barb and bauble bitter and unbearably sweet Sarah Blackman spins the threads of stories where everything is probable and nothing is constant The stories in *Mother Box and Other Tales* occur in an in between world of outlandish possibility that has become irrefutable reality a woman gives birth to seven babies and realizes at one of their weddings that they were foxes all along a girl with irritating social quirks has been raised literally by cardboard boxes a young woman throws a dinner party only to have her elaborate dessert upstaged by one of the guests who as it turns out is the moon Love between mothers and children is a puzzling thrum that sounds at the very edge of hearing a muted pulse that nevertheless beats and beats and beats In these tales the prosaic details of everyday life a half eaten sandwich an unopened pack of letters on a table take on fevered significance as the characters blunder into revelations that occlude even as they unfold **The Chasseur**

D'Afrique, and Other Tales Hugh Mulleneux Walmsley,1864 Something Red Douglas Nicholas,2013-06-18 During the thirteenth century in northwest England in one of the coldest winters in living memory a formidable middle aged Irishwoman and her little troupe are trying to drive their three wagons across the Pennines before the heavy snows set in Molly her powerful and enigmatic lover Jack her fey granddaughter Nemain and the young apprentice Hob soon find that something terrible prowls the woods through which they must make their way As they travel from refuge to refuge it becomes apparent that the evil must be faced and it is then that Hob learns how much more there is to his adopted family than he had ever imagined **The Hare Gets Married and Other Tales** Victoria Mushaba Chimhutu,2016-11-01 This book is inspired by folktales that my grandmother narrated to me when I was a child Growing up in rural Zimbabwe we would sit around the fire in our mud hut after dinner and listen to my grandmothers storytelling long into the night This book is a collection of different folktales that happened a long time ago somewhere deep in the forests of Zimbabwe The folktales sometimes feature some interaction between and among animals and sometimes a combination of animals and humans The folktales are didactic in nature thus they often end up depicting important life lessons Skoot Smells Something Funny Kay Perry Durbin,2019-03-15 Life for Skoot is a little lonely in the urban forest After all who wants to be friends with a skunk But one morning Skoot awakens to smell something funny He sets off on a surprising journey that leads him to someone who wants to be his friend Follow Skoot s journey through the urban forest to meet opossums raccoons snakes and a few two legged creatures living in his neighborhood In this humorous tale of the urban woods you will learn some interesting facts about the creatures living here with us You never know what might happen if you just follow your nose *Beyond the Forest's Edge,*

Cappawhite II Gerald J. Tate,2010-10 The second book in the Cappawhite trilogy These stories tell of the horrifying events which befall the residents of Cappawhite a small village in Ireland when a demon is unwittingly unveiled lurking in an isolated house at the edge of the forest The events of this second story unfold in a cemetery in Los Angeles some thirty five years after the first frightening events ended in Cappawhite then returns to the forests outside Cappawhite A small band led by Dan Winters formulates a plan to take on a grieving supernatural being which lurks in the forest of Cappawhite A creature

of such power that even the military cannot stop it This is a story of self sacrifice and love and a determination to fight the evil that engulfs them even though the odds seem impossible to overcome Two Evenings in Saramaka Richard Price, Sally Price, 1991-05-07 Set in the more general context of tale telling by the descendants of Africans throughout the Americas and of recent scholarship in performance studies these Saramaka tales are presented as a dramatic script With the help of nearly forty photographs readers become familiar not only with the characters in folktale land but also with the men and women who so imaginatively bring them to life And because music complements narration in Saramaka just as it does elsewhere in Afro America more than fifty songs are presented here in musical notation
