Maurice,2025-10-31 Ever since HBO BBC s Rome burst onto screens in 2005 Rome has appeared on television screens in a variety of dramatic productions These utilise many of the elements of ancient Rome that were familiar to audiences from big screen epic movies but adapt them for a television genre in a manner that is characteristic of the the second millennium playing on older tropes and merging them with new formats Where do such tropes come from and how have they been developed over time specifically on the small screen a medium that overlaps with but is substantially different from the cinema How have the changes in technology and the manner in which television is consumed by audiences influenced the productions Answering these questions and more this book examines the presentation of ancient Rome in primarily British

and American television productions of the twenty first century exploring not only how they depict the ancient world but how the various programmes reflect aspects and concerns of contemporary society in which they are produced Through a series of nine different case studies it considers three main issues the miniseries format as television epic sexuality and gender in contemporary ancient Rome productions and specific national contexts **Harry Alan Towers** Dave Mann,2014-11-03

Harry Alan Towers reputation rests upon a corpus of 95 low budget productions shot post haste in every corner of the globe He took an integral part however in the development of the protocols that now underpin much transnational film production and he must be regarded as a pioneer Towers slash and burn strategy focused on parasitic back to back productions funded by rights bundles that were pre sold globally This strategy was substantially derived from his early days in broadcasting wherein he acted as a go between in the American and the British Commonwealth markets Though he became adept at procuring funds from pariah regimes and black market economies primarily he continued to act as a broker bringing together American equity investment and European finance under the auspices of EC co production agreements He was also quick to exploit the burgeoning niche markets becoming available in the wake of technological developments and government initiatives **A Companion to Ancient Greece and Rome on Screen** Arthur J. In this unique intervention in the study of queer culture Dominic Janes highlights that under the gaze of social conservatism gay life was hiding in plain sight Indeed he argues that the worlds of glamour fashion art and countercultural style provided rich opportunities for the construction of queer spectacle in London Inspired by the legacies of Oscar Wilde interwar and later 20th century men such as Cecil Beaton expressed transgressive desires in forms inspired by those labelled freaks and thereby made major contributions to the histories of art design fashion sexuality and celebrity Janes reinterprets the origins of gay and queer

cultures by charting the interactions between marginalized freaks and chic fashionistas He establishes a new framework for future analyses of other cities and media and of the roles of women and diverse identities **Camp!** Paul Baker, 2023-05-25
