Something Drastic:

Something's Fishy Ted Williams, 2007-10 Well known nature and conservation writer Ted Williams is an avid fisherman who has devoted many years to writing about the sport and advocating the preservation of bodies of water and species of fish Here he brings together his love of angling with his profound sense of responsibility for the environment Most of the work in this anthology is adapted from articles originally published in Audubon and Fly Rod bonefishing on South Andros Island in the Bahamas and tuna fishing off the coast of Massachusetts Williams passion and commitment will inspire fishermen everywhere Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home , **Blink, She's Bleeding** Rachel K. Olson, 2012-10-22 Viola I m sorry but I had to leave I don t expect you to forgive me but I hope you ll find it in your heart to try Your mother is alive Everyone says she is dead but she s out there And I have to find her I can t sit around another minute knowing that she and I can be together I ll be back someday I ll be back and Eclipse will be with me We ll be a family again I have made arrangements for you You ll be living with Regis until I get back I am giving everything to you All of my art all of my money everything I have Until I see you I love you Love Dad The Digital Coloniality of Power Alexander I. Stigl, 2015-12-16 Trouble is afoot in Digital Culture and Nerdland These are Alexander I Stigl claims not the engine of freedom and democracy that they once were hailed to be this much is already clear in the wake of the snooping and surveillance crises that broke in recent years Digitalization is but another version of the coloniality of power and being that has been at work for decades and centuries He poses the question whether Digital Age possess the legitimacy that digitalization has claimed His response is critically realistic but he doesn t stop at a critique for criticism s sake Inspired by the ideas of decolonial scholars feminist science studies current biological and neuro cognitive research and sociologists capable of reflection and self criticism Stigl attempts to break the canvas of sociology and show that adding a third and decolonial dimension to the two dimensional sociological imagination is indeed possible He illustrates that it is possible that class rooms free speech on internet and the inequalities in the production and distribution of a new form of social capital digital cultural health care capital can be subjected to a decolonial perspective along a sociological line of inquiry if sociologists allow for relations with other disciplines and scholarship to be integrative conversations The goal of this book is not to offer results or closed arguments but to create instead platforms for thinking further opening new lines of inquiry and to argue that it is not enough to identify problems or to attempt solve the problems with politics or best practice solutions Instead he proposes we must learn to identify and make use of the opportunities that

are produced by any problem Stingl's conclusion is in short that a sociology that takes the decolonial challenge and critique seriously can not be a sociological sub discipline or a sociology of a problem but it must be a sociology of opportunities

Tarot Card Meanings Kevin Hunter, 2016-11-16 *Tarot Card Meanings* is an encyclopedia reference guide that takes the Tarot apprentice reader through each of the 78 Tarot Cards offering the potential general meanings and interpretations that could be applied when conducting a reading whether it be spiritual love general or work related questions Many novices struggle with reading the Tarot as they want to know what a card can mean in their readings They grow stuck staring at several cards sitting side by side having no idea what it could be telling them The *Tarot Card Meanings* book can assist by pointing you in the general direction of where to look It will not give you the ultimate answers and should not be taken verbatim as that is up to you as the reader to come to that conclusion The more you practice read and study the Tarot then the better you become *Tarot Card Meanings* avoids diving into the Tarot history or card spreads and symbolism but instead focuses solely on the potential meanings of a card in a reading This is by giving you a structure to jump off of but it is up to you to take that energy and add the additional layers to your reading while trusting your higher self intuition instincts and Spirit team's guidance and messages Author Kevin Hunter is a lifelong clairaudient and claircognizant who has written more than a dozen spiritually based empowerment books that have assisted readers around the world in improving their well being while also helping them become stronger conduits with Spirit Heaven and the Other Side Anything included in the *Tarot Card Meanings* book is an overview and not intended to be gospel It is merely one suggested version of the potential meanings of each of the 78 Tarot cards in a reading This is an easy to understand manual for the Tarot novice that is having trouble interpreting cards for themselves or a Tarot reader who loves the craft and is looking for a refresher or another point of view NOTE The *Tarot Card Meanings* book does not include a Tarot deck
