Delia Gaze

Some Canadian Women Artists:

Some Canadian Women Artists Mayo Graham, 1975 *Concise Dictionary of Women Artists* Delia Gaze, 2013-04-03 This book includes some 200 complete entries from the award winning Dictionary of Women Artists as well as a selection of introductory essays from the main volume **Some Canadian Women Artists**, 1975 [North American Women Artists of the Twentieth Century](#) Jules Heller, Nancy G. Heller, 2013-12-19 First Published in 1997 North American Women Artists of the Twentieth Century A Biographical Dictionary was created to fill a gap of there being a comprehensive reference work like this available even though the bibliography in English on various aspects of the history of women artists has grown exponentially during the past ten years As researchers the editors have been frustrated many times by being unable to locate basic information about many of the artists included in this volume especially those working outside the United States This leads directly to another reason for producing this particular kind of reference book to try and create a better understanding between and among the artists and art audiences in these countries **Dictionary of Women Artists: Introductory surveys ; Artists, A-I** Delia Gaze, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company **Who's Who of Canadian Women, 1999-2000** Gillian Holmes, 1999-06-01 Who's Who of Canadian Women is a guide to the most powerful and innovative women in Canada Celebrating the talents and achievement of over 3 700 women Who's Who of Canadian Women includes women from all over Canada in all fields including agriculture academia law business politics journalism religion sports and entertainment Each biography includes such information as personal data education career history current employment affiliations interests and honours A special comment section reveals personal thoughts goals and achievements of the profiled individual Entries are indexed by employment of affiliation for easy reference Published every two years Who's Who of Canadian Women selects its biographees on merit alone This collection is an essential resource for all those interested in the achievements of Canadian women **Diversity Counts** Anne Dymond, 2019-06-30 Despite the common belief that art galleries will naturally become more gender equitable over time the fact is that many art institutions in Canada have become even less so over the last decade with female artists making up less than 25 per cent of the contemporary exhibitions of several major galleries In the first large scale overview of gender diversity in Canadian art exhibitions Anne Dymond makes a persuasive plea for more consciously equitable curating Drawing on data from nearly one hundred institutions Diversity Counts reveals that while some galleries are relatively equitable many continue to marginalize female and racialized artists The book pursues an interdisciplinary approach considering the art world's resistance to numeric data discourses on representation and identity changing conceptualizations of institutional responsibility over time and different ways particular institutions manage inclusion and exclusion A thoughtful examination of the duty of public galleries to represent underserved communities Dymond's study bravely navigates the unspoken criteria for acceptance in the curatorial world Demonstrating how important hard data is for inclusivity Diversity Counts is a timely analysis that brings

the art world up to date on progressive movements for social transformation *Minds of Our Own* Wendy Robbins, Meg Luxton, Margrit Eichler, Francine Descarries, 2009-08-02 This book of personal essays by over forty women and men who founded women's studies in Canada and Quebec explores feminist activism on campus in the pivotal decade of 1966-76. The essays document the emergence of women's studies as a new way of understanding women, men, and society, and they challenge some current preconceptions about second-wave feminist academics. The contributors explain how the intellectual and political revolution begun by small groups of academics, often young untenured women at universities across Canada, contributed to social progress and profoundly affected the way we think, speak, behave, understand equality, and conceptualize the academy and an academic career. A contextualizing essay documents the social, economic, political, and educational climate of the time, and a concluding chapter highlights the essays' recurring themes and assesses the intellectual and social transformation that their authors helped set in motion. The essays document the appalling sexism and racism some women encounter in seeking admission to doctoral studies, in hiring, in pay, and in establishing the legitimacy of feminist perspectives in the academy. They reveal sources of resistance too, not only from colleagues and administrators but from family members and from within the self. In so doing, they provide inspiring examples of sisterly support and lifelong friendship. Some Canadian Women Artists National Gallery of Canada (Ottawa), 1975 **Women Artists** Sherry Piland, 1994 Expanded to include an additional 29 artists, the second edition of *Women Artists* is evidence of the growing interest in the lives and careers of women artists. Additional annotated entries are included for the painters, printmakers, photographers, sculptors, and craftswomen represented in the earlier volume. With 43 black and white reproductions, this work continues to be an extremely valuable reference source, especially for women artists prior to the 20th century. CHOICE a most useful reference tool for anyone researching in this field. REFERENCE REVIEWS
