Something Ive Been Meaning To Tell You 13 Stories:

Something I've Been Meaning to Tell You Alice Munro, 2011-12-21 A masterful Houston Post collection of stories from Nobel Prize winning author Alice Munro A spellbinding tour through a world of love menace and surprise Munro is a writer of enormous gifts and perception Los Angeles Times The sisters mothers and daughters aunts grandmothers and friends in these thirteen stories a rich exploration of womanhood Ms shimmer with hope and love anger and reconciliation as they content with their histories and their present and what they can see of the future In her remarkable second collection Alice Munro demonstrates the precise observation straightforward prose style and masterful technique hailed by John Updike who wrote in the New York Times Book Review that one must go back to Tolstoy and Chekhov for comparable largeness

Alice Munro's Late Style Robert Thacker, 2023-11-30 Focusing on Alice Munro s last three collections this book examines the differences between these volumes and the rest of her work to analyse the emergence and the difference of her late style Alice Munro has effectively reshaped the short story as a form This book focuses on Munro s art of recursion an approach that has been evident throughout her career but came to the fore in her last three books *The View from Castle Rock* 2006 *Too Much Happiness* 2009 and especially *Dear Life* 2012 This recursion and return manifest themselves not only in Munro s return to previously published pieces but also to her discovery and meditations on her Scottish heritage which can be read as entrance to her own understanding of herself and her life Its provenance displayed through archival evidence is complex yet reveals a writer intent on a precise late style Munro s final works serve as a coda to both her late style and to her entire career as arguably one of the finest short story writers ever to put pen to paper **Alice Munro: Paradox and**

Parallel Walter R. Martin, 1987 Beginning with her earliest uncollected stories W R Martin critically examines Alice Munro s writing career He discusses influences on Munro and presents an overview of the prominent features of her art the typical protagonist the development of her narrative technique and the dialectic that involves paradoxes and parallels *The*

Fiction of Alice Munro Brad Hooper, 2008-06-30 As a short story writer Alice Munro has achieved high critical and popular regard in both her native Canada and in the United States Indeed Munro has been adopted by the entire English speaking world as one of its own and her work has received many awards and honors In the U S she is roundly regarded as one of the best if not the best contemporary writers of the short story and one of the greatest living fiction writers Here Brad Hooper takes readers through her fiction work by work discussing the themes forms techniques and styles she employs to make her work come alive Munro has founded her own brand of the short story longer than traditionally practiced in the short story form and encompassing broader time frames Her stories are primarily character studies that explore the impact of physical and mental isolation in adolescence middle age and into elder years Hooper traces Munro s evolving definition of the short story form and surveys the fiction in an effort to elucidate the works for newcomers and enthusiasts alike Something I've

Been Meaning to Tell You Alice Munro, 2004-10-12 WINNER OF THE NOBEL PRIZE IN LITERATURE 2013 In the thirteen

stories in her remarkable second collection Alice Munro demonstrates the precise observation straightforward prose style and masterful technique that led no less a critic than John Updike to compare her to Chekhov The sisters mothers and daughters aunts grandmothers and friends in these stories shimmer with hope and love anger and reconciliation as they contend with their histories and their present and what they can see of the future Stories in Letters - Letters in Stories Rebekka Schuh,2021-10-04 This book deals with letters in Anglophone Canadian short stories of the late twentieth and the early twenty first century in the context of liminality It argues that in the course of the epistolary renaissance the letter which has often been deemed to be obsolete in literature has not only enjoyed an upsurge in novels but also migrated to the short story thus constituting the genre of the epistolary short story Reading Amy Tan Lan Dong,2009-06-08 This essential discussion of Amy Tan s life and works is a necessity for high school students and an enriching supplement for book club members A tour de force in Asian American writing Amy Tan has created works that are essential to high school and undergraduate literature classes and are often book club selections Reading Amy Tan is a handy resource that offers both groups plot summaries of five of Tan s novels as well as character and thematic analysis The handbook also provides an overview of Tan s life and discusses how she emerged onto the scene as a novelist Tan s typical themes including Asian American issues and mother daughter relationships are examined in relation to today s current events and pop culture Readers will also discover how and where they can find Tan on the Internet and how the media has received her works The What Do I Read Next chapter will help readers find other authors and works that deal with similar subjects This handbook is an indispensable tool for both high school and public libraries Everyday Magic Laurie Ricou,2011-11-01 Child language is a subject in which everyone is an expert All parents study their children s language carefully if undeliberately and every family has its precious memories of the unique verbal improvisations of childhood For writers who continually struggle with and revel in the mysteries of language the language of children holds a special attraction Everyday Magic looks at the way Canadian writers have written through as distinct from for or about children at the ways they have used child language and children s models of perception to achieve various literary effects It describes how texts might be shaped by child usage and speculates that adult artists often find themselves surprised and informed by the child language they seek to create Ricou examines how the distinctive features of child language described by psycholinguists intersect with the written languages used by writers to suggest not only a child language but also the way a child sees and organizes an understanding of the world The book s subtitle putting the term child language into the plural points out that not one but many written interpretations of the child s perspectives are possible In order to emphasize this plurality and indicate that there are any number of child languages the author has organized his study as a series of closely related essays Each chapter considers the work of a Canadian author or authors with the book as a whole moving from the more conventional writers to those who step outside the bounds of convention Ricou proposes analogies with Wordsworth and Dylan Thomas Proust and Dickens but he

finds his principal subject in the inherent interest of for example the Piagetian scheme that W O Mitchell seems to adopt in *Who Has Seen the Wind* the obsessions with similes in Ernest Buckler the variations on the Bildungsroman in Margaret Laurence and Alice Munro and the persistent experiments with presymbolic language in Bill Bissett For these and other writers such as Clark Blaise Emily Carr Dennis Lee Dorothy Livesay P K Page James Reaney and Miriam Waddington Ricou illuminates the particular literary languages appropriate to each author's subject The result is a fascinating and unique approach to Canadian literature

Ethics and Affects in the Fiction of Alice Munro Amelia DeFalco, Lorraine York, 2018-09-03 *Ethics and Affects in the Fiction of Alice Munro* explores the representation of embodied ethics and affects in Alice Munro's writing The collection illustrates how Munro's short stories powerfully intersect with important theoretical trends in literary studies including affect studies ethical criticism age studies disability studies animal studies and posthumanism These essays offer us an Alice Munro who is not the kindly Canadian icon reinforcing small town verities who was celebrated and perpetuated in acts of national pedagogy with her Nobel Prize win they ponder instead an edgier messier Munro whose fictions of affective and ethical perplexities disturb rather than comfort In Munro's fiction unruly embodiments and affects interfere with normative identity and humanist conventions of the human based on reason and rationality destabilizing prevailing gender and sexual politics ethical responsibilities and affective economies As these essays make clear Munro's fiction reminds us of the consequences of everyday affects and the extraordinary ordinariness of the ethical encounters we engage again and again
