieth Century Suzanne Miers, 2003 Miers has written extensively about the slave trade of days past Here she looks at the period from 1919 to 2000 during which she says the definition of slavery was stretched to cover so many practices that the term became almost meaningless many of those practices were generally condemned internationally and contemporary forms of slavery became more widespread and pernicious She highlights both the campaign against the abuses by non government organizations and the efforts by governments to avoid action and evade criticism

The Internationalisation of the 'Native Labour'

Question in Portuguese Late Colonialism, 1945-1962 José Pedro Monteiro, 2022-11-22 This volume addresses the ways the native labour question in the Portuguese late colonial empire in Africa became a recurrent topic of international and transnational debate and regulation after the Second World War As other European colonial empires were tentatively transforming their labour and social policies in the aftermath of the war the Portuguese Empire in Africa resisted significant changes in this domain preserving a strict dual labour regime As a result a growing number of individuals networks and institutions abroad engaged with labour and social realities in Portuguese African colonies giving origin to a series of instances of denunciation of labour related abuses Portuguese authorities responded to these initiatives by selectively engaging with international norms languages and mechanisms However as global decolonisation gained momentum international and transnational events and processes would significantly constrain Portuguese imperial and colonial decision making procedures with the aim of retaining the empire Therefore the native labour question became in its own right a crucial political and diplomatic element of the broader struggles over the meaning of Portuguese imperial legitimacy As this volume argues these historical processes are critical to properly understanding the history of Portuguese late colonialism and its protracted trajectory of decolonisation

Howard-Hassmann, 2011-02-09 Given the long history of European and American mistreatment of Africa what is the just measure of Western obligations to the peoples of this continent The author analyzes the arguments for reparations from multiple disciplinary perspectives and suggests alternative means to restorative justice **Modern Slavery** Christina G.
