thrills they recover sense and sensation for all not some or even most depictions of bloodshed As figures the devices also remediate vision and violence for film theory which exhibits distrust for each in spite of the complexities phenomenology and psychoanalysis have brought to cinematic perception and pleasure *Ride, Boldly Ride* Mary Lea Bandy, Kevin Stoehr, 2012-10-01 This comprehensive study of the Western covers its history from the early silent era to recent spins on the genre in films such as *No Country for Old Men* *There Will Be Blood* *True Grit* and *Cowboys Aliens* While providing fresh perspectives on landmarks such as *Stagecoach* *Red River* *The Searchers* *The Man Who Shot Liberty Valance* and *The Wild Bunch* the authors also pay tribute to many under appreciated Westerns *Ride Boldly Ride* explores major phases of the Western s development including silent era oaters A production classics of the 1930s and early 1940s and the more psychologically complex portrayals of the Westerner that emerged after World War II The authors also examine various forms of genre revival and genre revisionism that have recurred over the past half century culminating especially in the masterworks of Clint Eastwood They consider themes such as the inner life of the Western hero the importance of the natural landscape the roles played by women the tension between myth and history the depiction of the Native American and the juxtaposing of comedy and tragedy Written in clear engaging prose this is the only survey that encompasses the entire history of this long lived and much loved genre *The Encyclopedia of Racism in American Films* Salvador Jiménez Murguía, 2018-04-12 Winner RUSA 2019 Outstanding References Source Winner and named a Library Journal Best Reference Book of the Year 2018 From D W Griffith s *Birth of a Nation* in 1915 to the recent *Get Out* audiences and critics alike have responded to racism in motion pictures for more than a century Whether subtle or blatant racially biased images and narratives erase minorities perpetuate stereotypes and keep alive practices of discrimination and marginalization Even in the 21st century the American film industry is not color blind evidenced by films such as *Babel* 2006 *A Better Life* 2011 and *12 Years a Slave* 2013 *The Encyclopedia of Racism in American Film* documents one facet of racism in the film industry wherein historically underrepresented peoples are misrepresented through a lack of roles for actors of color stereotyping negative associations and an absence of rich nuanced characters Offering insights and analysis from over seventy scholars critics and activists the volume highlights issues such as Hollywood s diversity crisis *White Savior* films *Magic Negro* tropes The disconnect between screen images and lived realities of African Americans Latinos Native Americans and Asians A companion to the ever growing field of race studies this volume opens up a critical dialogue on an always timely issue *The Encyclopedia of Racism in American Film* will appeal to scholars of cinema race and ethnicity studies and cultural history

**Transfigurations** Ashbjørn Grønstad, 2008 In many senses viewers have cut their teeth on the violence in American cinema from Anthony Perkins slashing Janet Leigh in the most infamous of shower scenes to the 1970s masterpieces of Martin Scorsese Sam Peckinpah and Francis Ford Coppola to our present day undertakings in imagining global annihilations through terrorism war and alien grudges *Transfigurations* brings our cultural obsession with film violence into a renewed

dialogue with contemporary theory Gr nstad argues that the use of violence in Hollywood films should be understood semiotically rather than viewed realistically Tranfigurations thus alters both our methodology of reading violence in films and the meanings we assign to them depicting violence not as a self contained incident but as a convoluted network of our own cultural ideologies and beliefs *Large Print Books* Colorado State Library.
