Something Is Stirring In World Orthodoxy:

Global Eastern Orthodoxy Giuseppe Giordan, Siniša Zrinščak, 2020-02-19 This volume highlights three intertwined aspects of the global context of Orthodox Christianity religion politics and human rights The chapters in Part I address the challenges of modern human rights discourse to Orthodox Christianity and examine conditions for active presence of Orthodox churches in the public sphere of plural societies It suggests theoretical and empirical considerations about the relationship between politics and Orthodoxy by exploring topics such as globalization participatory democracy and the linkage of religious and political discourses in Russia Greece Belarus Romania and Cyprus Part II looks at the issues of diaspora and identity in global Orthodoxy presenting cases from Switzerland America Italy and Germany In doing so the book ties in with the growing interest resulting from the novelty of socio political economic and cultural changes which have forced religious groups and organizations to revise and redesign their own institutional structures practices and agendas

Orthodox Christianity at the Crossroad: a Great Council of the Church - When and Why George E. Matsoukas, 2009-04-07 Orthodox Christianity at the Crossroad A Great Council of the Church When and Why The purpose of publishing the papers presented at the Twentieth Annual Meeting of Orthodox Christian Laity is to improve lay and clergy literacy on the conference topic of The Need for a Great and Holy Council The papers are presented with the hope that the information will motivate the faithful to participate in the conciliar decision making process that moves the Church forward on the issue of developing the council or another appropriate meeting The forces factors and history that inhibit calling a council are presented in these papers The hope of what can be accomplished when brothers work in synergy with each other and the Holy Spirit is also evident The renewal of Orthodox Christianity and the renewal of its witness in the contemporary world of global religious pluralism depend on such a meeting The calling of a council free of worldly political power turf ego and ethnic considerations will renew the Living Tradition of Orthodoxy which is its Apostolic calling The world is looking for this Living Tradition which cannot be well expressed by a fragmented Orthodox Church A council is a step toward renewing the Church and making it whole in order to teach this Living Tradition It is interesting to note as this collection of papers points out that the children of Orthodox Christians living in America have come together as Americans in order to remain Orthodox through campus ministry programs that they are developing The young adults are leading the way to Orthodox unity Is it not time for the Church elders the hierarchs the clergy and the faithful to look at the example of unity that the youth are providing and move ahead to do what is necessary to renew the Church through this conciliar council ABOUT THE EDITOR George E Matsoukas Executive Director of Orthodox Christian Laity since 2000 recently published A Church in Captivity The Greek Orthodox Church of America He co authored and edited Project for Orthodox Renewal and continues to publish articles in various journals newspapers and local history publications He is an active member of his church and community Mission of OCL Orthodox Christian Laity OCL is a national voluntary movement dedicated to syndiaconia co ministry of

clergy and laity who are concerned with the spiritual renewal accountability and transparency in Church governance OCL encourages the laity to exercise its legitimate responsibilities as part of the conciliar governance process OCL advocates the establishment of an administratively and canonically UNIFIED SELF GOVERNING Orthodox Church in North America which is in keeping with the theology and tradition in fulfilling its Apostolic mission **Eastern Orthodox Mission Theology**

Today James J. Stamoolis, 2001-11-02 The purpose of the ASM Series is to publish without regard for disciplinary national or denominational boundaries scholarly works of high quality and wide interest on missiological themes from the entire spectrum of scholarly pursuits e g theology history anthropology sociology linguistics health education art political science economics and development to articulate but a partial list Always the focus will be on Christian mission By mission in this context is meant a cross cultural passage over the boundary between faith in Jesus Christ and its absence In this understanding of mission the basic functions of Christian proclamation dialogue witness service fellowship worship and nurture are of special concern How does the transition from one cultural context to another influence the shape and interaction of these dynamic functions Missiologists know that they need the other disciplines And other disciplines we dare to suggest need missiology perhaps more than they sometimes realize Neither the insider s nor the outsider s view is complete in itself The world Christian mission has through two millennia amassed a rich and well documented body of experience to share with other disciplines Interaction will be the hallmark of this Series It desires to be a channel for talking to one another instead of about one another Secular scholars and church related missiologists have too long engaged in a sterile venting of feelings about one another often lacking in full evidence Ignorance of and indifference to one another s work has been no less harmful to good scholarship The promotion of scholarly dialogue among missiologists may at times involve the publication of views and positions that other missiologists cannot accept and with which members of the Editorial Committee do not agree The manuscripts published reflect the opinions of their authors and are not meant to represent the position of the American Society of Missiology or the Editorial Committee of the ASM Series We express our warm thanks to various mission agencies whose financial contributions enabled leaders of vision in the ASM to launch this new venture The future of the ASM series will we feel sure fully justify their confidence and support William J Danker Chairperson ASM Series Editorial Committee **Ancient Taboos and Gender Prejudice** Leonie B. Liveris, 2017-03-02 This book explores the

struggling genesis of a women s movement in the Orthodox Church through the ecumenical movement of the twentieth century at a time when militant conservatism is emerging in Orthodox countries and fundamentalism in the diaspora Offering an understanding of the participation of women in the Orthodox Church particularly during the 50 years of the membership of the Orthodox churches in the World Council of Churches this book contributes to the ongoing debates and feminist analysis of women s participation ministry and sexuality in the life and practice of the Church universal The book reveals both the positive contributions to ecumenism and the difficulties confronting Orthodox women wishing to participate more

fully in the leadership and ministry of their church

The Ecumenical Movement Thomas E. FitzGerald, 2004-04-30 What is Ecumenism How and when did it start What are its goals and how will they affect the future of the Christian churches This book answers these questions and examines the remarkable story of new encounters between Orthodox Roman Catholic Anglican Old Catholic and most Protestant churches Most of these churches have been divided for centuries over issues of theology faith and practice Ecumenism seeks to reconcile these differences and to bring the churches together into a new unity based on their commonalities and their understanding of Christian faith Here FitzGerald traces the history of the churches and their divisions and focuses on the ways in which the Ecumenical movement began and the efforts that have been made to assist the churches in overcoming age old strife animosity and misunderstanding For centuries Christian churches have remained divided over their doctrinal differences but beginning in the late nineteenth century churches and their members slowly began to emerge from their isolation They began to abandon competition mistrust and misunderstanding in an effort to seek out their common interests and faith through meetings and organizations meant to bring them together The encounters between the churches led to proposals for common prayers for unity and for common witness in society While not without difficulty these encounters have fostered a renewal in Christian theology worship and witness affecting all levels of church life The process has touched Christians all over the world in various ways FitzGerald carefully traces the history of the movement and its impact on the churches themselves as well as the believers who attend them making this important reading for all Christians and anyone interested in learning more about church division and efforts to restore unity

A Handbook of Contemporary Theology David L. Smith, 2001-02-01 This introduction to contemporary theology looks at the origin and history of each movement their major figures and doctrinal emphases The author evaluates the teachings and practices of each system in light of biblical Christianity
