America, History and Life, 1998 Article abstracts and citations of reviews and dissertations covering the United States and Canada **Early Danish Pioneers: Southern Arizona Territorial Days** Avis Evelyn Knudsen Jorgenson, 2012-10-01 Early Danish Pioneers Southern Arizona Territorial Days is an account of the Viking spirit that brought many Danes who were miners soldiers ranchers business men railroaders and community builders to southern Arizona Their hard scrabble living is riveting and their trials of trekking over this unforgiving terrain of the Sonoran Desert Researchers geneologists and historians find these stories provide a vivid picture of the Wild West **A Companion to American Fiction, 1780 - 1865** Shirley Samuels, 2008-04-15 This Companion presents the current state of criticism in the field of American fiction from the earliest declarations of nationhood to secession and civil war Draws heavily on historical and cultural contexts in its consideration of American fiction Relates the fiction of the period to conflicts about territory and sovereignty and to issues of gender race ethnicity and identity Covers different forms of fiction including children's literature sketches polemical pieces historical romances Gothic novels and novels of exploration Considers both canonical and lesser known authors including James Fennimore Cooper Hannah Foster Nathaniel Hawthorne Herman Melville and Harriet Beecher Stowe Treats neglected topics such as the Western novel science and the novel and American fiction in languages other than English **The Kennedy Family and the Story of Mental Retardation** Edward Shorter, 2000 According to Edward Shorter just forty years ago the institutions housing people with mental retardation MR had become a national scandal The mentally retarded who lived at home were largely isolated and a source of family shame Although some social stigma still attaches to the people with developmental disabilities a range of conditions including what until recently was called mental retardation they now

actively participate in our society and are entitled by law to educational social and medical services The immense improvement in their daily lives and life chances came about in no small part because affected families mobilized for change but also because the Kennedy family made mental retardation its single great cause Long a generous benefactor of MR related organizations Joseph P Kennedy made MR the special charitable interest of the family foundation he set up in the 1950s Although he gave all of his children official roles he involved his daughter Eunice in performing its actual work identifying appropriate recipients of awards and organizing the foundation s activities With unique access to family and foundation papers Shorter brings to light the Kennedy family s strong commitment to public service showing that Rose and Joe taught their children by precept and example that their wealth and status obligated them to perform good works Their parents expected each of them to apply their considerable energies to making a difference Eunice Kennedy Shriver took up that charge and focused her organizational and rhetorical talents on putting MR on the federal policy agenda As a sister of the President of the United States she had access to the most powerful people in the country and drew their attention to the desperate situation of families affected by mental retardation Her efforts made an enormous difference resulting in unprecedented public attention to MR and new approaches to coordinating medical and social services Along with her husband R Sargent Shriver she made the Special Olympics a international annual event in order to encourage people with mental retardation to develop their skills and discover the joy of achievement She emerges from these pages as a remarkable and dedicated advocate for people with developmental disabilities Shorter s account of mental retardation presents an unfamiliar view of the Kennedy family and adds a significant chapter to the history of disability in this country Author note Edward Shorter is a Professor at the University of Toronto where he holds the Hannah Chair in the History of Medicine He is the author of *A History of Psychiatry from the Era of the Asylum to the Age of Prozac* as well as many other books in the fields of history and medicine

from Quinnipiac to the Black River County Arthur Coon Ives,1932 *A Most Extraordinary, Everyday Family Story of Coming to the New World, 1660 - 2016* Clyde R. Forsberg Jr.,2018-10-26 What is the American Dream truly This American social cultural and working class family history spanning some four centuries represents a deeply personal quest for an answer from an unlikely source namely the author s own European progenitors Because of their Mormon faith their stories have been preserved but not told What they have to say about the American Dream is noteworthy For the huge bulk of the author s immediate family their American Dream was not the American Dream their reports and narratives in principle stand well outside the fantastic story of liberty and justice for all in the land of the brave Indeed their economic fortunes or lack thereof did not conform to the pattern and most failed to go from being the vanquished of Europe to the victorious of America For their trouble and largely because of their Mormonism they were cast in the role of America s Caliban Their American Dream may have been only to wake up from what quickly became a nightmare especially for the scores of women and children who paid the ultimate price Importantly *A Most Extraordinary Everyday Family Story of Coming to the New World 1660 2016* is a cautionary tale in an auto ethnographical vein and suggests that coming to the United States of America was often not worth such sacrifice
