Someone Elses Name

Nancy Evans

Someone Else's Name:

Someone Else's Name Joseph Harrison, 2003 *Someone Else's Name* is a first book full of stunning performances each one infused with wit feeling and humanity and each one delighting in the full use of the medium and its devices It's a happy thing to witness the emergence of such a talent Richard Wilbur By Any Other Name Jodi Picoult, 2025-08-19 AN INSTANT 1 NEW YORK TIMES BESTSELLER From the 1 New York Times bestselling author an inspiring Elle novel about two women centuries apart one of whom is the real author of Shakespeare's plays who are both forced to hide behind another name You'll fall in love with Emilia Bassano the unforgettable heroine based on a real woman that Picoult brings vividly to life in her brilliantly researched new novel Kristin Hannah author of *The Women* As an undergraduate Melina Green had a rare opportunity to have one of her first plays judged by famous theatre critic Jasper Toller only to be publicly humiliated by a harsh and biased critique Ten years later her confidence as a playwright hasn't recovered even though she has just completed a work that she thinks is her best yet It is based on the life of her ancestor Emilia Bassano the first published female poet in England and rumored to be the Dark Lady of Shakespeare's sonnets but whom some scholars suspect may be the real author of a number of his plays Melina wonders if she dares risk failure again and then her best friend takes the decision out of her hands and submits it to a festival under a male pseudonym In 1581 the young orphan Emilia Bassano is being raised in the ways of the English aristocracy by the Baron Willoughby and his sister Her lessons on languages reading and writing have endowed her with a sharp wit and a gift for storytelling But like most women of her day she has no control over her fate and is ripped from her old life and forced to become a courtesan to Lord Hunsdon a man knighted by Queen Elizabeth as the Lord Chamberlain in charge of all theatre in London Though she has no other freedoms she pseudonymously sets her own pen to paper inspired by the work of the most brilliant playwrights of the time Told in dual intertwining timelines this sweeping tale of ambition courage and desire centres two women who are determined to create something beautiful despite the prejudices they face As Emilia alters the course of her life and the world she blazes a trail Centuries later will Melina face the same terrible fate to have her work celebrated but only at the price of letting another take credit

You Did What?! Kim Zoller, Kerry Preston, 2015-09-21 Hone your professional people skills with this guide to proper and improper business communication and etiquette A study of thousands of fired employees conducted by Harvard University's Bureau of Vocational Guidance revealed that for every one person fired for performance related issues two lost their jobs for failure to deal with other people successfully and professionally Setting yourself apart in today's highly competitive business environment takes thought and planning Not only must you have excellent job skills but you must also have excellent people skills *You Did What* gives you solid techniques that can be used right away to achieve effective results Inside you will find Quick tips and strategies on professional behaviors Real life stories of how business behavior can make or break your career Tools to compete with and differentiate yourself from your competitors Whether you are a seasoned executive or a recent

college graduate You Did What will prepare you to handle a wide variety of business situations correctly Praise for You Did What This is a great book Zeller and Preston give some great advice when it comes to setting yourself apart in business JJ Ramberg host of MSNBC's Your Business and author of It's Your Business This book is so important that we use it in our Mattel Corporate University Knowing how to handle business situations correctly can make or break a career You Did What is the answer Ann Adams director of management development Mattel Inc The details in business do matter This book is the foundation for building successful careers Carl Sewell chairman Sewell Automotive Companies author of Customers for Life

Plato's Introduction of Forms R. M. Dancy, 2004-09-16 Scholars of Plato are divided between those who emphasize the literature of the dialogues and those who emphasize the argument of the dialogues and between those who see a development in the thought of the dialogues and those who do not In this important book Russell Dancy focuses on the arguments and defends a developmental picture He explains the Theory of Forms of the *Phaedo* and *Symposium* as an outgrowth of the quest for definitions canvassed in the Socratic dialogues by constructing a Theory of Definition for the Socratic dialogues based on the refutations of definitions in those dialogues and showing how that theory is mirrored in the Theory of Forms His discussion notable for both its clarity and its meticulous scholarship ranges in detail over a number of Plato's early and middle dialogues and will be of interest to readers in Plato studies and in ancient philosophy more generally

Being Torah Student Commentary, 2 Joel Lurie Grishaver, 1998-10-01 A practical guide for classroom teachers which includes specific examples of materials coupled with anecdotal material which helps personalize these issues Topics covered communication one time and ongoing special needs students and parents family homework management strategies shared problem solving family education days and an annotated list of commercial materials *Schneier on Security* Bruce Schneier, 2009-03-16 Presenting invaluable advice from the world's most famous computer security expert this intensely readable collection features some of the most insightful and informative coverage of the strengths and weaknesses of computer security and the price people pay figuratively and literally when security fails Discussing the issues surrounding things such as airplanes passports voting machines ID cards cameras passwords Internet banking sporting events computers and castles this book is a must read for anyone who values security at any level business technical or personal Cultivating Strong Girls Nancy Evans, 2018-04-10 An essential how to book for youth services librarians who are interested in effecting social change and offering a dynamic relevant program for girls Cultivating Strong Girls Library Programming That Builds Self Esteem and Challenges Inequality gives youth services librarians practical guidance on how to offer programming that will support the engagement growth and achievement of girls The program plans are simple enough to be applied by everyone who works with girls Presenting this type of programming allows librarians to build meaningful relationships have a positive impact on patrons and in the community and follow programming guidelines outlined in the Young Adult Library Services Association's report *The Future of Library Services for and with Teens A Call to Action* With gender bias inequality
