Cox, 2004-06-01 A clear and concise introduction to contemporary Slovenia It examines the country's rapid transition from a collection of provinces in the southern part of the Habsburg Empire to a republic within Yugoslavia to an independent state and analyzes the major political and economic developments since 1991 The perfect introduction to one of Europe's most fascinating nations **Culture Matters in Russia—and Everywhere** Lawrence Harrison, Evgeny Yasin, 2015-04-23 This book pulls together experts in the fields of economics and Russian culture all participants in the Samuel P Huntington Memorial Symposium on Culture Cultural Change and Economic Development a follow up to the 1999 Cultural Values and Human Progress Symposium at Harvard University As the sequel to the 2001 volume Culture Matters it discusses modernization democratization economic and political reforms in Russia and asserts that these reforms can happen through the reframing of cultural values attitudes and institutions Cover design by Katie Makrie Church, State, and Democracy in Expanding Europe Lavinia Stan, Lucian Turcescu, 2011-08-29 Lavinia Stan and Lucian Turcescu examine the relationship between religion and politics in ten former communist Eastern European countries Contrary to widespread theories of increasing secularization Stan and Turcescu argue that in most of these countries the populations have shown themselves to remain religious even as they embrace modernization and democratization Church state relations in the new EU member states can be seen in political representation for church leaders governmental subsidies registration of religions by the state and religious instruction in public schools Stan and Turcescu outline three major models the Czech church state separation model in which religion is private and the government secular the pluralist model of Hungary Bulgaria and Latvia which views society as a group of complementary but autonomous spheres for example education the family and religion each of which is worthy of recognition and support from the state and the dominant religion model that exists in Poland Romania Estonia and Lithuania in which the government maintains informal ties to the religious majority Church State and Democracy in Expanding Europe offers critical tools for understanding church state relations in an increasingly modern and democratic Eastern Europe **Decolonization Models for America's Last Colony** Angel Collado-Schwarz, 2012-02-29 The island of Puerto Rico suffers from a stagnant economy devastating unemployment and severely limited political autonomy In this book Collado Schwarz addresses Puerto Rico's more than a century old relationship with the United States and presents compelling strategies for gaining independence Through a series of interviews and newspaper columns the author examines six countries similar in size to Puerto Rico that have all successfully navigated a course to sovereignty Singapore Ireland Israel New Zealand Estonia and Slovenia Collado Schwarz chronicles the political history of each country the ways in which each achieved independence and what lessons can be applied to Puerto Rico With cogent analysis and carefully reasoned arguments this book will reopen the national dialogue in the United States about the future of Puerto Rico **To Walk with the Devil** Gregor Joseph Kranjc, 2013-01-01

Civilizing Nature
Bernhard Gissibl, Sabine Höhler, Patrick Kupper, 2012-11-01 National parks are one of the most important and successful institutions in global environmentalism Since their first designation in the United States in the 1860s and 1870s they have become a global phenomenon The development of these ecological and political systems cannot be understood as a simple reaction to mounting environmental problems nor can it be explained by the spread of environmental sensibilities Shifting the focus from the usual emphasis on national parks in the United States this volume adopts an historical and transnational

perspective on the global geography of protected areas and its changes over time It focuses especially on the actors networks mechanisms arenas and institutions responsible for the global spread of the national park and the associated utilization and mobilization of asymmetrical relationships of power and knowledge contributing to scholarly discussions of globalization and the emergence of global environmental institutions and governance **Dealing with the Yugoslav Past** Alina
