Resilience in Action Linda Liebenberg,Michael Ungar,2008-06-28 Mental health specialists and researchers contend that the development of resilience in youth is facilitated at several levels Relational cultural individual and governmental factors all have a strong influence over the mental well being of young people Resilience in Action looks at youth interventions with a view to fostering resilience in those living in adverse situations and conditions In order to provide a practical approach to the issue the essays in this volume explore the components of successful interventions encouraging the transmission of effective practices from one community to another across borders It is organized into four sections each dealing with a different aspect of work with at risk youth The first section focuses on individual health and the ways in which intervention and therapy strengthen personal resources The second section explores the dynamics of interventions in relation to specific contexts and localized relationships emphasizing holistic approaches to youth work A review of the cultural relevance of resilience follows in section three and the fourth considers ways of increasing the accessibility to resources that encourage healthy development Featuring contributors from a variety of academic and cultural backgrounds Resilience in Action offers diverse answers to many of the persistent questions mental health professionals ask regarding how to enhance resilience

Resiliency and Capacity Building in Inner-city Learning Communities Dawn Leigh Sutherland,Laura Sokal,2003 The voices that are represented in this book offer differing perspectives on ways to support inner city children and families Each essay offers a unique contribution to our understanding of the interdependence of the people in these communities yet all share the common message that inner city children and families have strengths that can be built on to maximize their positive outcomes This book is especially relevant to teachers who work with children and families with challenges

cautious nature of its citizens Moving beyond the Legislature the authors address contemporary social issues like poverty environmental stewardship gender equality health care and the province s growing Aboriginal population to reveal the evolution of public policy in the province They also examine the province s role at the intergovernmental and international level Manitoba Politics and Government is a rich and fascinating account of a province that strives for the centre for the delicate middle ground where individualism and collectivism overlap and where a multitude of different cultures and traditions create a highly balanced society *Passion for Action in Child and Family Services* Ivan Brown, Sharon McKay, Don Fuchs, Prairie Child Welfare Consortium.
