THE WAR THROUGH THE EYES OF SOMALI WOMEN

Somalia The Untold Story

Somalia The Untold Story:

Somalia - the Untold Story Judith Gardner, Judy El Bushra, 2004-01-20 Somalia came to the world's attention in 1992 when television and newspapers began to report on the terrifyingly violent war and the famine that resulted. Half a million Somalis died that year and over a million fled the country. Cameras followed US troops as they landed on the beaches at Mogadishu to lead what became an ill-fated UN intervention to end hunger and restore peace. In this book Somali women write and talk about the war, their experiences and the unacceptable choices they often faced. They explain clearly in their own words the changes, challenges and sometimes the opportunities that war brought and how they coped with them. Key themes include the slaughter and loss of men who were the prime target for killings, rape and sexual violence as a weapon of war, changing roles in the family and within the pastoralist economy, women mobilising for peace and leading social recovery in a war-torn society. This book is not only an important record of women's experience of war but also provides researchers and students of gender and conflict with rare first-hand accounts highlighting the impact of war on gender relations and women's struggle for equal political rights in a situation of state collapse.

Somalia - The Untold Story Judith Gardner, Judy El Bushra, 2004-01-20 Explores the experiences of women in Somalia and how they have survived the trauma of war.

Somalia Abdulkadir O. Farah, 2007-03-31 Since the final collapse of Somalia's repressive regime in 1991, Somalia has presented the world not only with the most profound case of state collapse witnessed in modern times but also with one of the most intriguing cases of political fragmentation, armed conflicts, lawlessness and statelessness. Inevitably the last 20 years of statelessness and chaos has left the Somali economy destitute and made Somalia to be ranked among the five poorest countries in the world. Contributors to this volume examine efforts at reconstituting the failed Somali state and the role of the Somali Diaspora and civil society groups in the processes. They also analyse how the Somali Diaspora and civil society in Somalia engage and cooperate to further processes of state reconstitution in Somalia as well as help the Somali Diaspora adjust in their host nations.

Motherhood and War D. Cooper, C. Phelan, 2014-07-10 Traditional histories of war have typically explored masculine narratives of military and political action, leaving private domestic life relatively unstudied. This volume expands our understanding by looking at the relationships between mothers and children and the varied roles both have assumed during periods of armed conflict.
