Some English Dictators Milton Waldman, 1970 *Some English Dictators* Milton Waldman, 1970 The English Catalogue of Books Published from January, 1835, to January, 1863, 1864 **Dictatorship by Degrees**, Steven P. Feldman, 2021-03-09 Dictatorship by Degrees Xi Jinping in China traces the totalitarian elements that linger in China's governing policies and practices such as extra legal Anti Corruption Campaign great concentration of power in one man increasing intolerance increasing propaganda increasing indoctrination increasing self criticism inside the Party expansion of Party cells across society increasing censorship cult of personality and mass incarceration in Xinjiang Steven P Feldman develops a concept of pre totalitarianism to explore these developments through extensive field data including interviews with business executives professors lawyers and non profit executives and observations of daily life Feldman argues that Chinese political culture based on the core principle of small group loyalties is inherently unstable resulting in an ongoing tendency for leaders to concentrate power to survive and accomplish their goals Under communist dictatorial political organization totalitarian domination is always a temptation and risk Democracy and Dictatorship in Europe Sheri Berman, 2019-01-04 Democracy and Dictatorship in Europe examines the development of various political regimes in Europe from the ancient time up through the present day It analyzes why democracy flourishes at some times and in some places but not others and draws lessons from European history that can help us better understand the political situation the world finds itself in today **Annual Bibliography of English Language and Literature**, **Constitutional Dictatorship** Clinton Rossiter, 2017-07-05 How should the United States be governed during times of crisis Definitely not as we are in times of tranquility asserts this classic study The war on terrorism is a case in point The horrors of terror attacks on the United States have forced Americans to accept legislative changes that might be unthinkable at other times The inescapable truth Clinton Rossiter wrote in his classic study of modern democracies in crisis is that No form of government can survive that excludes dictatorship when the life of the nation is at stake **The Journal of Education**, 1941 A New English Dictionary on Historical Principles James Augustus Henry Murray, Sir William Alexander Craigie, Charles Talbot Onions, 1897 **Mussolini and the Eclipse of Italian Fascism** R. J. B. Bosworth, 2021-03-02 An incisive account of how Mussolini pioneered populism in reaction to Hitler's rise and thereby reinforced his role as a model for later authoritarian leaders On the tenth anniversary of his rise to power in 1932 Benito Mussolini 1883 1945 seemed to many the good dictator He was the first totalitarian and the first fascist in modern Europe But a year later Hitler's entrance onto the political stage signaled a German takeover of the fascist ideology In this definitive account eminent historian R J B Bosworth charts Mussolini's leadership in reaction to Hitler Bosworth shows how Italy's decline in ideological pre eminence as well as in military and diplomatic power led Mussolini to pursue a more populist approach angry and bellicose words at home violent aggression abroad and a more extreme emphasis on charisma In his embittered efforts to bolster an increasingly hollow and ruthless

regime it was Mussolini rather than Hitler who offered the model for all subsequent authoritarians
