John Guare Jane K. Curry, 2002-07-30 Best known for his plays *Six Degrees of Separation* and *The House of Blue Leaves*, John Guare is a major figure in the contemporary American theater. Other notable works by Guare include *Bosoms and Neglect*, *Landscape of the Body*, and the *Lydie Breeze* series. His career began with off-off-Broadway experimentation in the sixties and continues through the present. In that time, Guare has created many imaginative, eccentric plays that reflect the chaos, violence, and loneliness of life in our time. He frequently combines outrageous farce with painfully serious subject matter. This sourcebook is both a convenient reference and a resource for further investigation of Guare's works. The volume chronicles his achievements with a chronology and biographical essay. It also includes summaries of his published and unpublished plays, overviews of the critical reception of each work, production credits, a primary bibliography of dramatic and nondramatic writings, and extensive annotated bibliographies of reviews and other secondary material.

Edward Albee Barbara L. Horn, 2003-12-30 This volume documents the life and works of the acclaimed playwright Edward Albee. His first four plays were all produced Off Broadway from 1960-1961, creating buzz that he was an up-and-coming avant-garde playwright. But his most notable accomplishment came a year later with his first full-length play, *Who's Afraid of Virginia Woolf?* His plays were linked with the philosophies of the European absurdist, Beckett, and Ionesco, and the American traditional social criticism of Arthur Miller, Tennessee Williams, and Eugene O'Neill. Intended to serve as a quick reference guide and an exhaustive resource, this collection includes play synopses and critical overviews, production histories, and credits and locator suggestions on unpublished archival material and lists of texts, anthologies, and other materials that have

published Albee's material. The two secondary bibliographies contained within are fully annotated chronologically and alphabetically with the year of publication presenting a fuller sense of Albee's playwriting career. **Codifying the National Self** Bárbara Ozieblo, María Dolores Narbona-Carrión, 2006. Theater has always been the site of visionary hopes for a reformed national future and a space for propagating ideas both cultural and political and such a conceptualization of the histrionic art is all the more valuable in the post 9/11 era. The essays in this volume address the concept of Americanness and the perceptions of the alien as ethnic class or gendered minorities as dealt with in the work of American playwrights from Anna Cora Mowatt through Rachel Crothers or Susan Glaspell and on to Sam Shepard, David Mamet, Nilo Cruz or Wallace Shawn. The authors of the essays come from a multi-national university background that includes the United States, the United Arab Emirates and various countries of the European Community. In recognition of the multiple components of drama, the essays for the volume were selected in order to exemplify different aspects and theories of theater studies: the playwright, the play, the audience and the actor are all examined as part of the theatrical experience that serves to formulate American national identity. **Susan Glaspell's Poetics and Politics of Rebellion** Emeline Jouve, 2017-07. Analyzing plays from the early *Trifles* (1916) through *Springs Eternal* (1943) and the undated incomplete *Wings*, author Emeline Jouve illustrates the way that Susan Glaspell's dramas addressed issues of sexism, the impact of World War I on American values and the relationship between individuals and their communities among other concerns. Jouve argues that Glaspell turns the playhouse into a courthouse, putting the hypocrisy of American democracy on trial. A must for students of Glaspell and her contemporaries as well as scholars of American theatre and literature of the first half of the twentieth century. **The Continuum Companion to Twentieth Century Theatre** Colin Chambers, 2006-05-14. International in scope, this book is designed to be the pre-eminent reference work on the English-speaking theatre in the twentieth century. In this unprecedented fascinating book which covers women in theatre from the 1910s to the 2010s, author Lynne Greeley notes that for the purposes of this study, feminism is defined as the political impulse toward economic and social empowerment for females or the female-identified position perceived by many feminists as oppositional to ideas of femininity that they see as personally and politically constraining and that femininity comprises social behaviors and practices that mean as many different things as there are women, some of which are empowering and others of which are not. This book illuminates how throughout the twentieth century and into the twenty

first playwrights and artists in American theatre both embodied and disrupted the feminine of their times Through approaches as wide ranging as performing their own recipes energizing silences raging against war and rape and inviting the public to inscribe their naked bodies theatre artists have used performance as a site to insert themselves between the physicality of their female presence and the liminality of their disrupting the role of the feminine Capturing that place of liminality a neither here nor there place that is often unsafe where the established order is overturned by acts as banal as raising a plant women have written and performed and disrupted their way through one hundred years of theatre history even within the constraints of a variably rigid and usually unsympathetic social order Creating a feminist femininity they have reinscribed their place in the culture and provided models for their audiences to do the same This comprehensive tome part of the Cambria Contemporary Global Performing Arts headed by John Clum Duke University is an essential addition for theater studies and women s studies

Expressionism and Modernism in the American Theatre Julia A.

Walker,2005-06-30 Although often dismissed as a minor offshoot of the better known German movement expressionism on the American stage represents a critical phase in the development of American dramatic modernism Situating expressionism within the context of early twentieth century American culture Walker demonstrates how playwrights who wrote in this mode were responding both to new communications technologies and to the perceived threat they posed to the embodied act of meaning At a time when mute bodies gesticulated on the silver screen ghostly voices emanated from tin horns and inked words stamped out the personality of the hand that composed them expressionist playwrights began to represent these new cultural experiences by disarticulating the theatrical languages of bodies voices and words In doing so they not only innovated a new dramatic form but redefined playwriting from a theatrical craft to a literary art form heralding the birth of American dramatic modernism
